

Non-batch adjusted level of 4-hydroxyphenylacetic acid

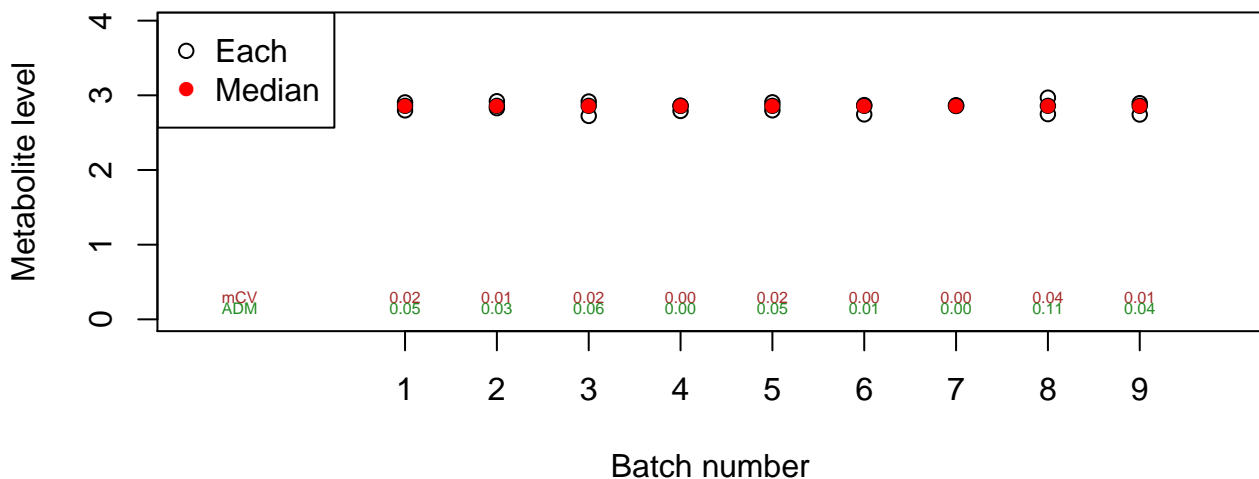

Batch adjusted level of 4-hydroxyphenylacetic acid

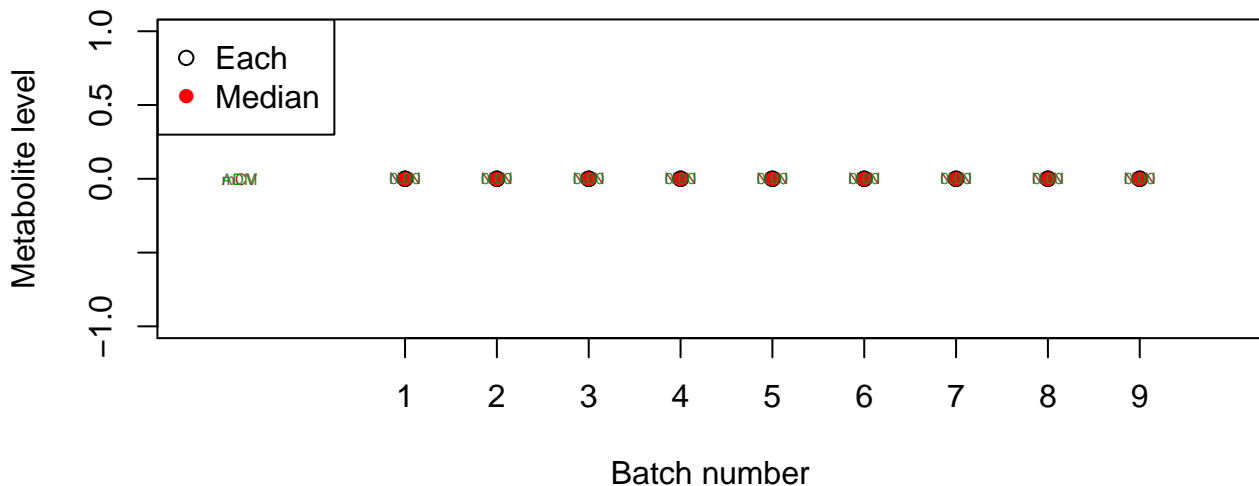

Non-batch adjusted level of 2Et 3OH Propionate

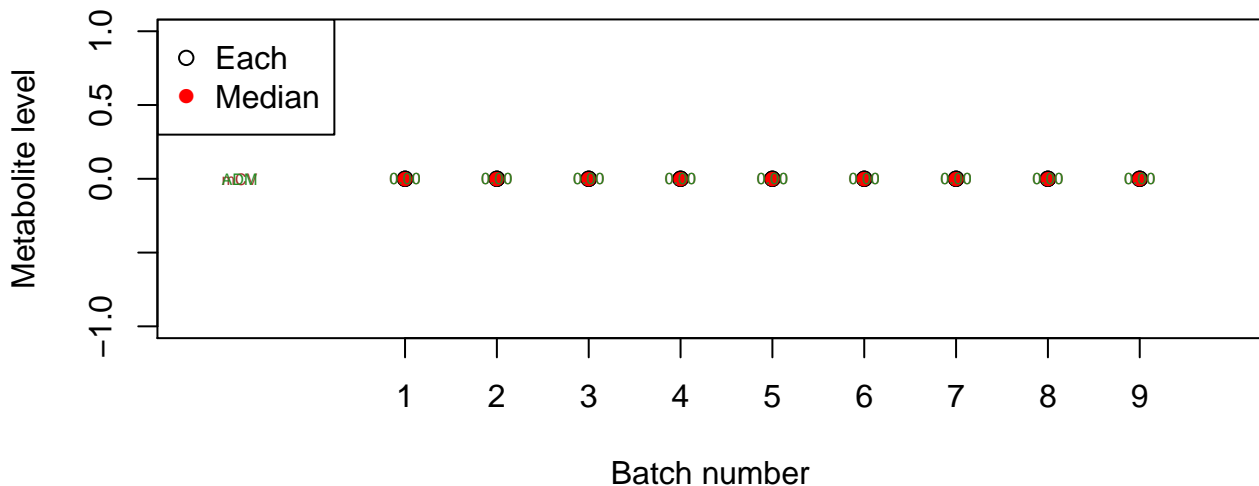

Batch adjusted level of 2Et 3OH Propionate

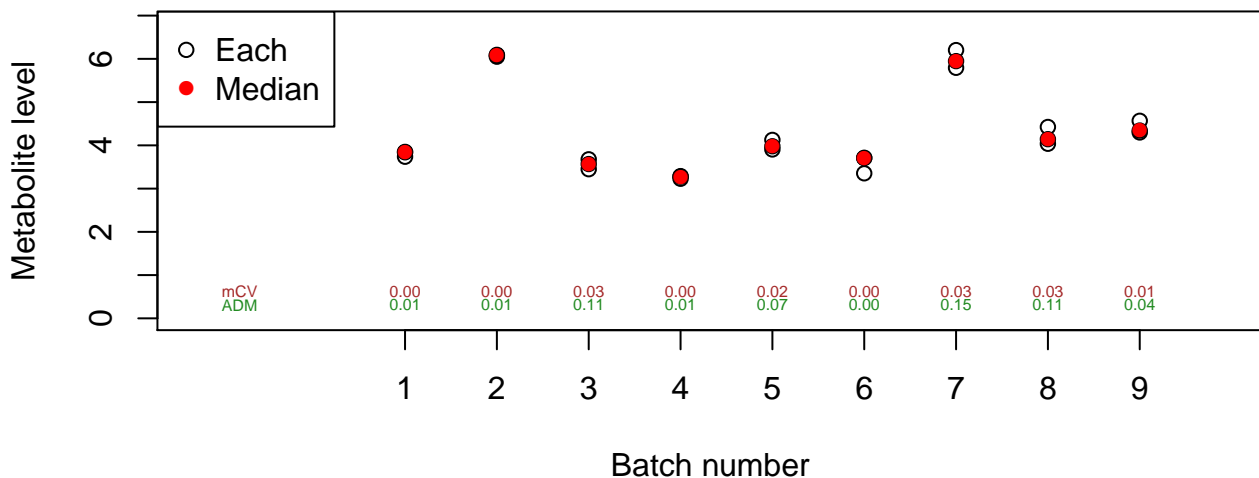

Non-batch adjusted level of 2-Hydroxy Butyrate

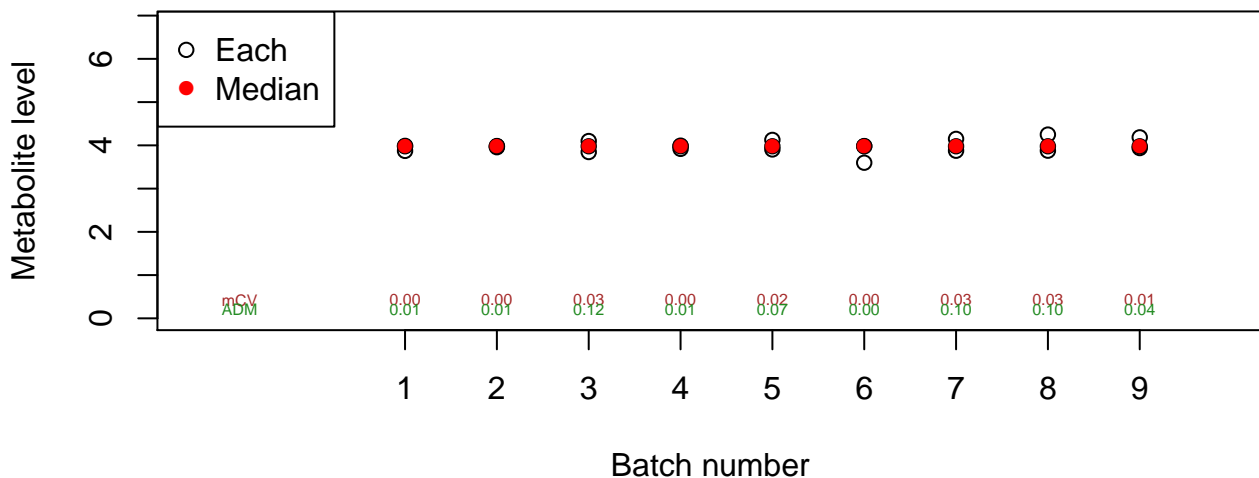

Batch adjusted level of 2-Hydroxy Butyrate

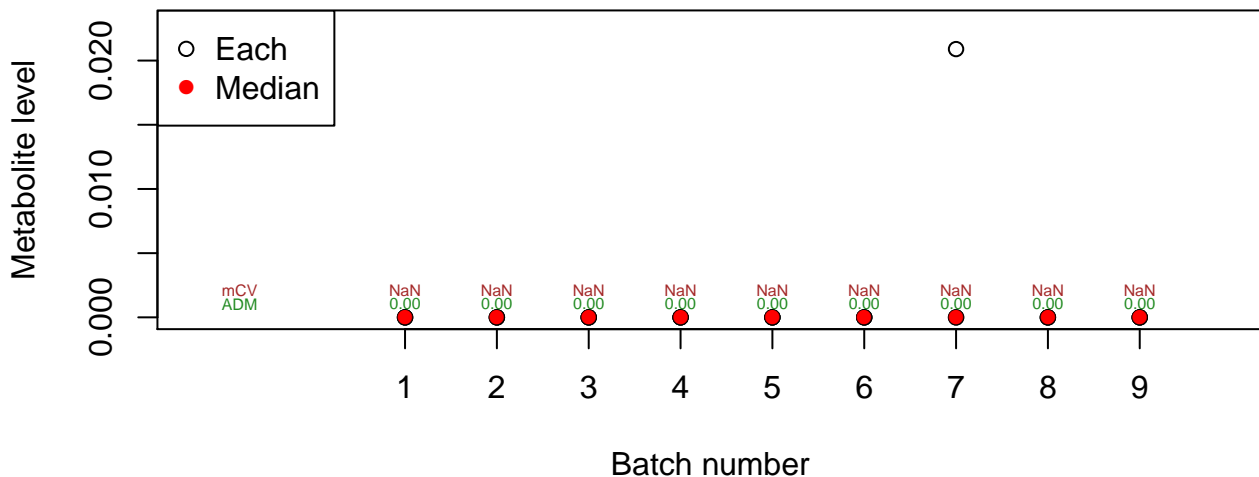

Non-batch adjusted level of 2-hydroxyglutaric Acid

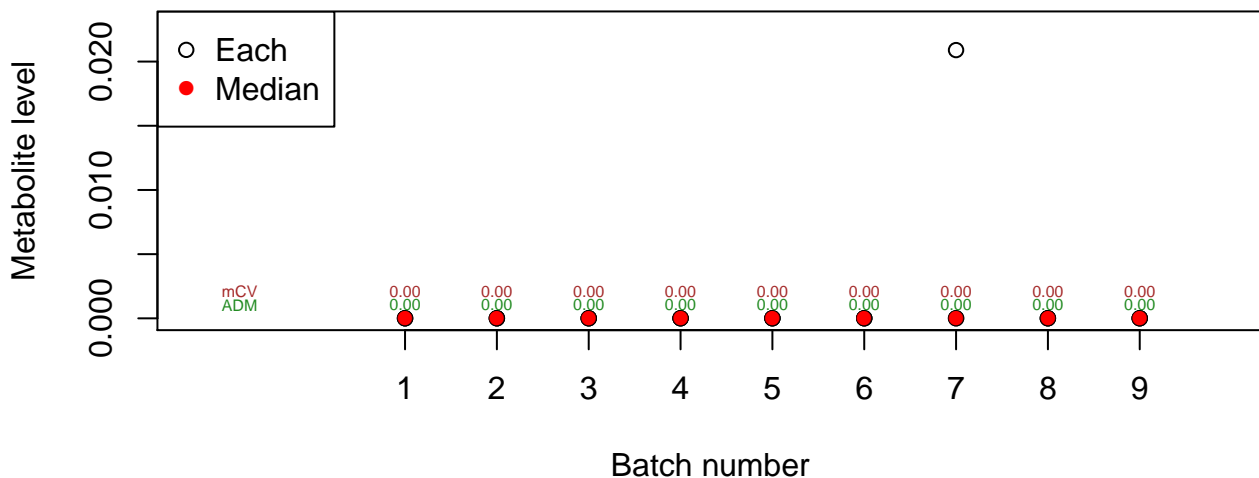

Batch adjusted level of 2-hydroxyglutaric Acid

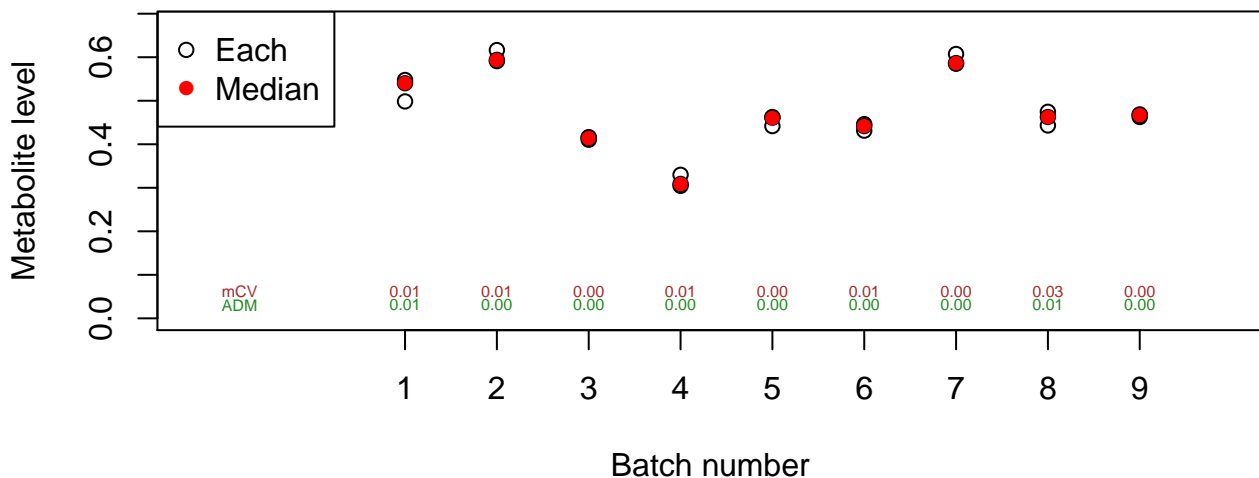

Non-batch adjusted level of 2-hydroxyisovaleric

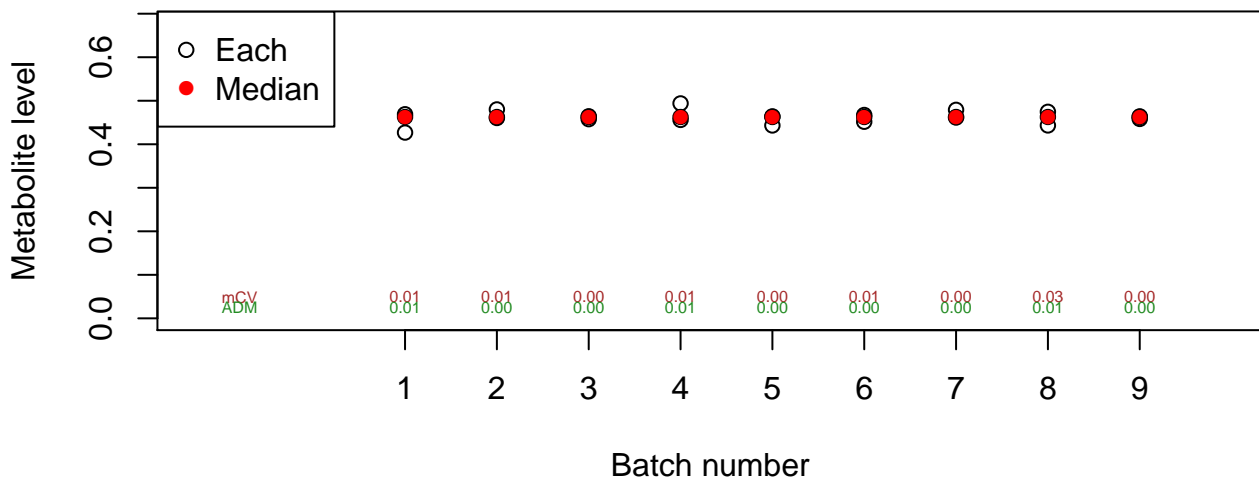

Batch adjusted level of 2-hydroxyisovaleric

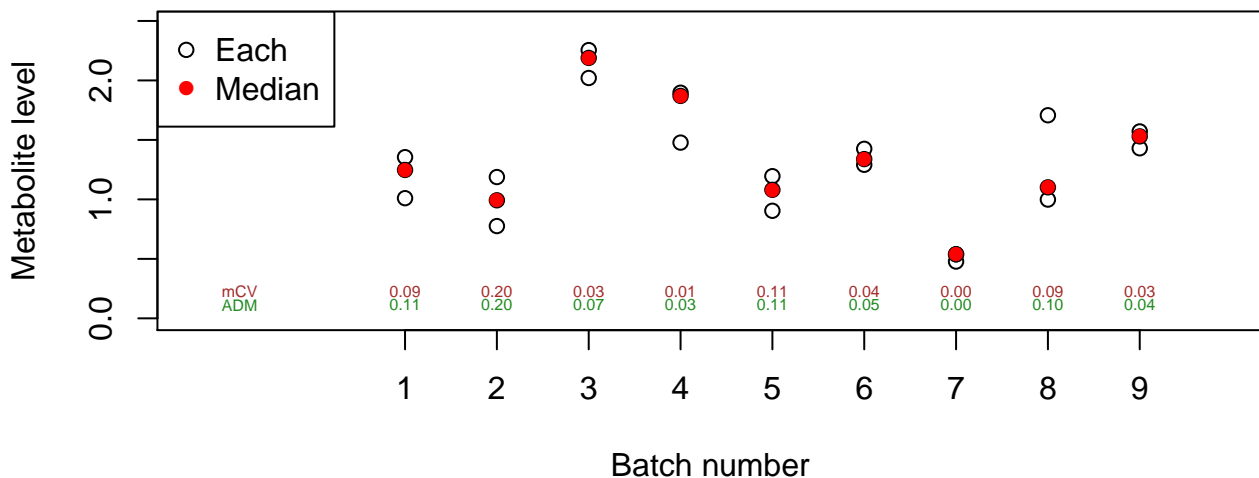

Non-batch adjusted level of 2-hydroxyphenylacetic Acid

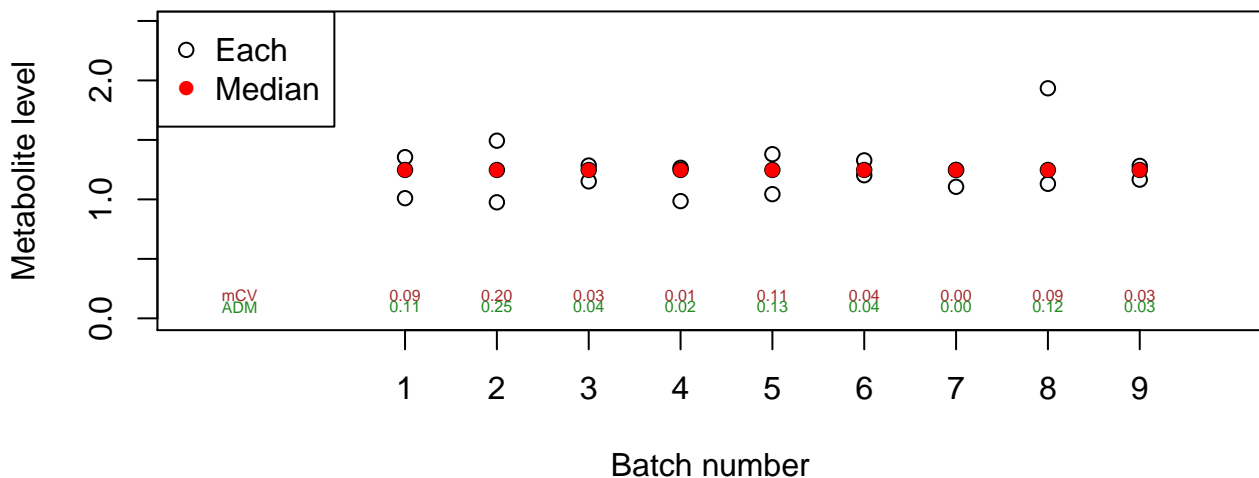

Batch adjusted level of 2-hydroxyphenylacetic Acid

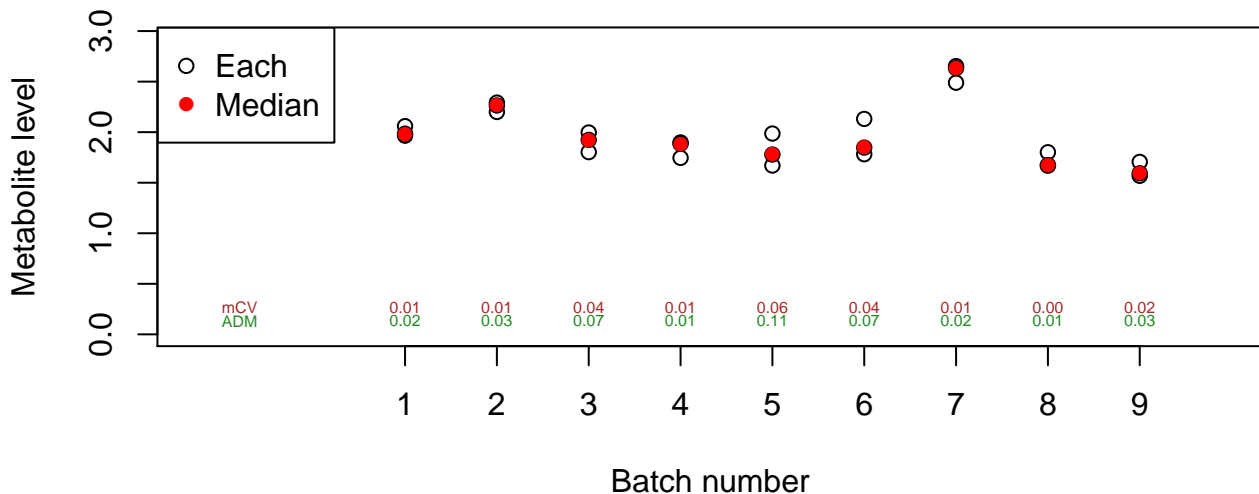

Non-batch adjusted level of 2-ketoglutaric Acid

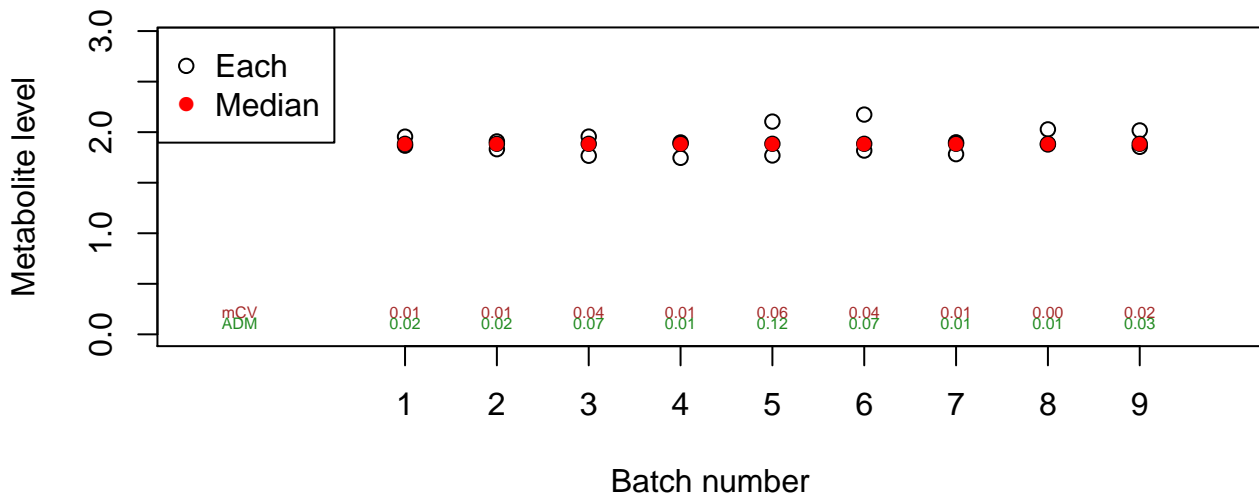

Batch adjusted level of 2-ketoglutaric Acid

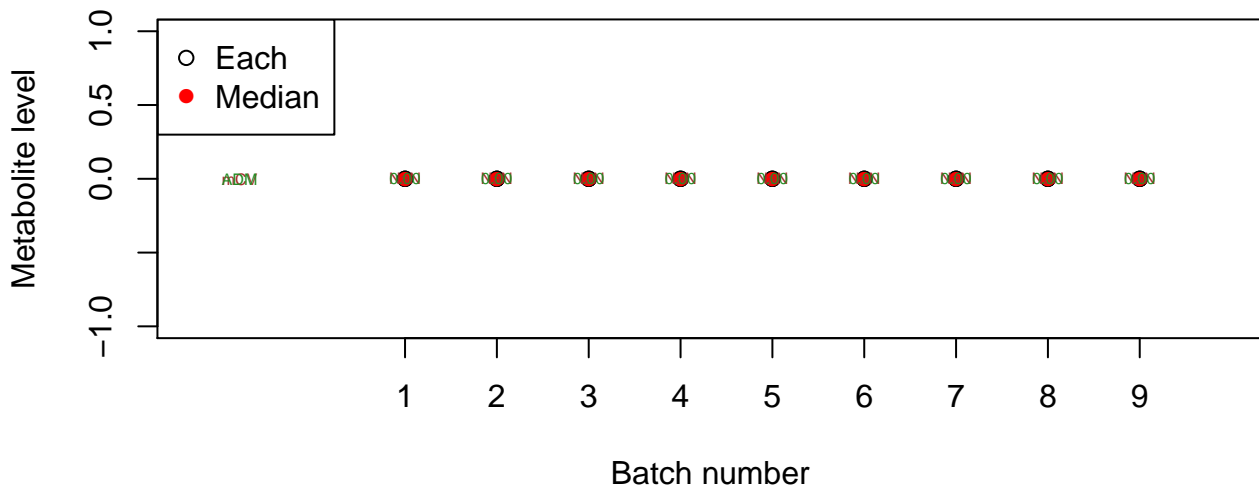

Non-batch adjusted level of 2Me3OH Butyric acid

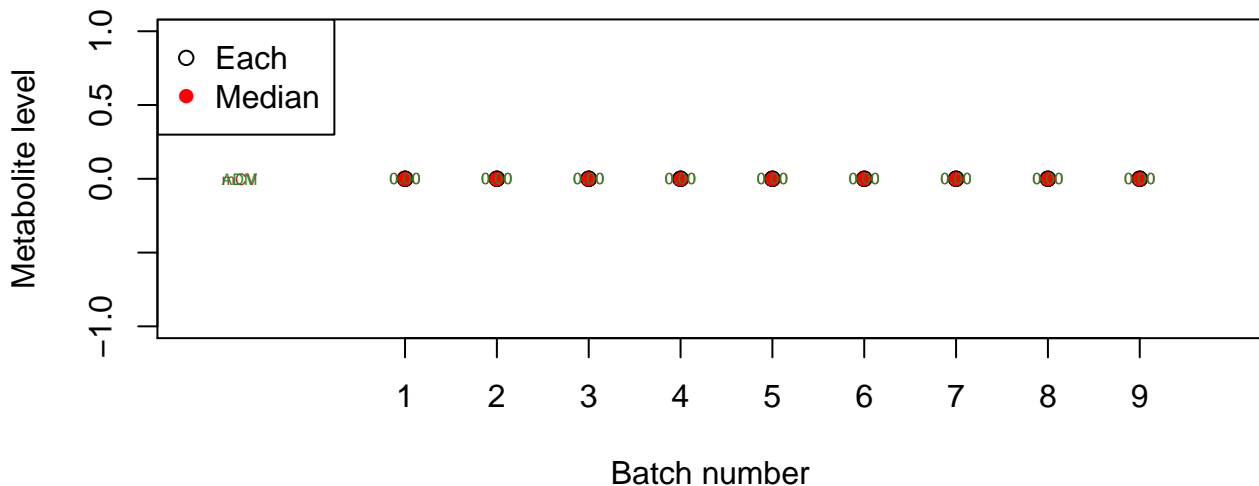

Batch adjusted level of 2Me3OH Butyric acid

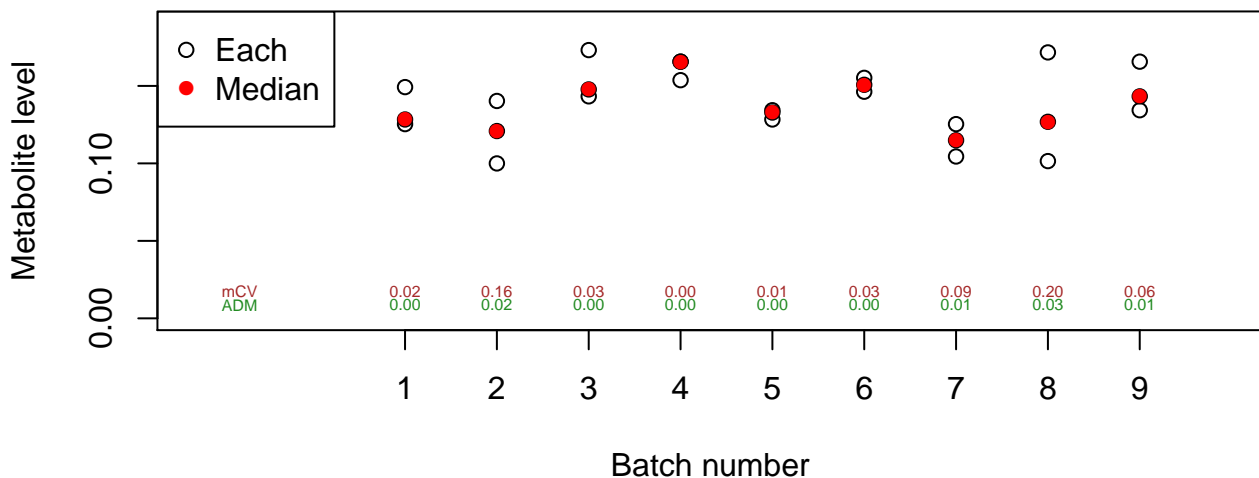

Non-batch adjusted level of 2OH Isocaproic acid

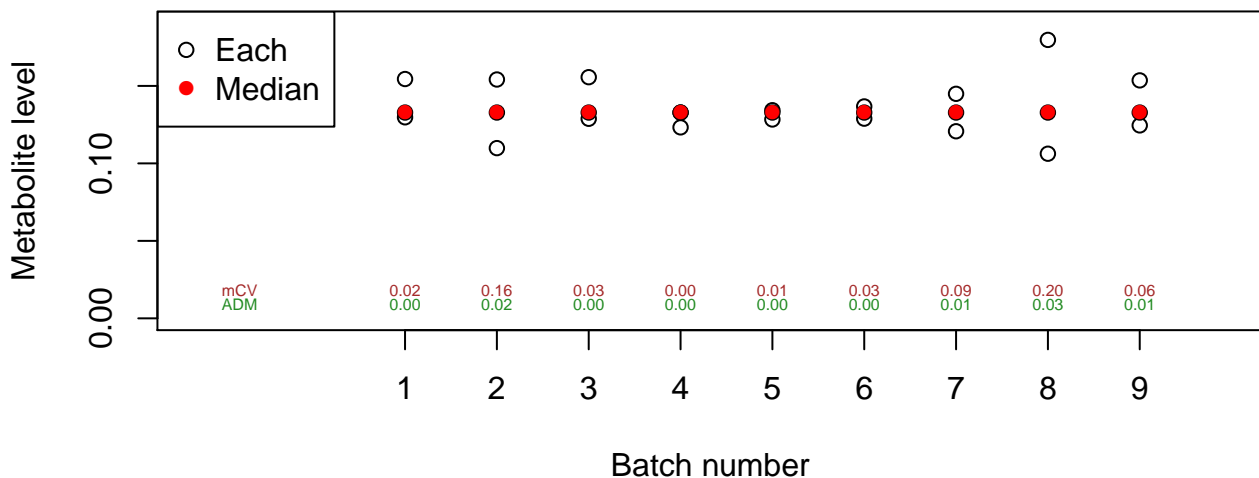

Batch adjusted level of 2OH Isocaproic acid

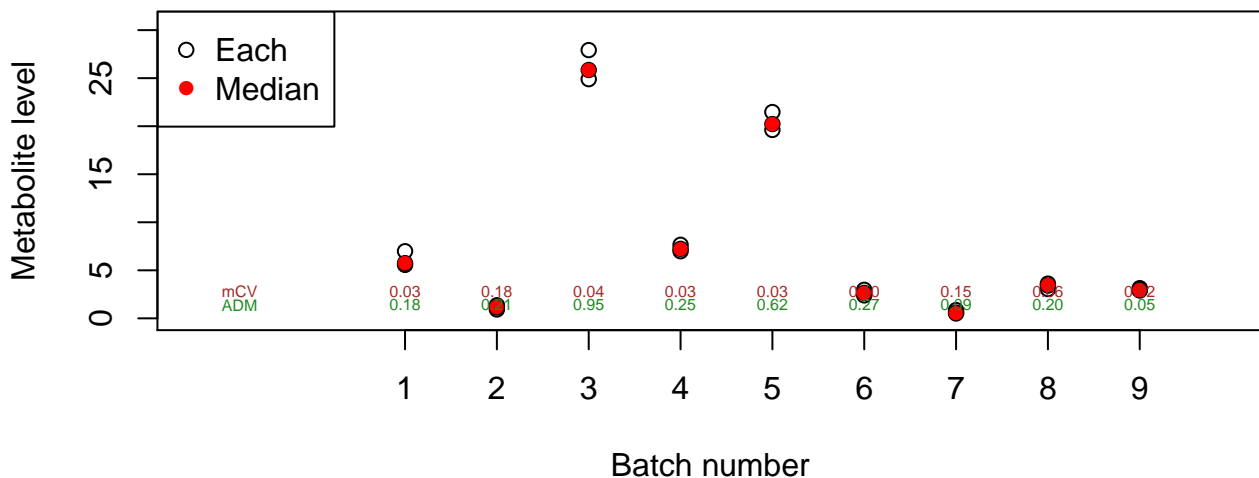

Non-batch adjusted level of 2oxo3Me Butyric acid

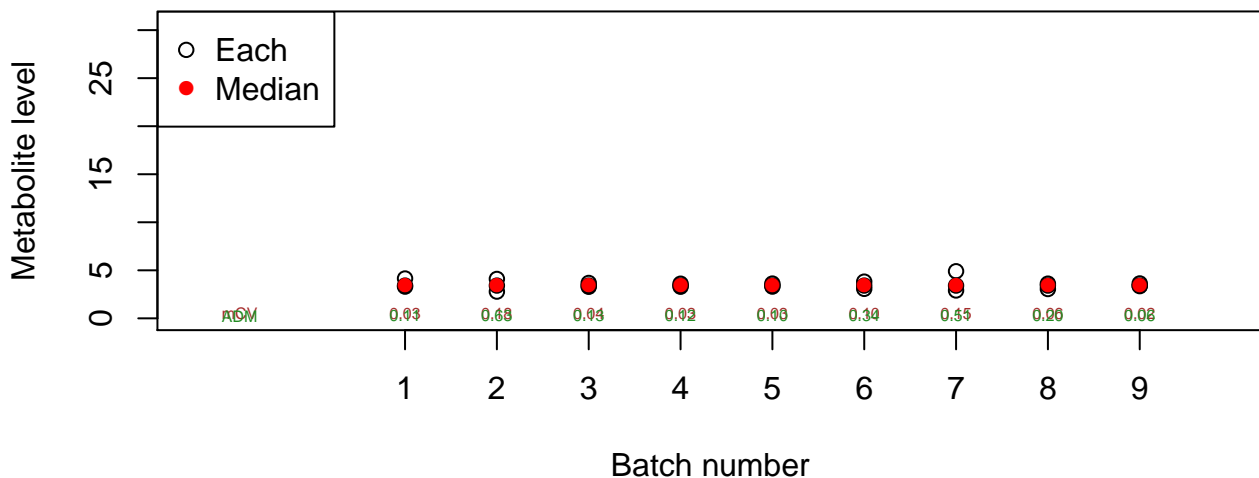

Batch adjusted level of 2oxo3Me Butyric acid

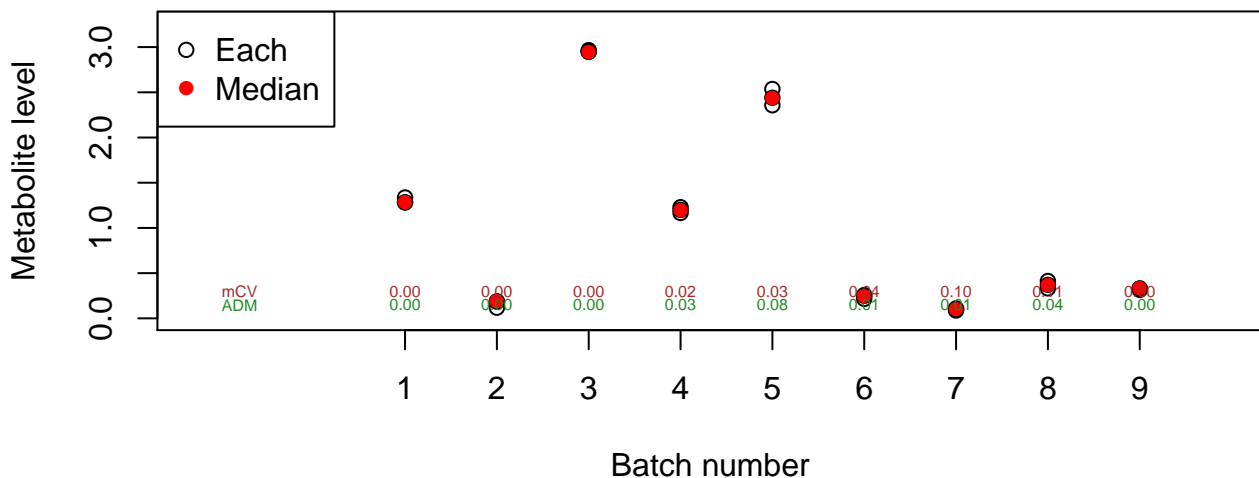

Non-batch adjusted level of 2oxo3Me Valeric acid

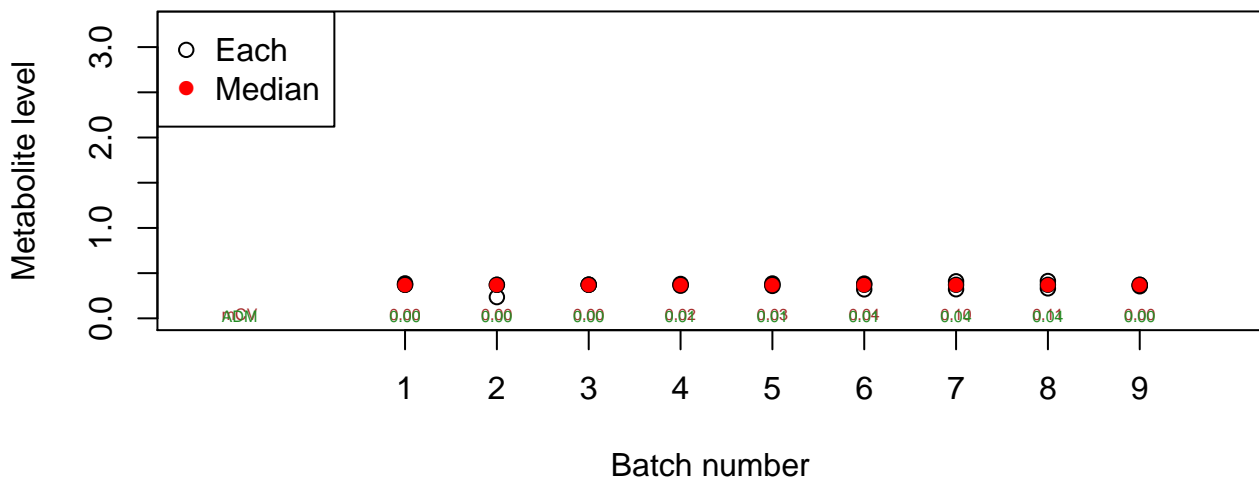

Batch adjusted level of 2oxo3Me Valeric acid

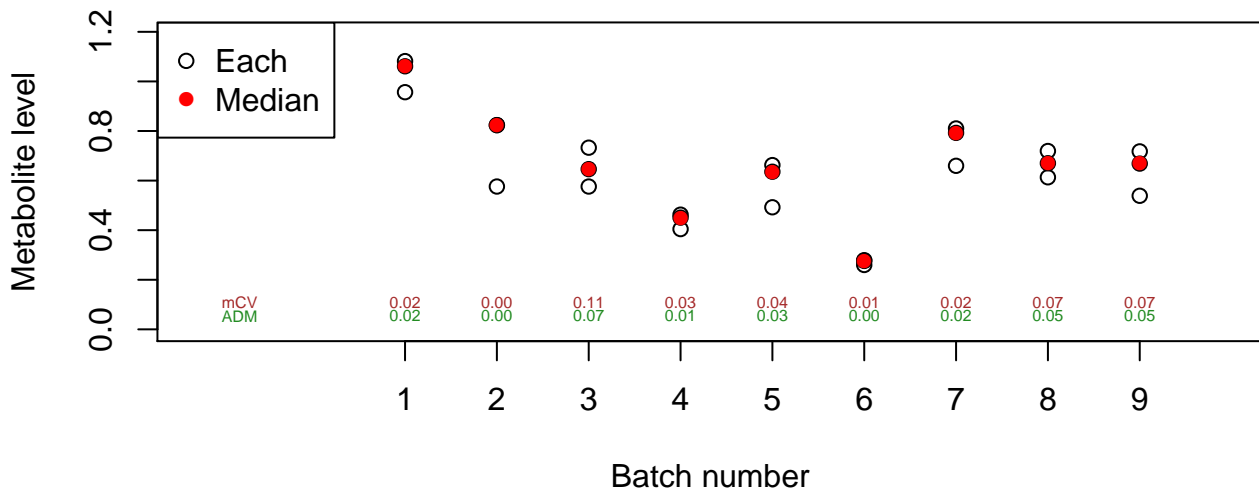

Non-batch adjusted level of 2oxo4 Me valeric acid

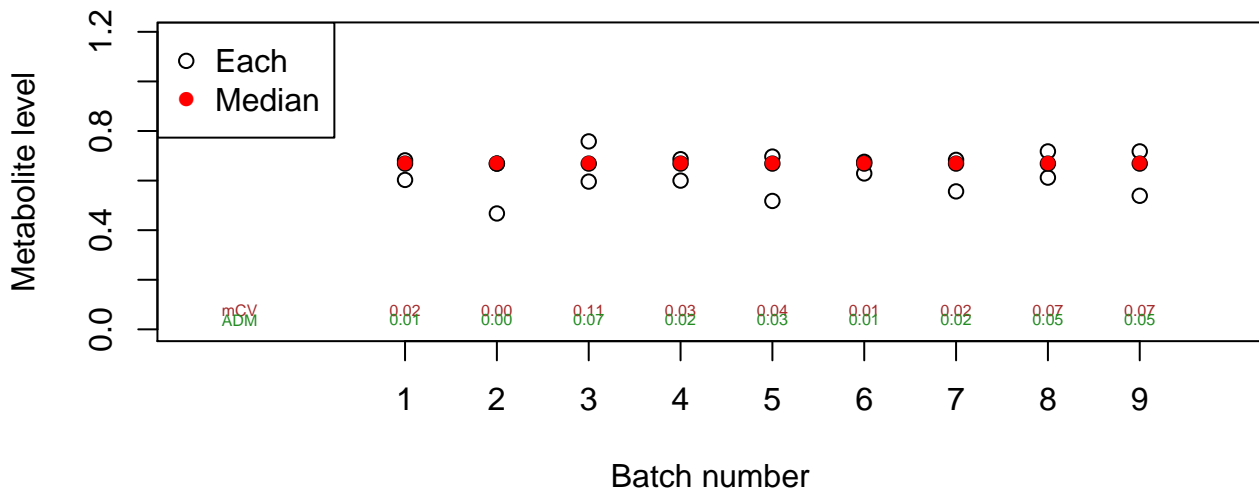

Batch adjusted level of 2oxo4 Me valeric acid

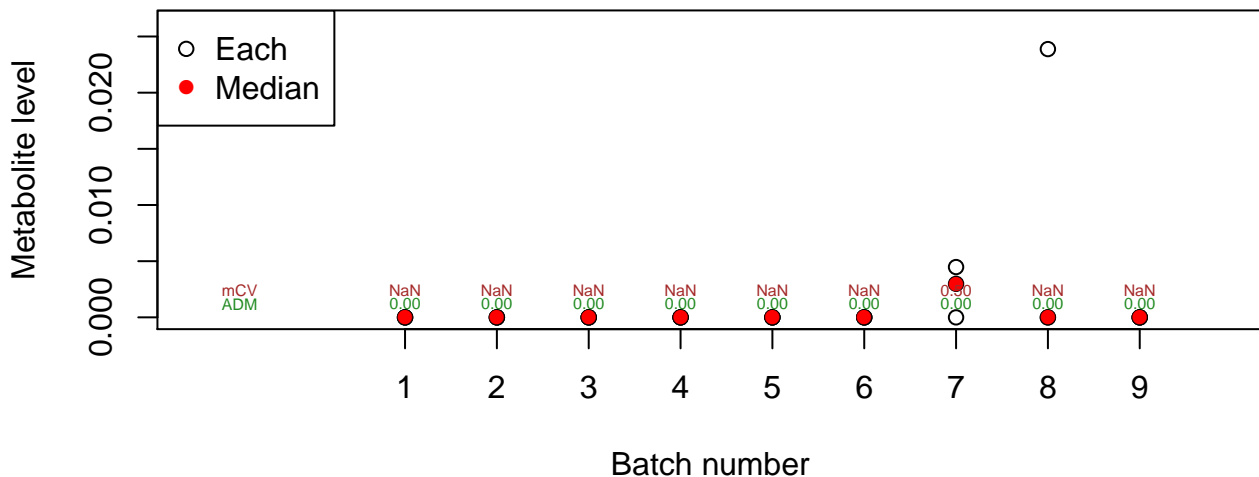

Non-batch adjusted level of 2oxobutyric acid

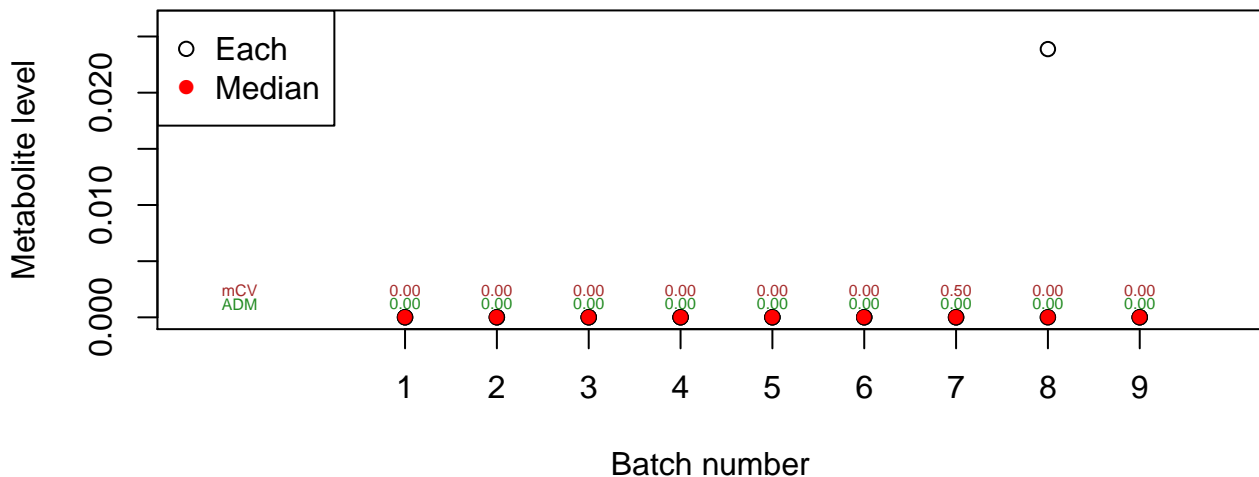

Batch adjusted level of 2oxobutyric acid

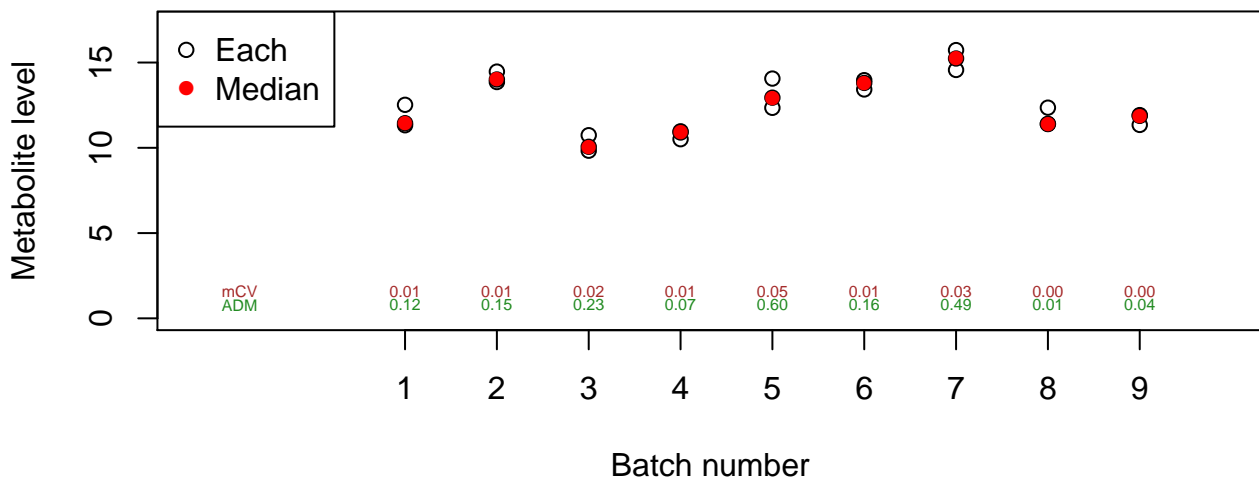

Non-batch adjusted level of 2-Phenylbutyric acid

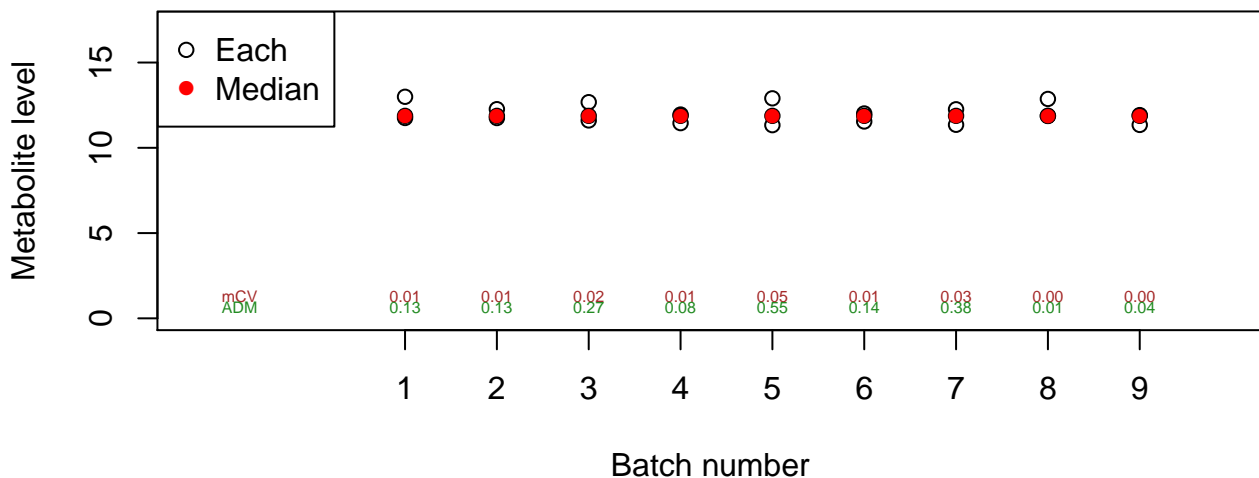

Batch adjusted level of 2-Phenylbutyric acid

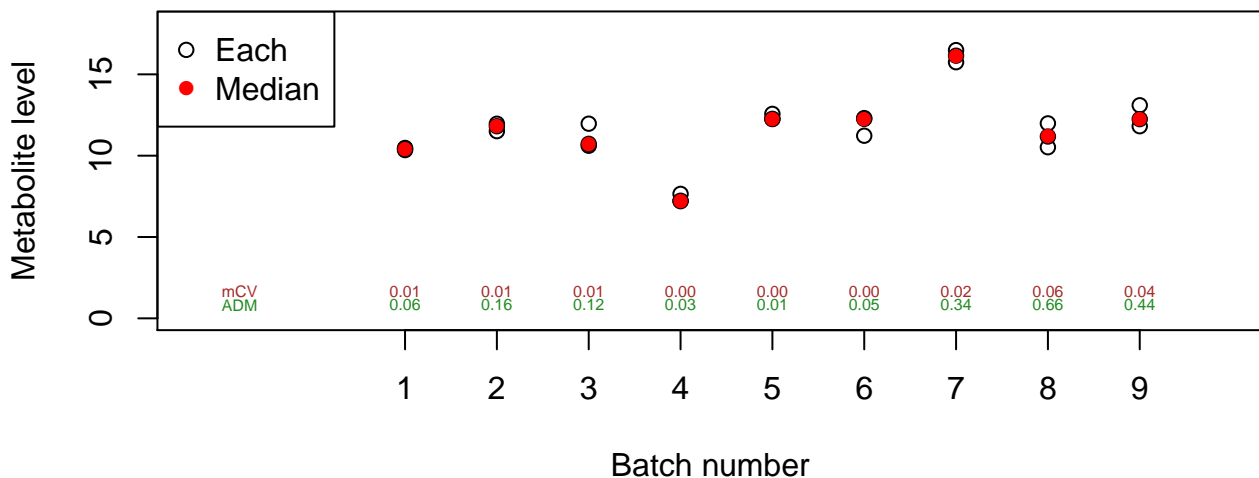

Non-batch adjusted level of 3-Hydroxy Isobutyrate

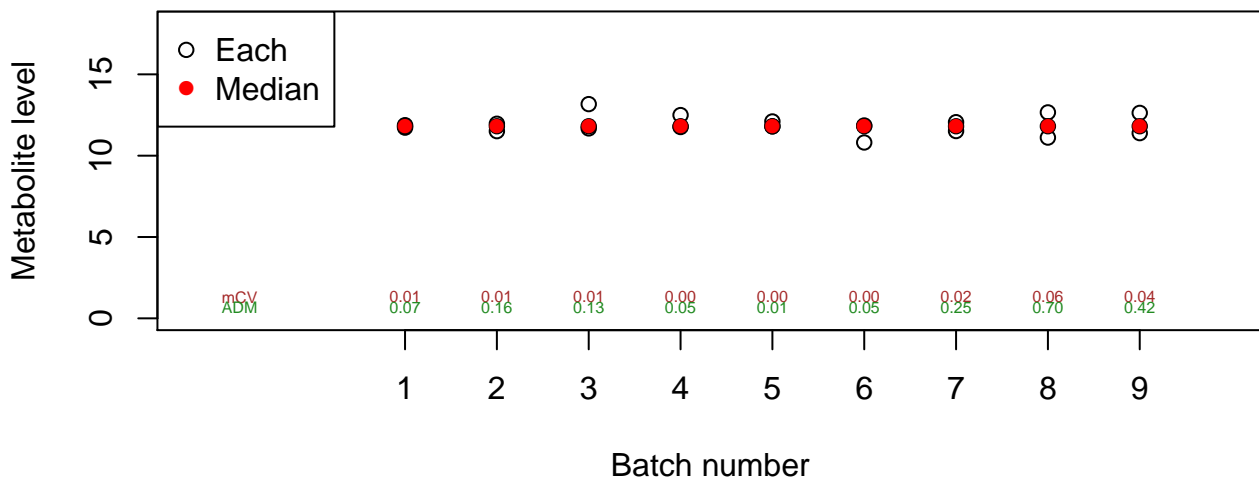

Batch adjusted level of 3-Hydroxy Isobutyrate

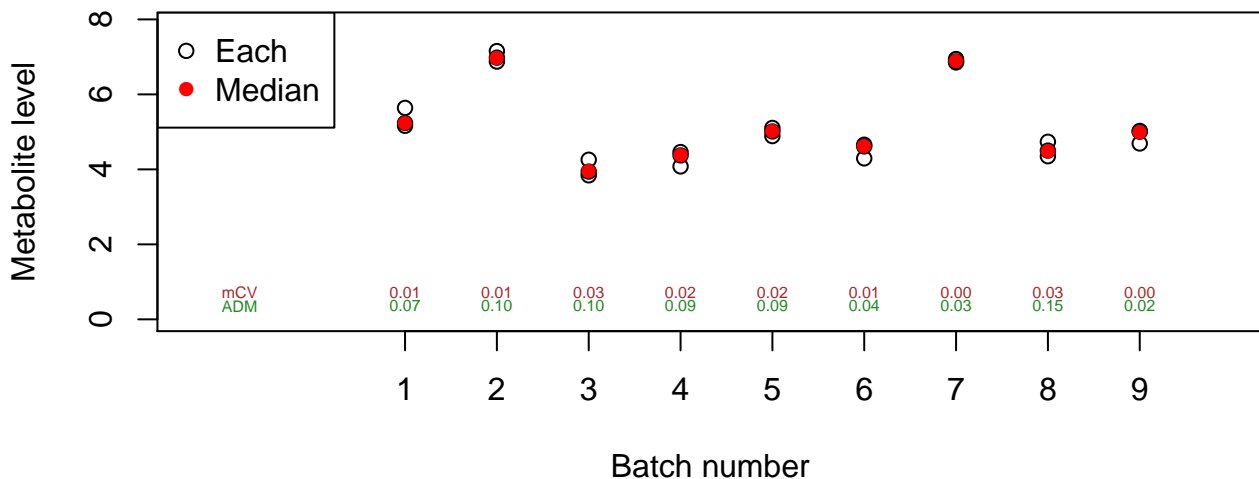

Non-batch adjusted level of 3-Hydroxy Isovalerate

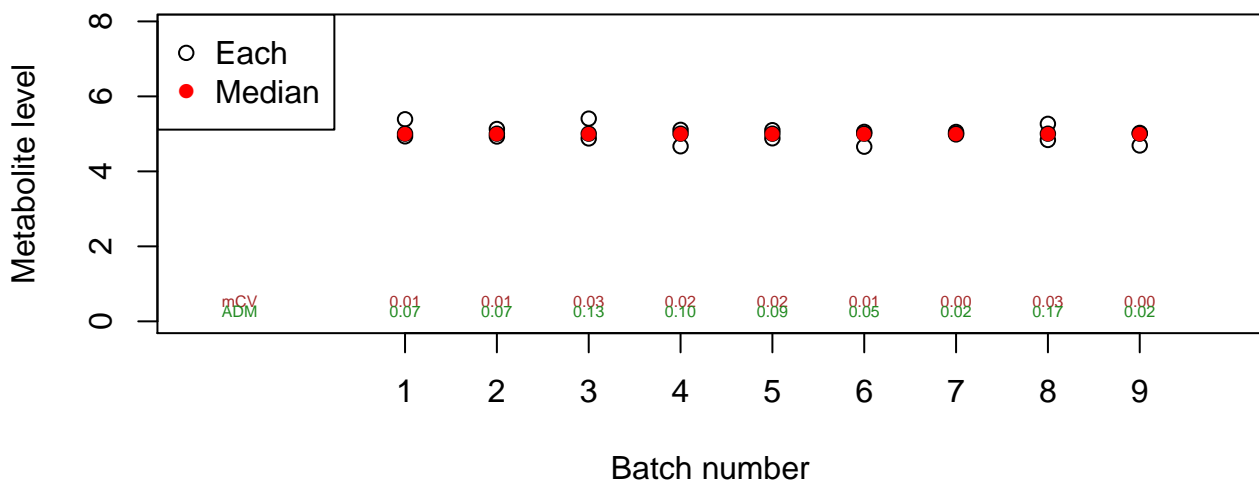

Batch adjusted level of 3-Hydroxy Isovalerate

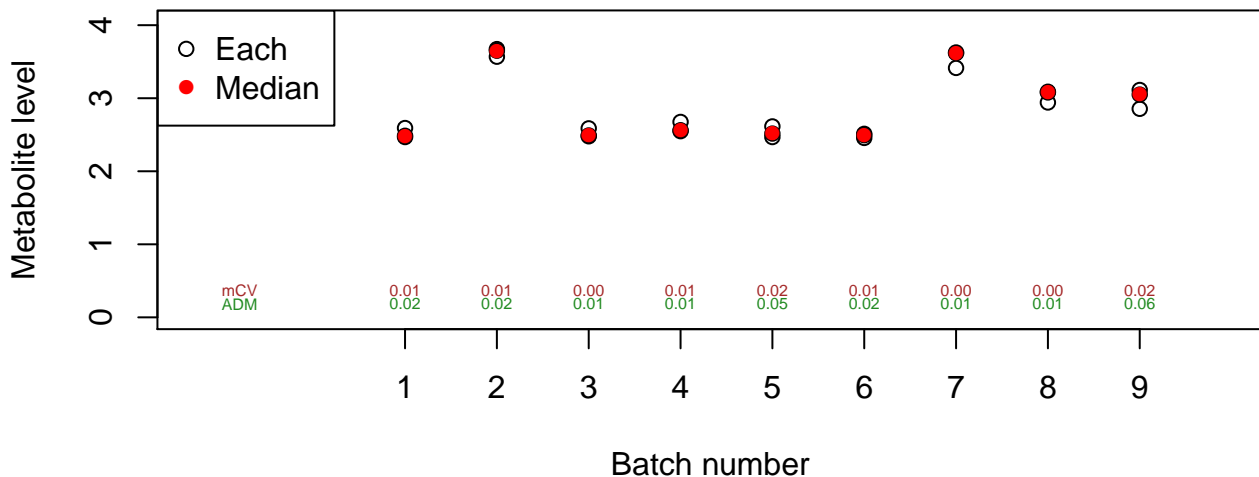

Non-batch adjusted level of 3-Hydroxy Propionate

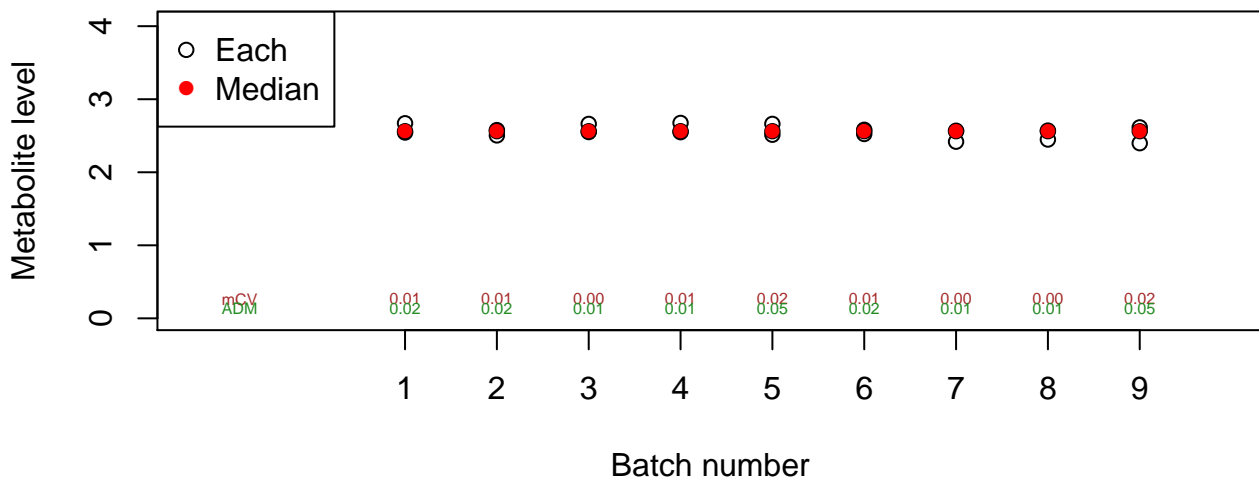

Batch adjusted level of 3-Hydroxy Propionate

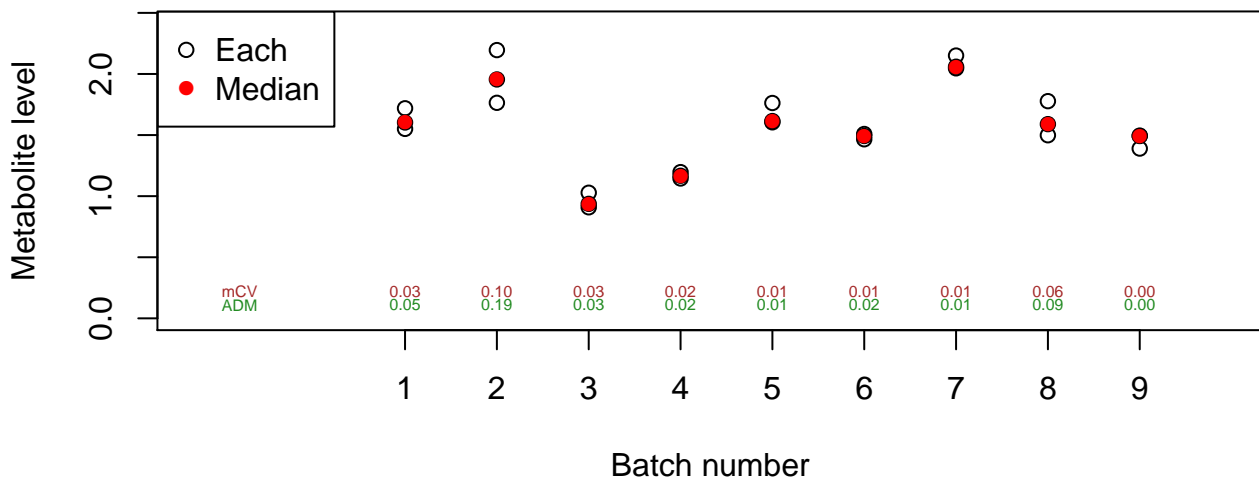

Non-batch adjusted level of 3-hydroxyadipic Acid

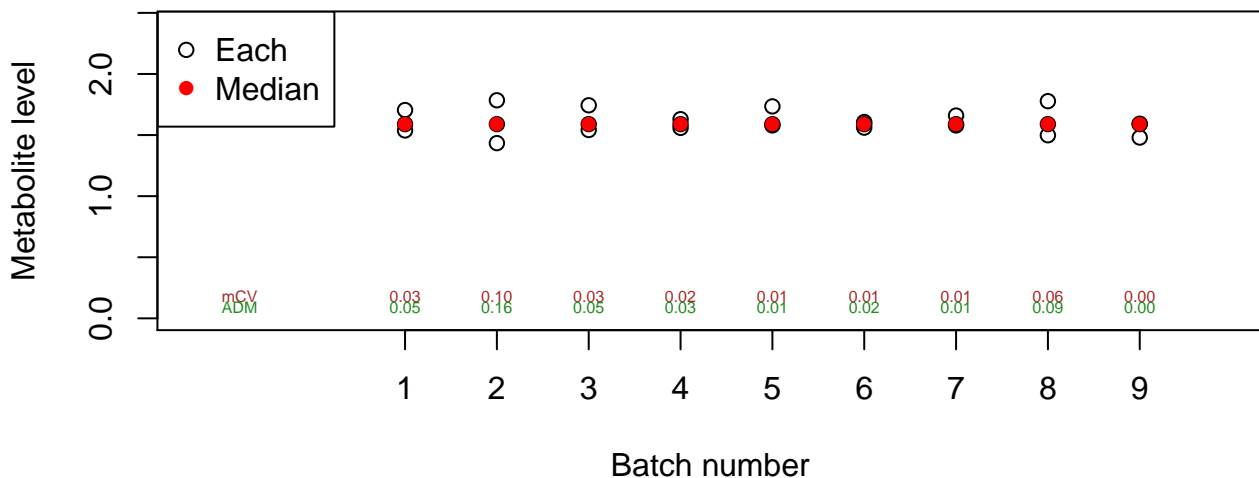

Batch adjusted level of 3-hydroxyadipic Acid

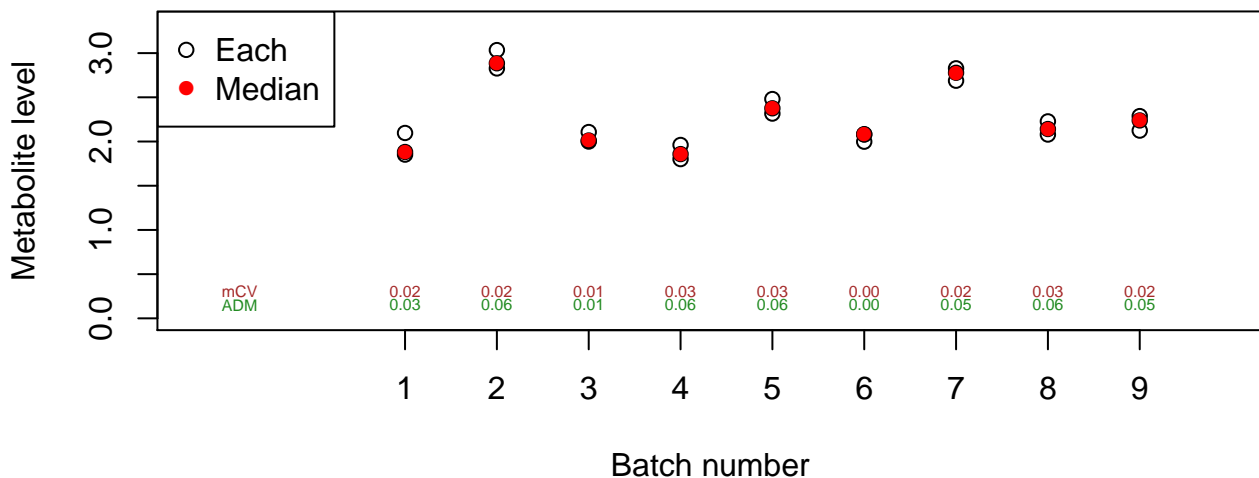

Non-batch adjusted level of 3-hydroxybutyric Acid

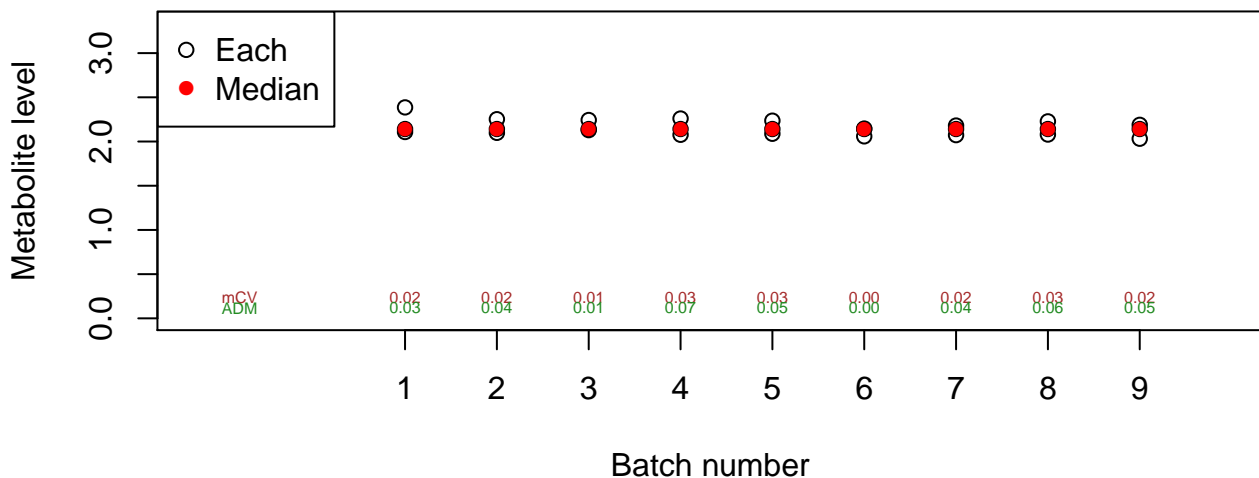

Batch adjusted level of 3-hydroxybutyric Acid

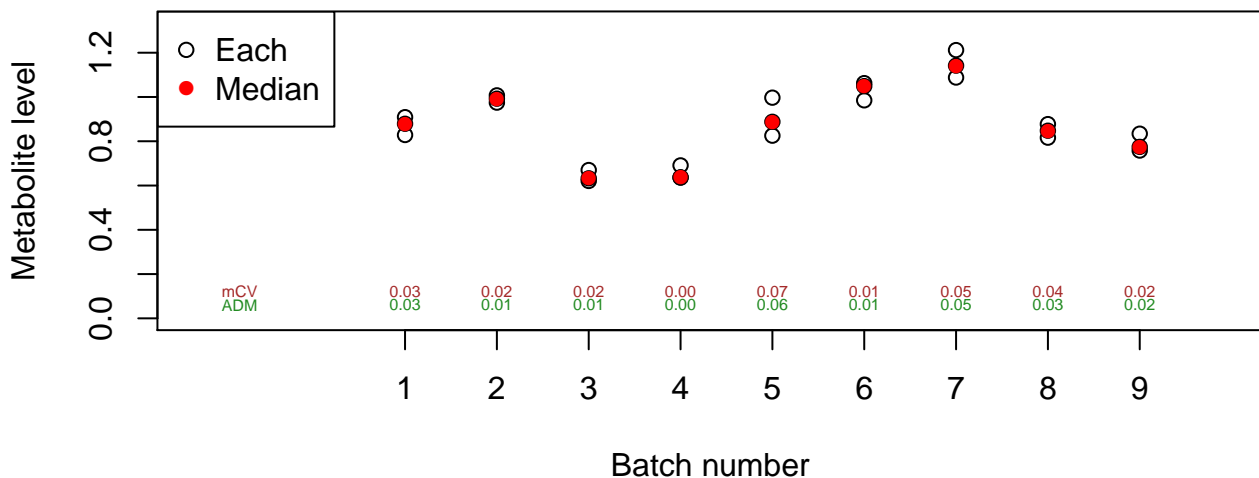

Non-batch adjusted level of 3-hydroxyglutaric Acid

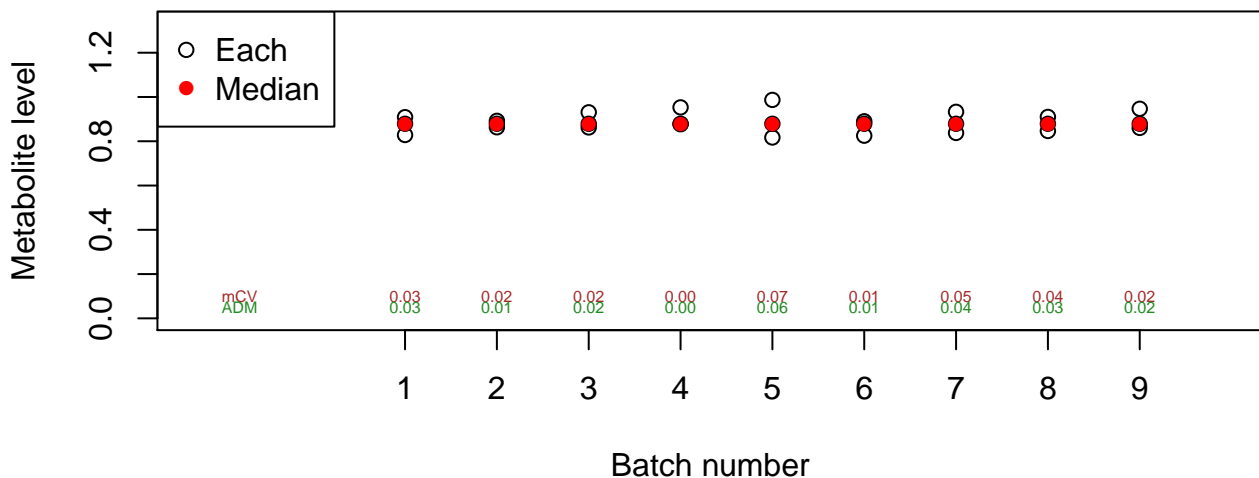

Batch adjusted level of 3-hydroxyglutaric Acid

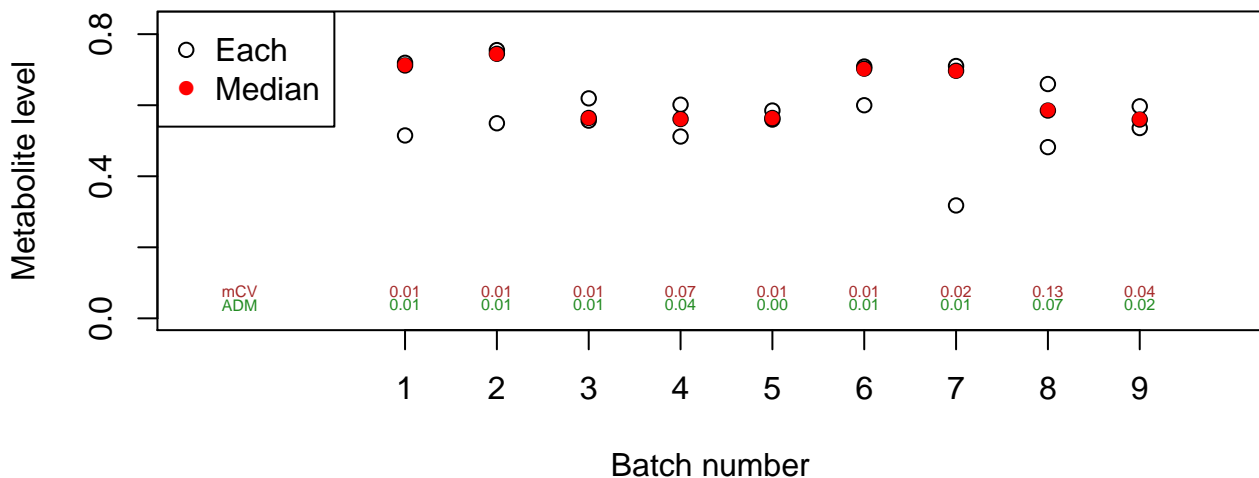

Non-batch adjusted level of 3-methyl adipic acid

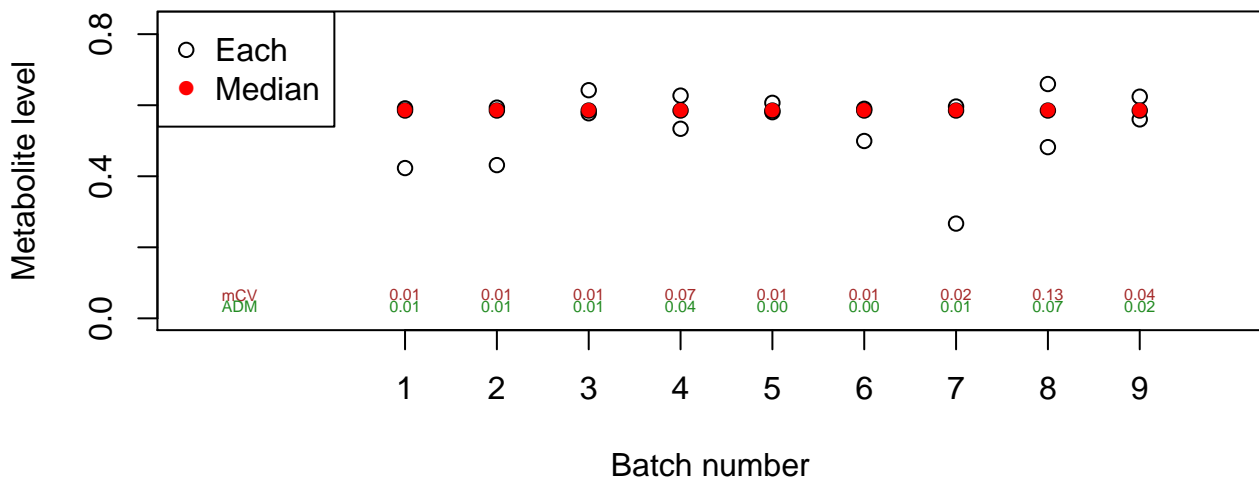

Batch adjusted level of 3-methyl adipic acid

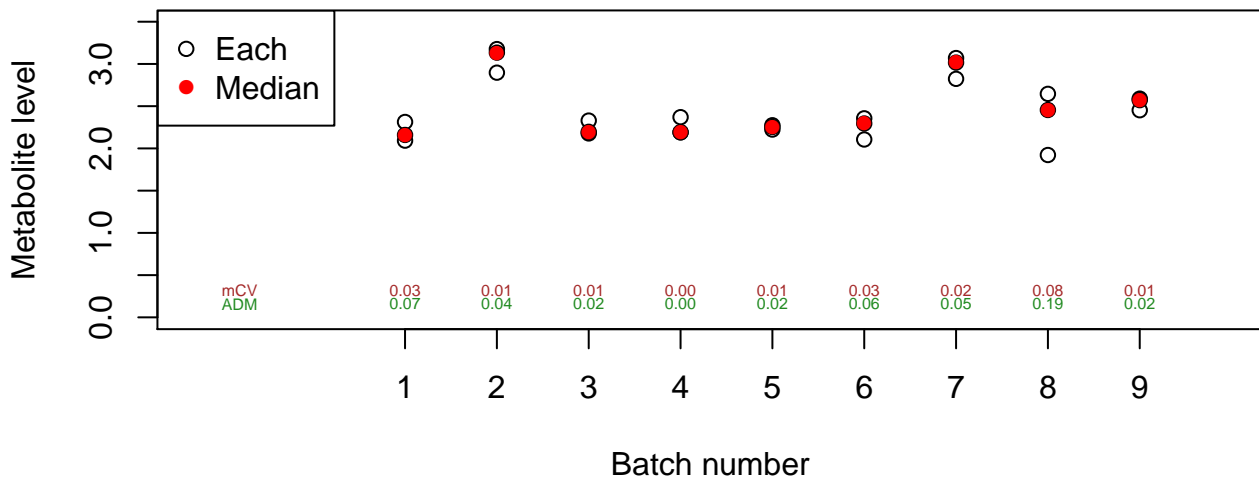

Non-batch adjusted level of 3-Methyl Crotonyl Glycine

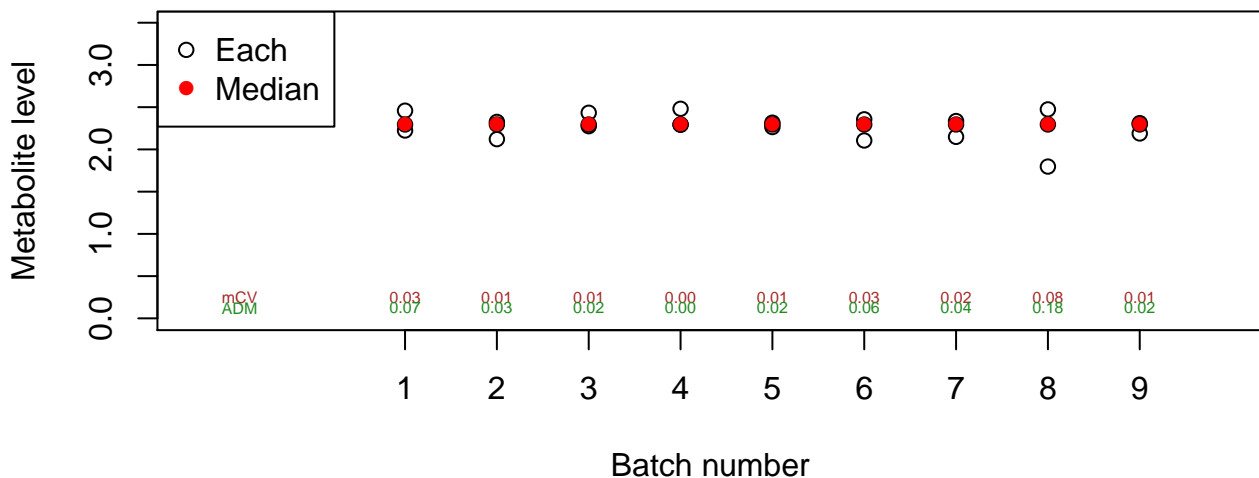

Batch adjusted level of 3-Methyl Crotonyl Glycine

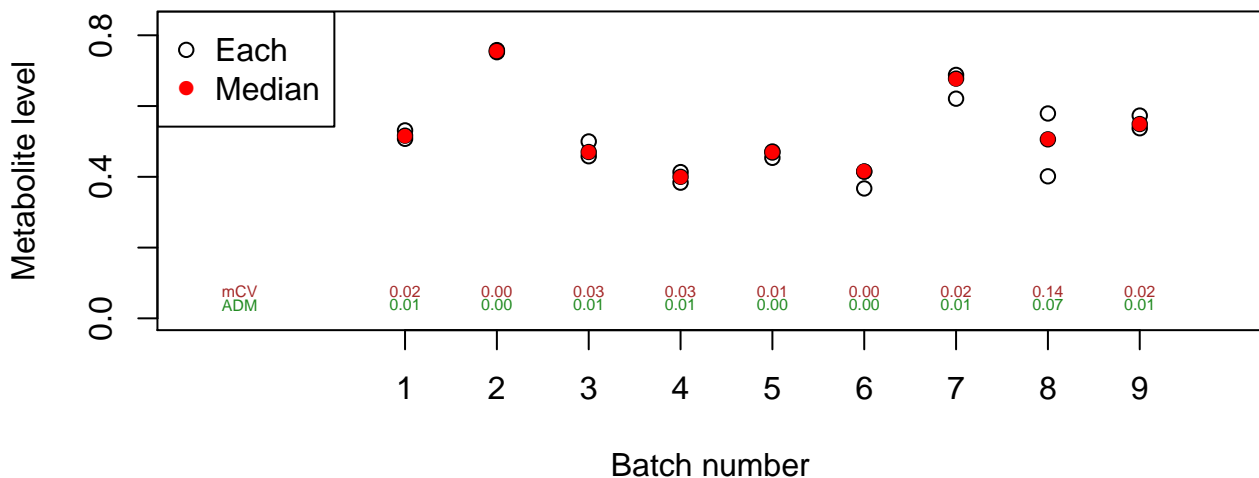

Non-batch adjusted level of 3-methylglutaconic Acid

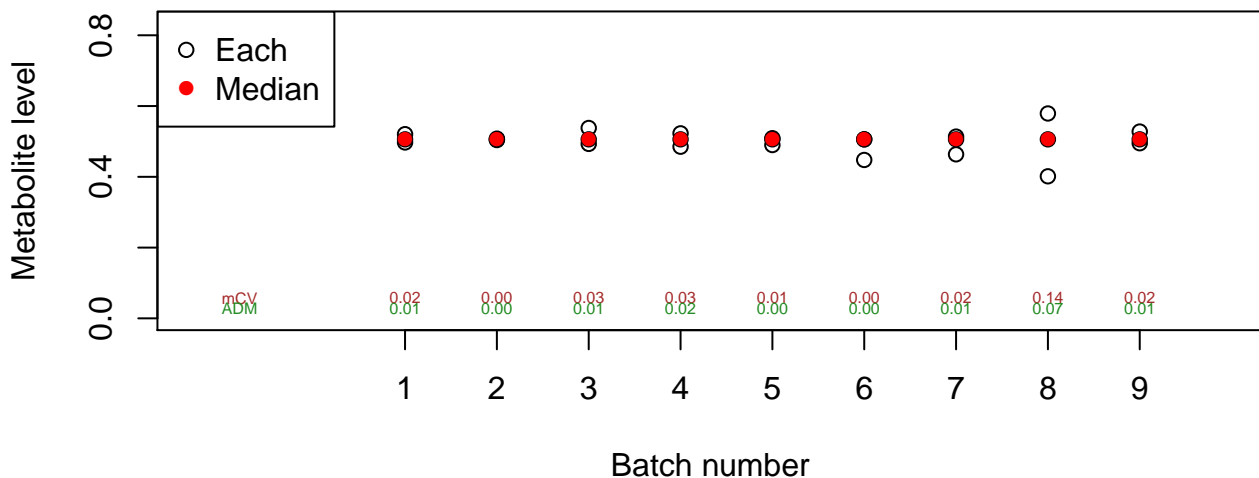

Batch adjusted level of 3-methylglutaconic Acid

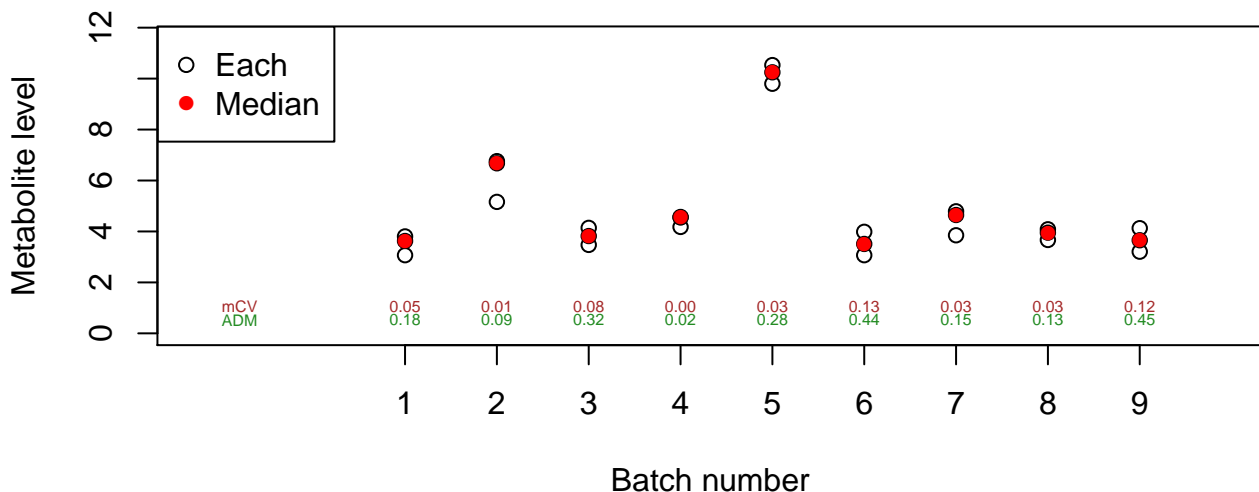

Non-batch adjusted level of 3-Methylglutaric acid

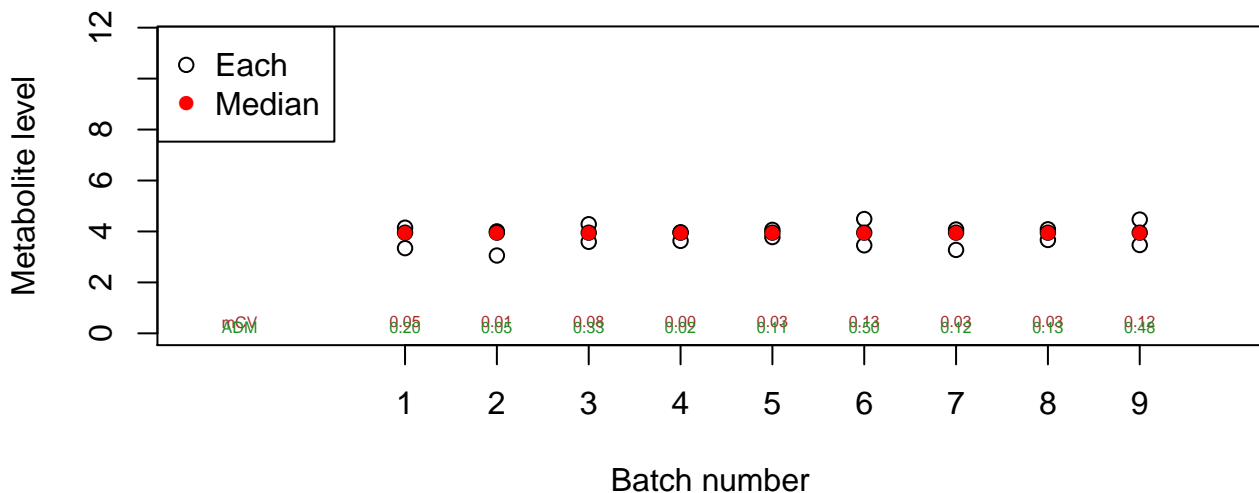

Batch adjusted level of 3-Methylglutaric acid

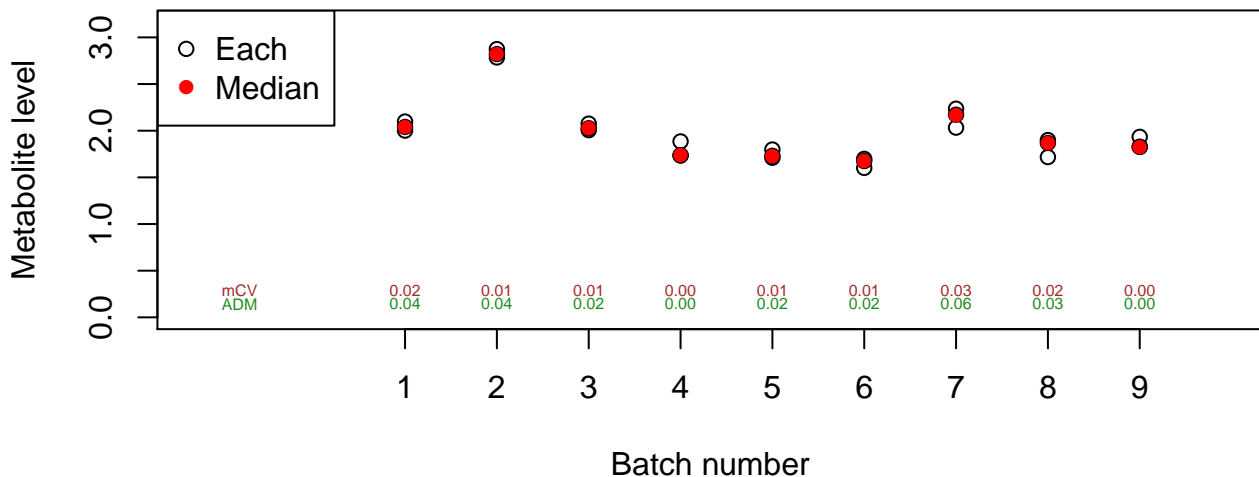

Non-batch adjusted level of 3OH3ME Glutaric Acid

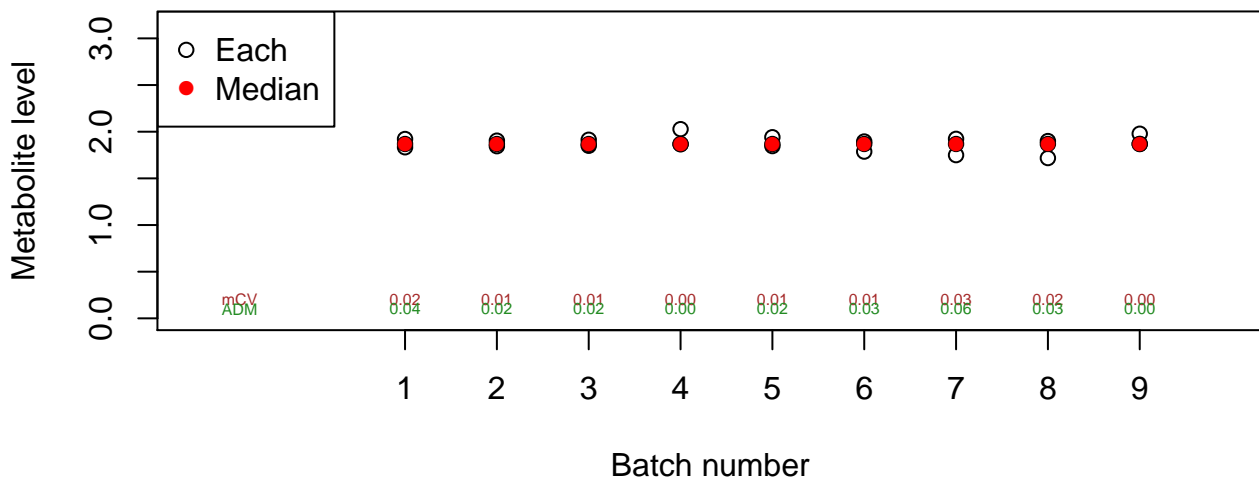

Batch adjusted level of 3OH3ME Glutaric Acid

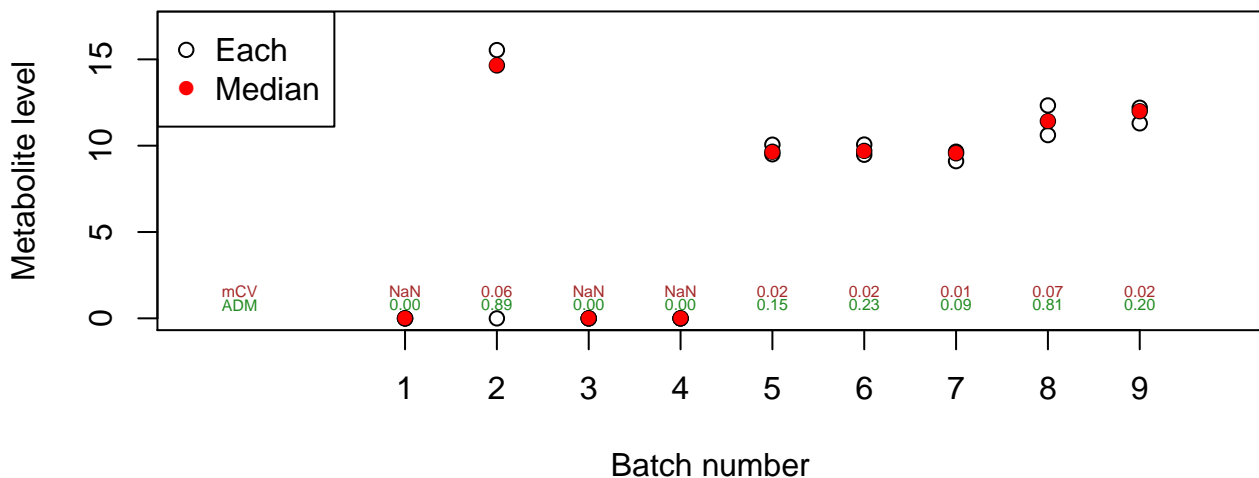

Non-batch adjusted level of 3OME4OH Mandelic Acid

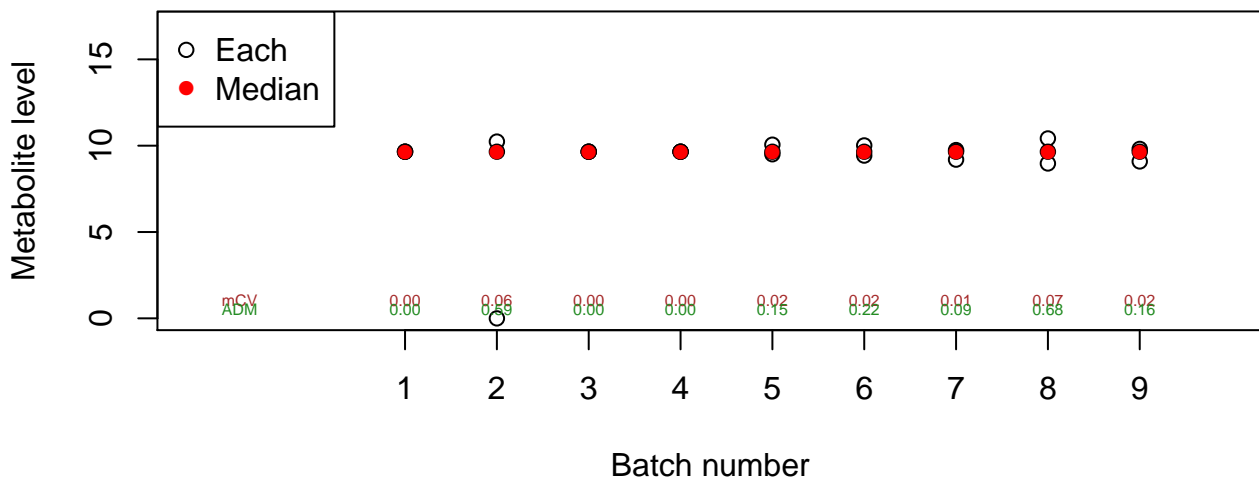

Batch adjusted level of 3OME4OH Mandelic Acid

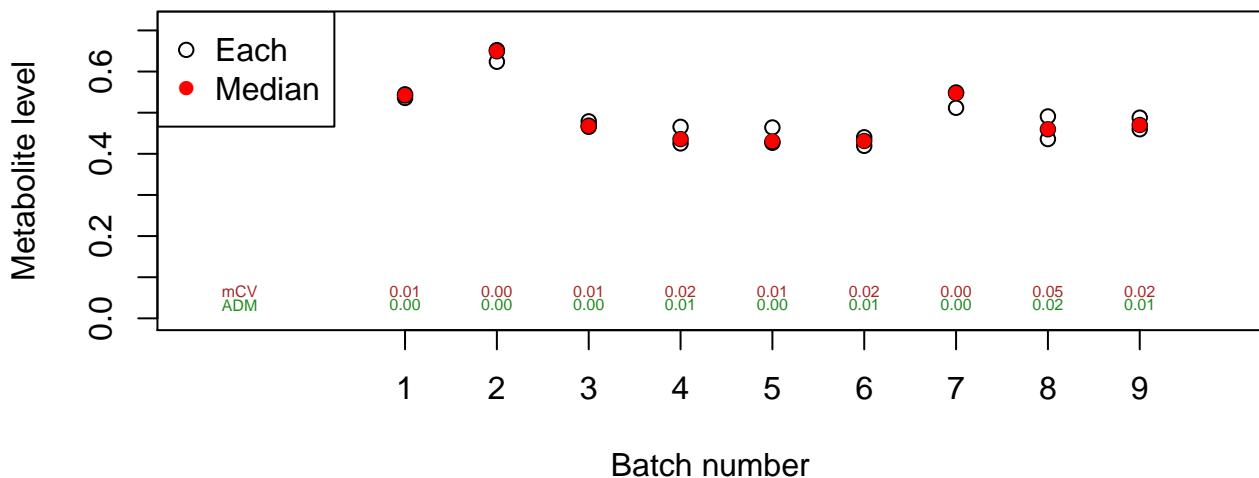

Non-batch adjusted level of 4-Hydroxy Hippurate

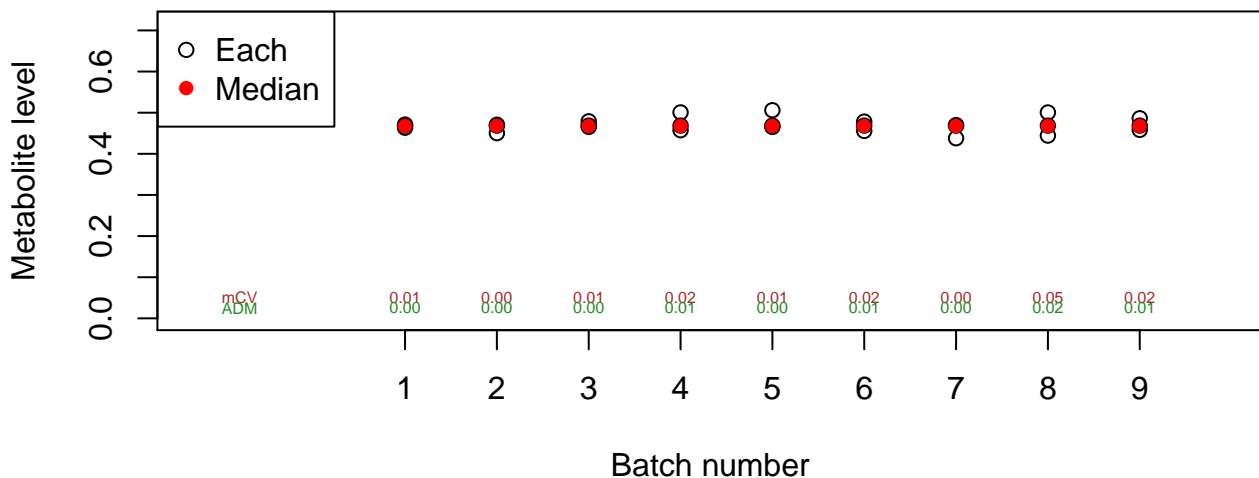

Batch adjusted level of 4-Hydroxy Hippurate

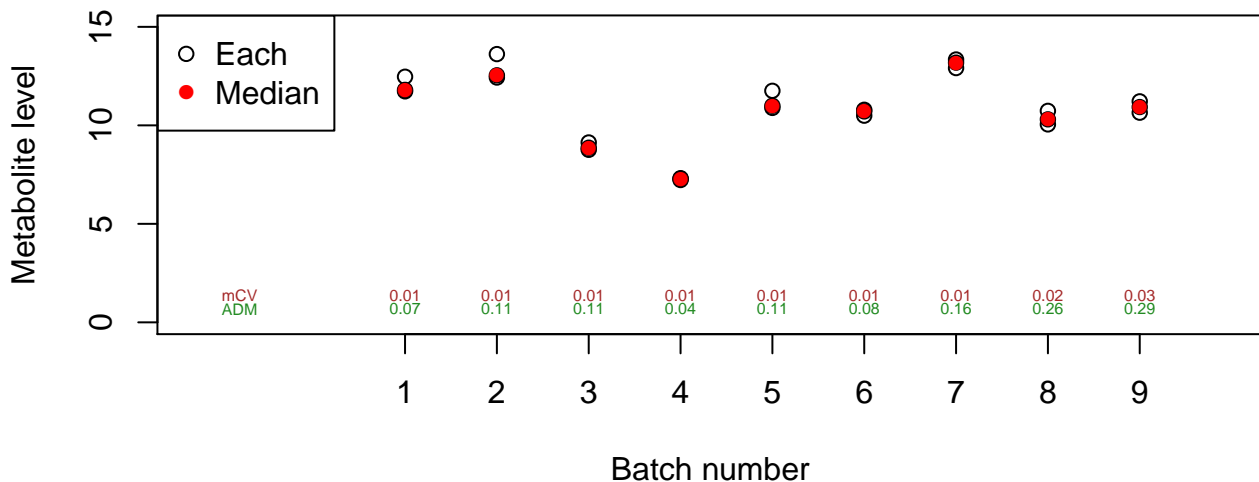

Non-batch adjusted level of 4-hydroxyphenyllactic Acid

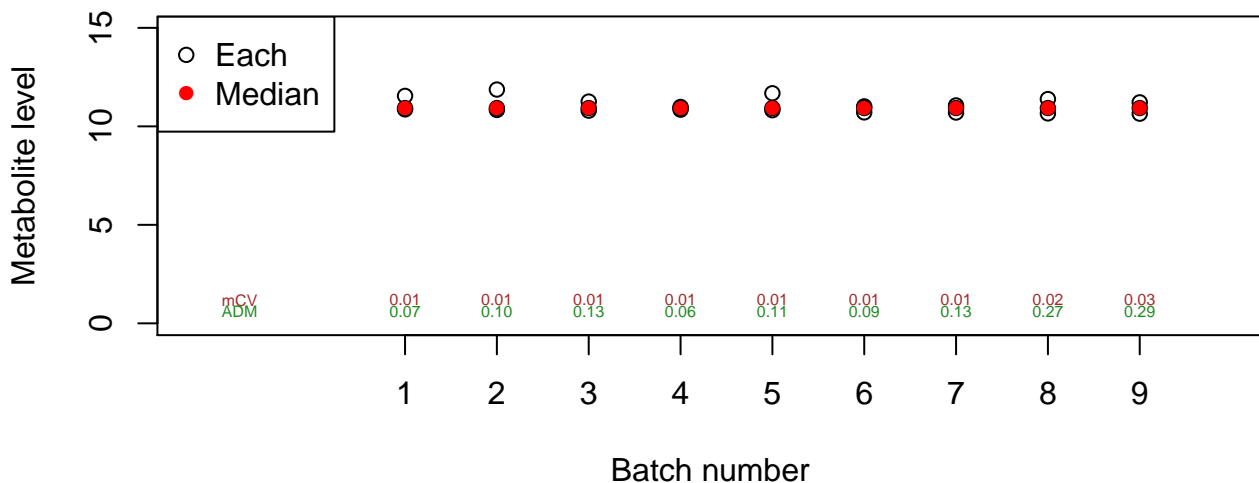

Batch adjusted level of 4-hydroxyphenyllactic Acid

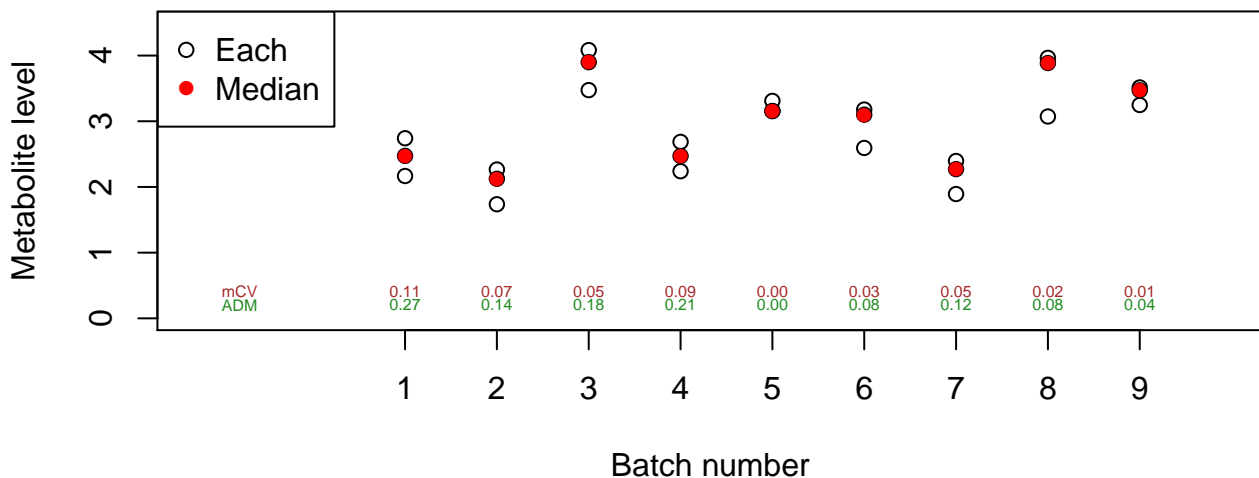

Non-batch adjusted level of 4OH Butyric Acid

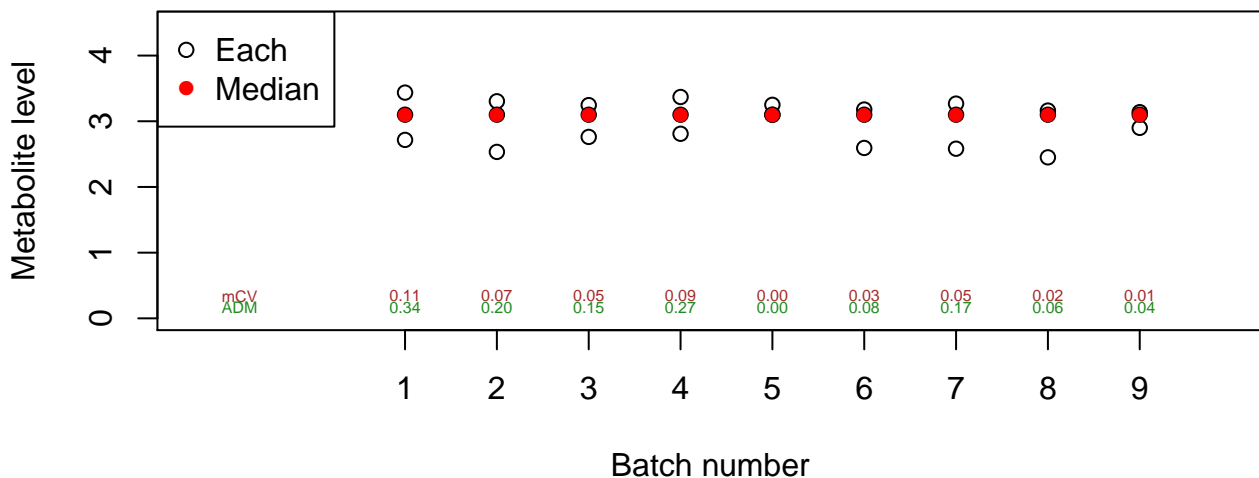

Batch adjusted level of 4OH Butyric Acid

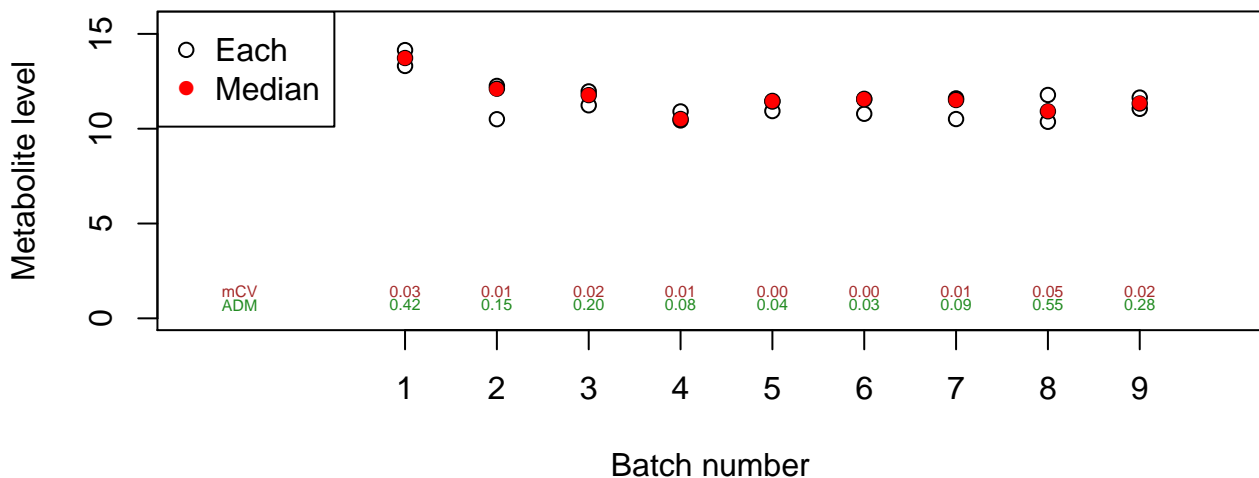

Non-batch adjusted level of 4-OH phenylpyruvic acid

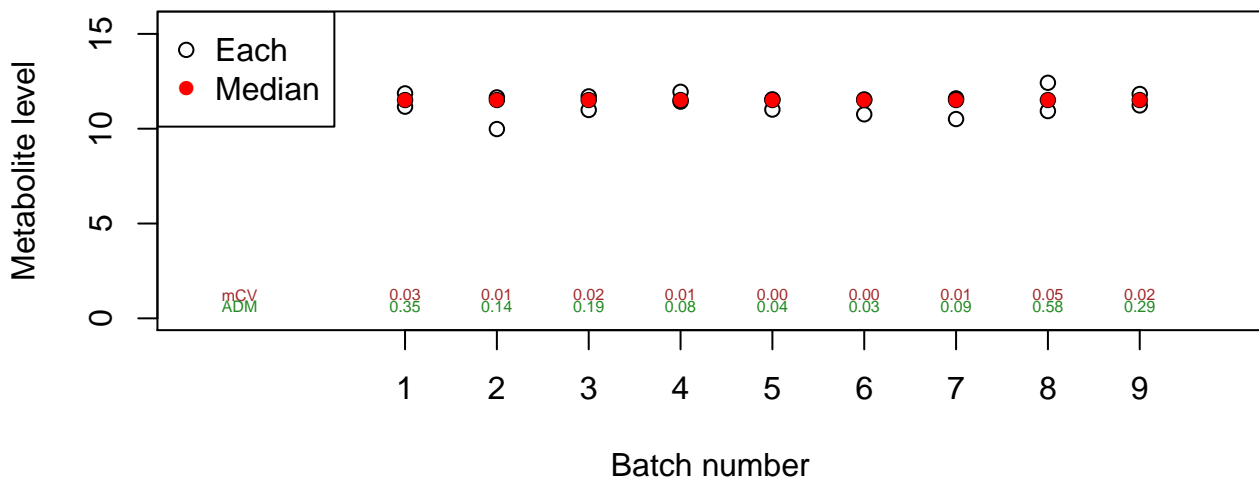

Batch adjusted level of 4-OH phenylpyruvic acid

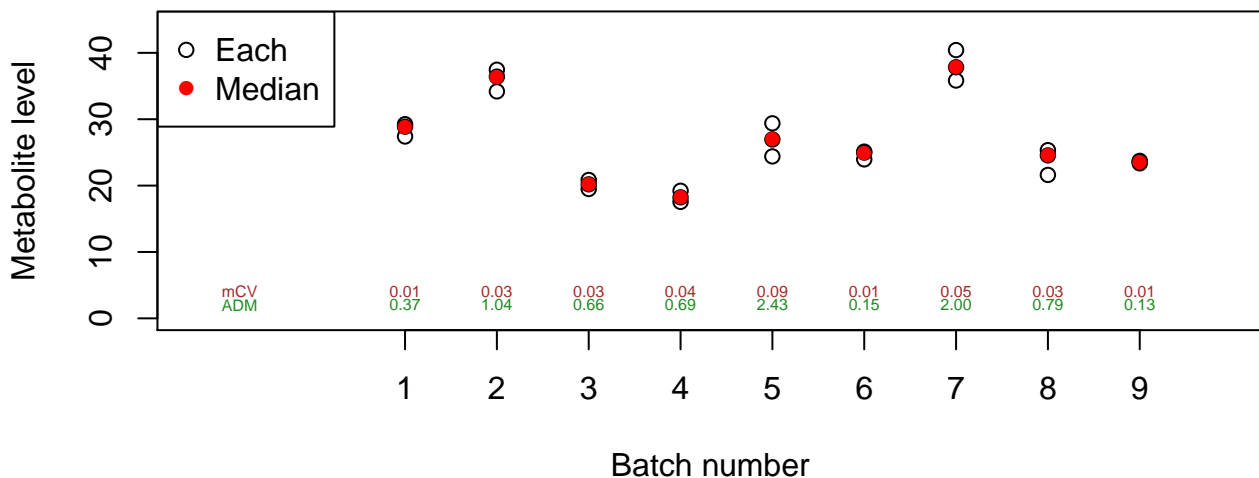

Non-batch adjusted level of 5 Hydroxy indole acetic acid

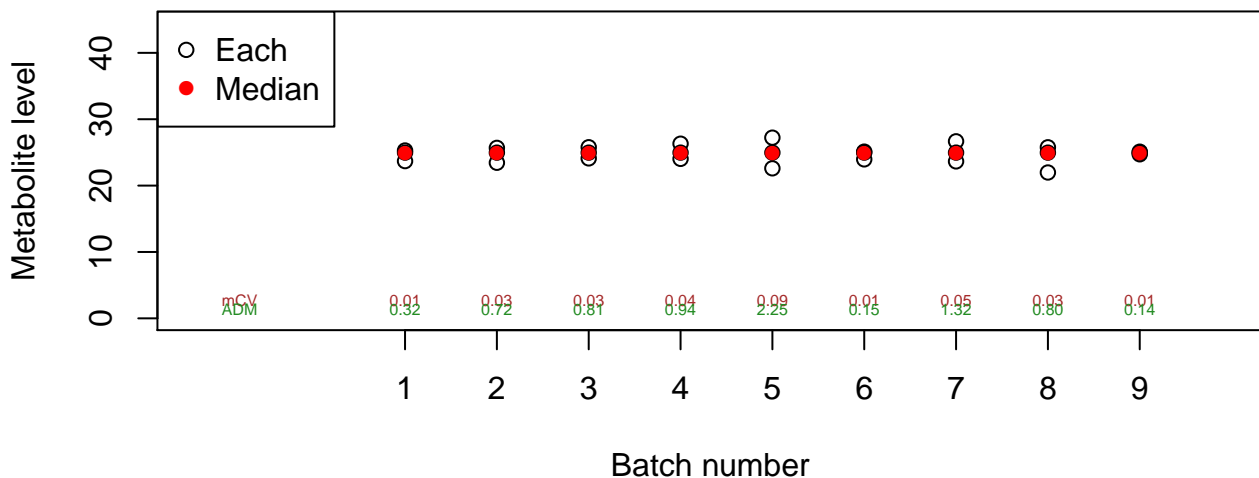

Batch adjusted level of 5 Hydroxy indole acetic acid

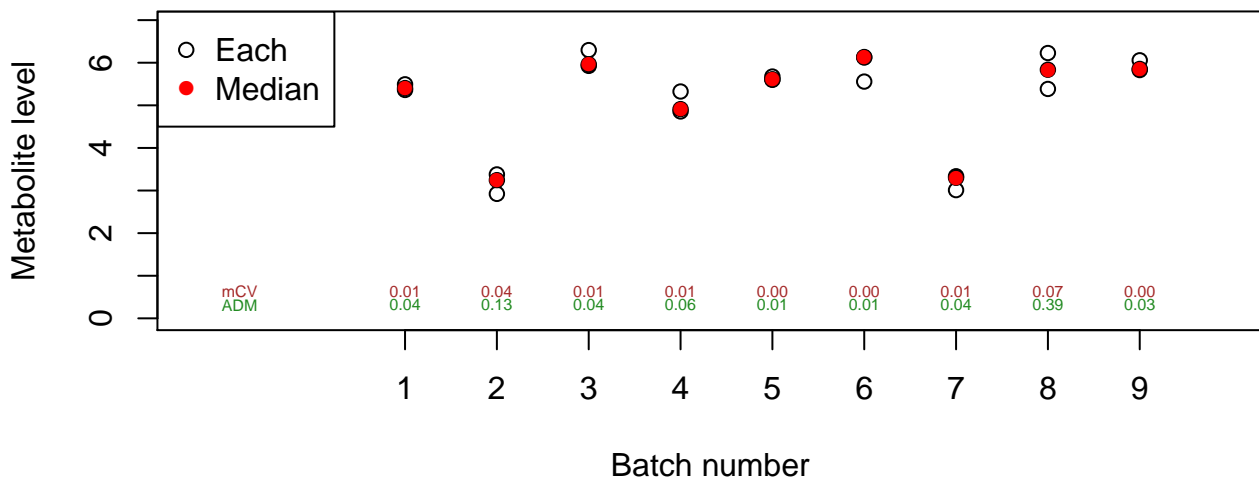

Non-batch adjusted level of 5-oxoproline

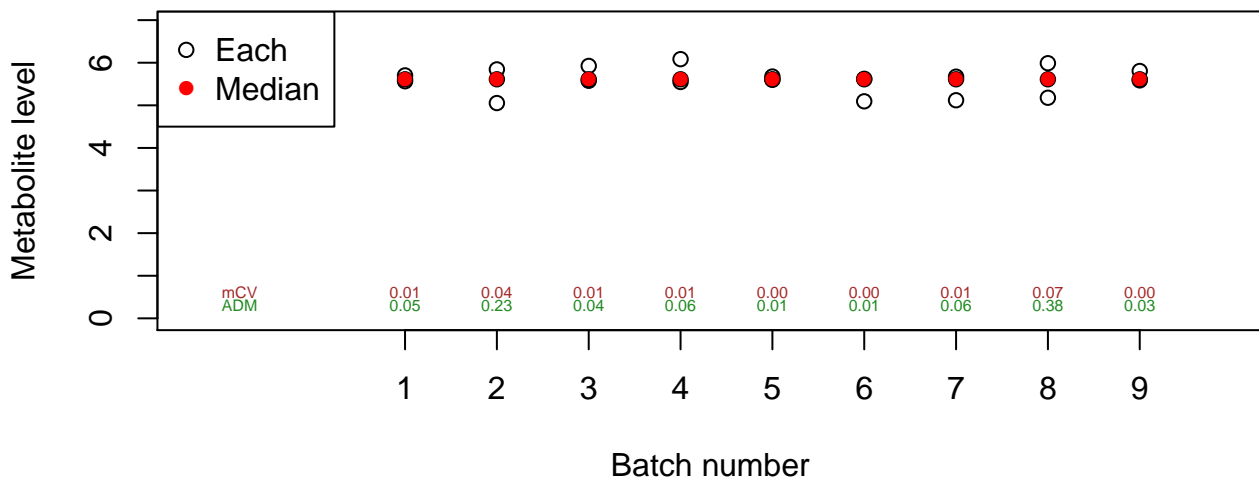

Batch adjusted level of 5-oxoproline

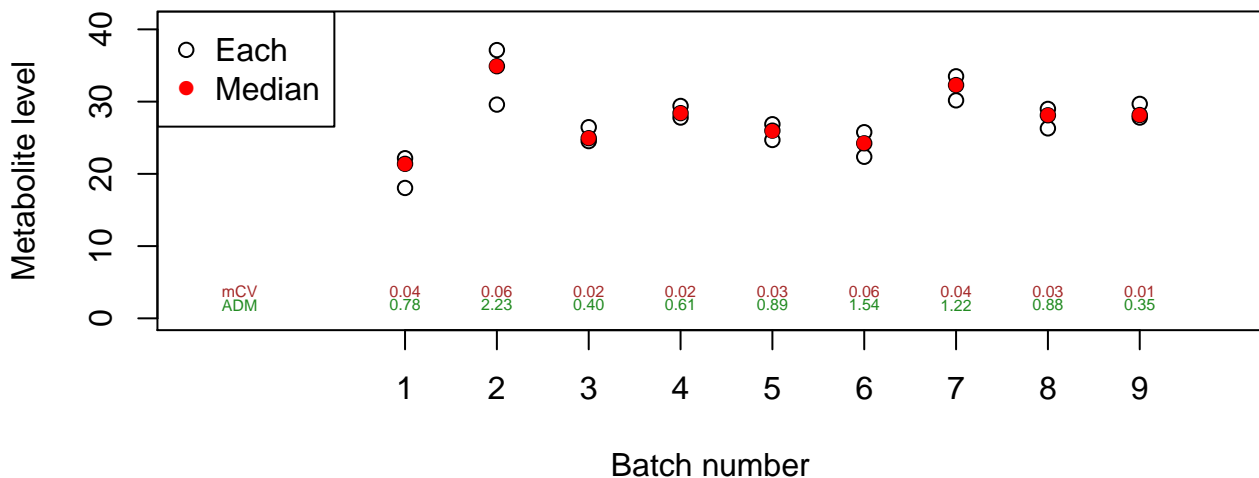

Non-batch adjusted level of Acetoacetic acid

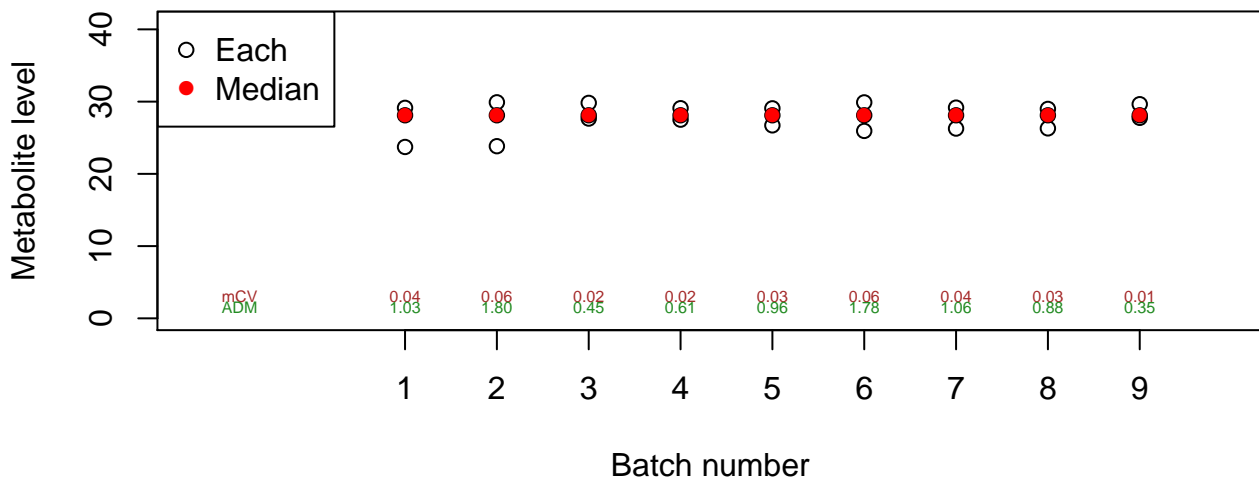

Batch adjusted level of Acetoacetic acid

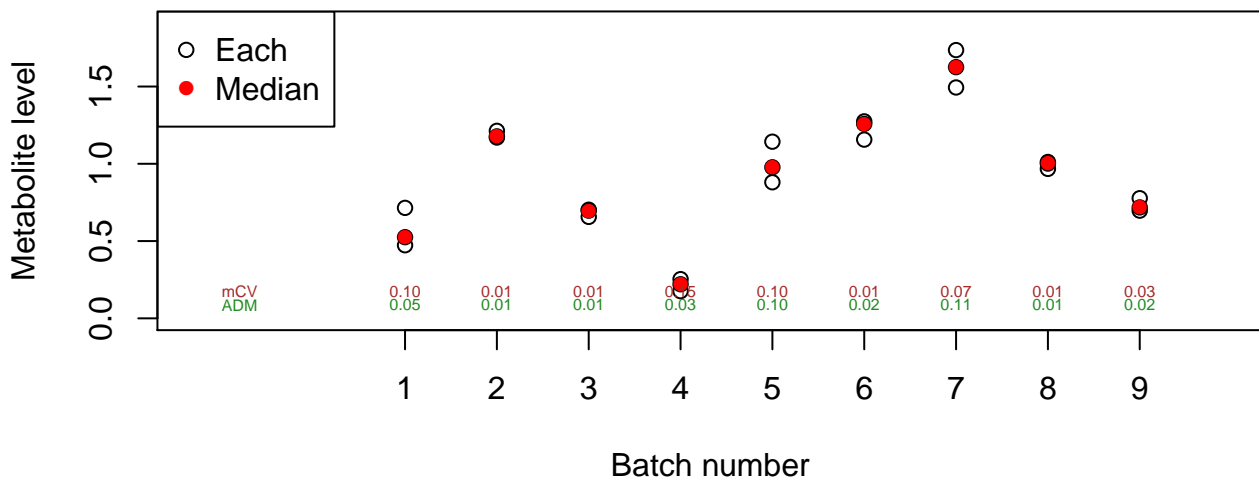

Non-batch adjusted level of Aconitic acid

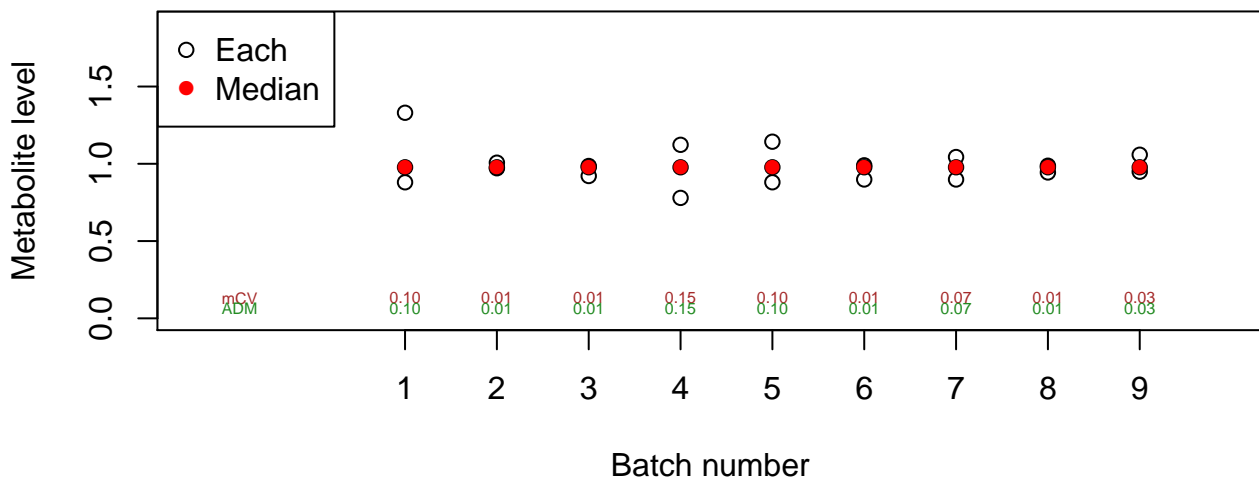

Batch adjusted level of Aconitic acid

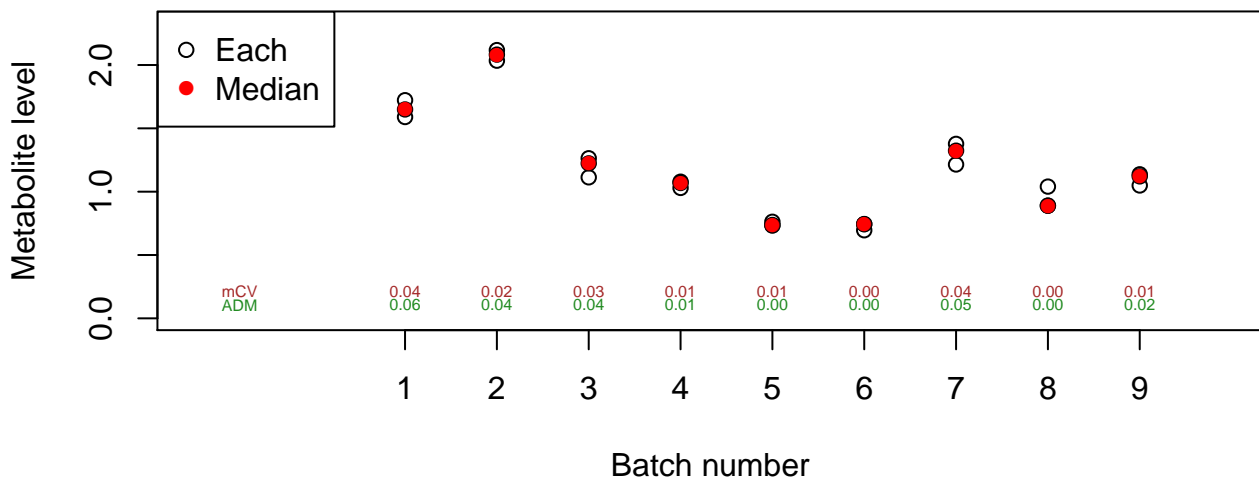

Non-batch adjusted level of Adipic Acid

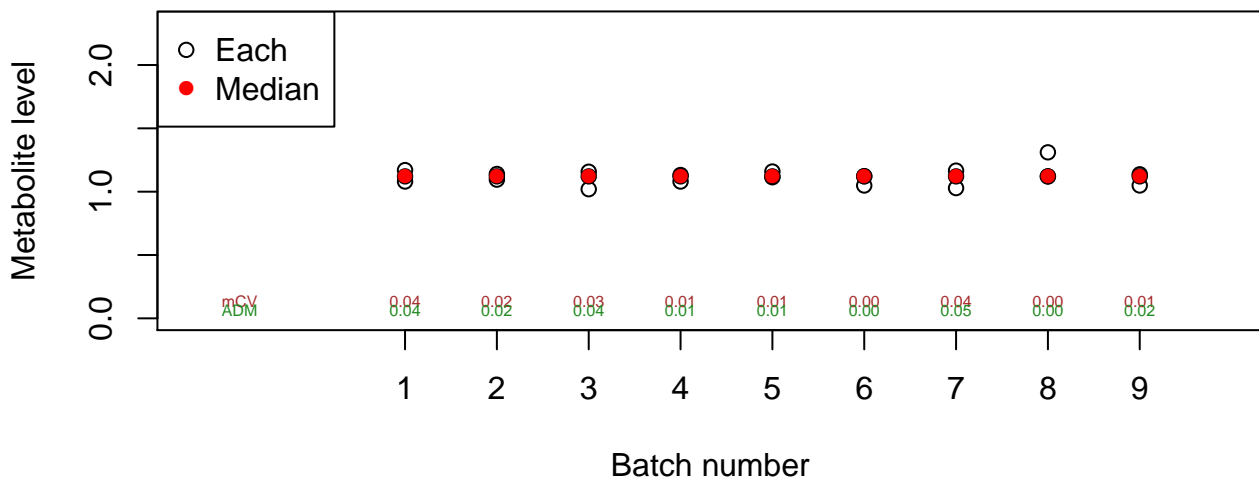

Batch adjusted level of Adipic Acid

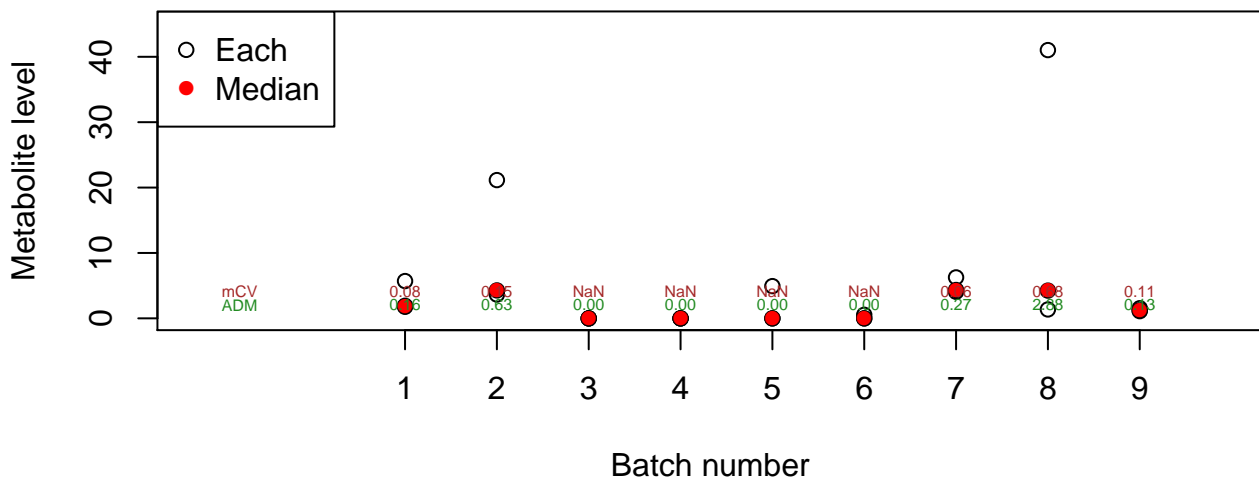

Non-batch adjusted level of Azelaic Acid

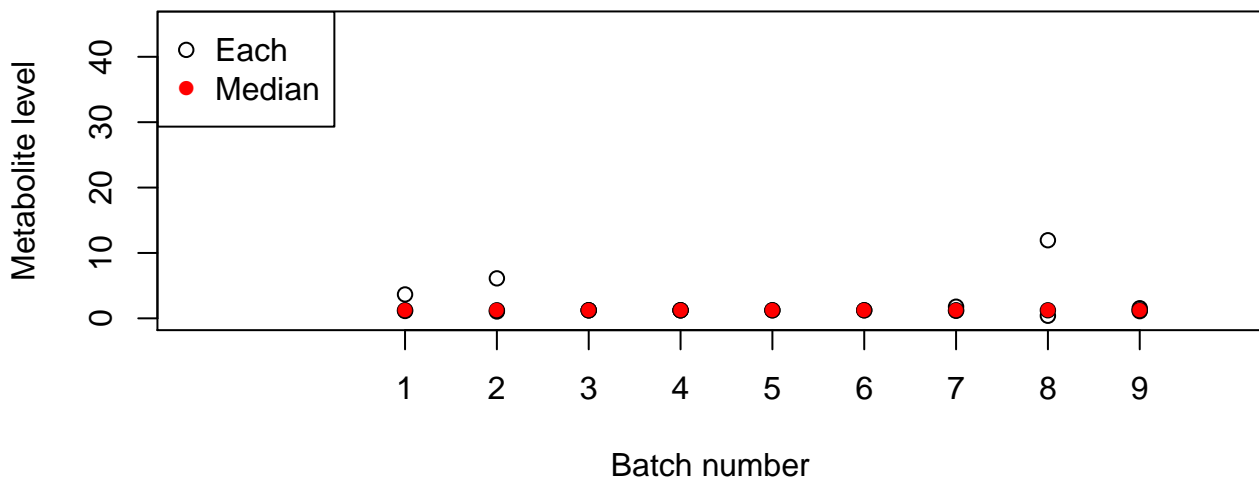

Batch adjusted level of Azelaic Acid

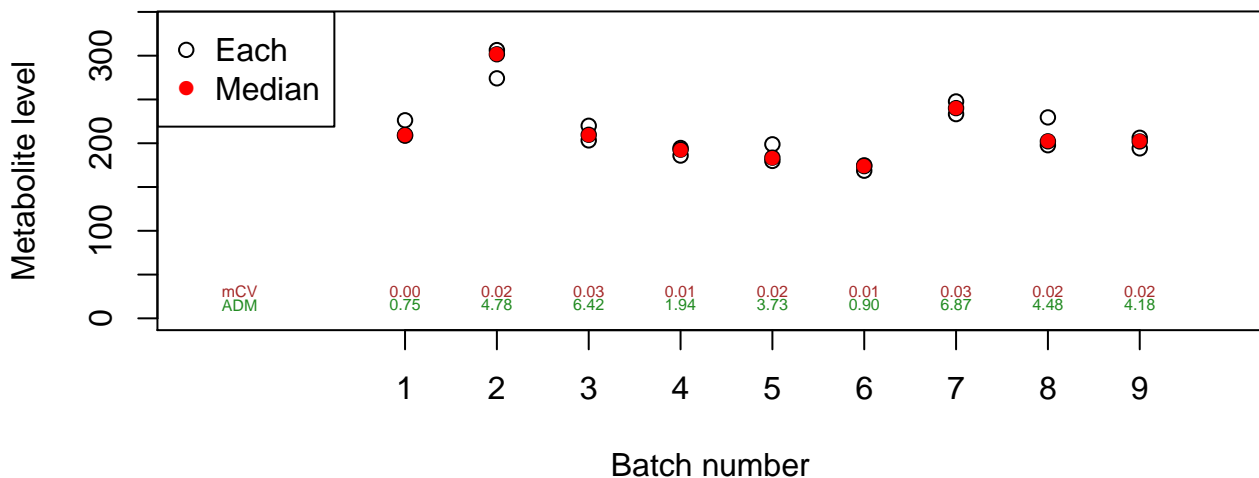

Non-batch adjusted level of Benzoic Acid

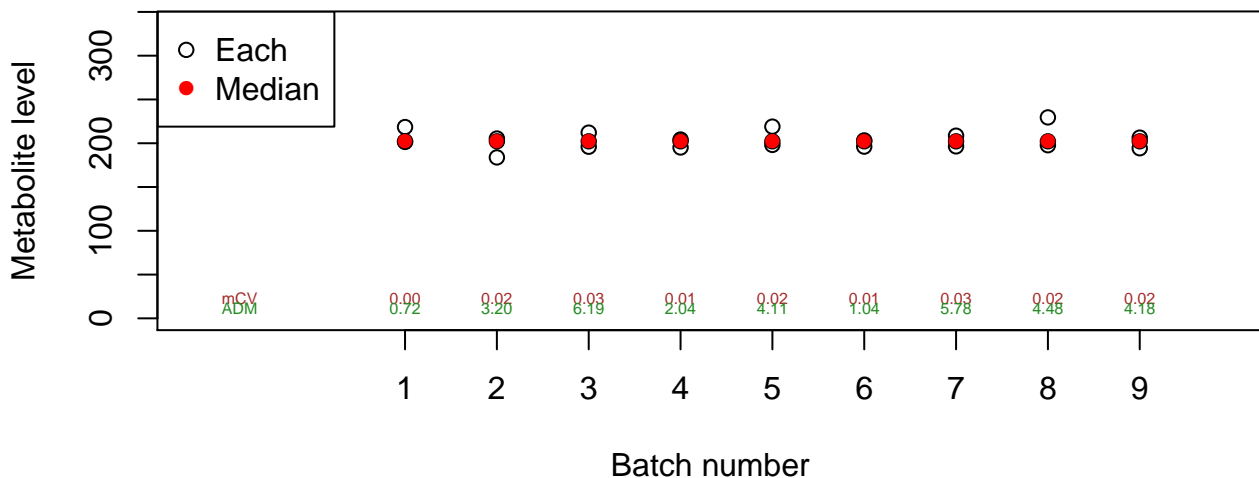

Batch adjusted level of Benzoic Acid

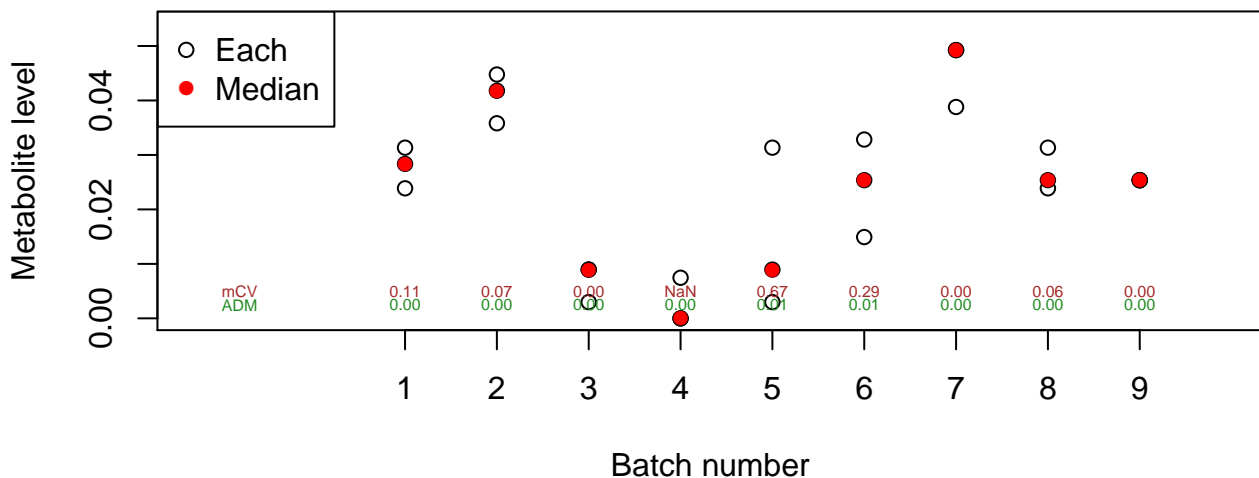

Non-batch adjusted level of Citric Acid

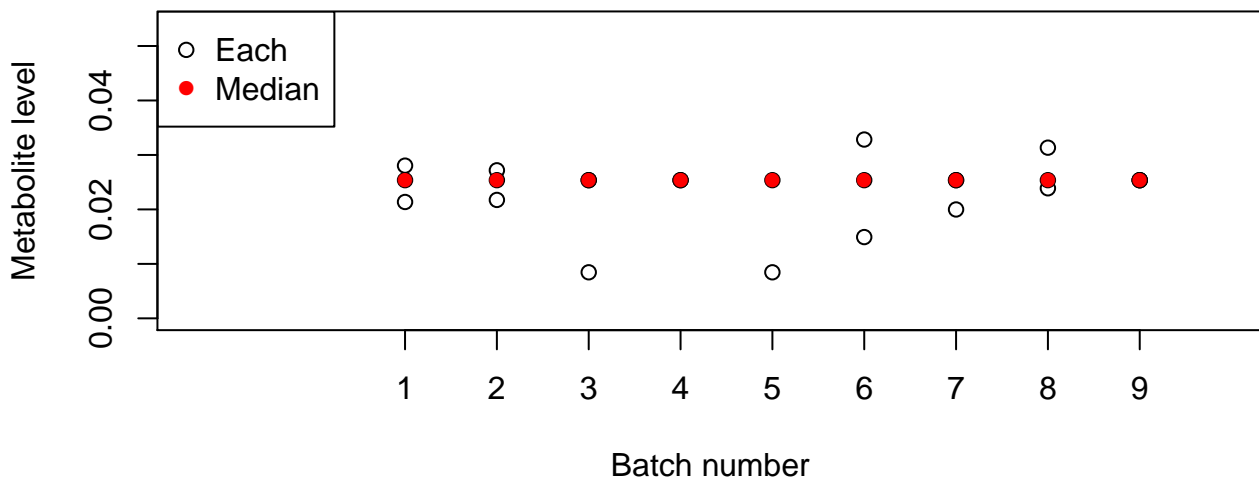

Batch adjusted level of Citric Acid

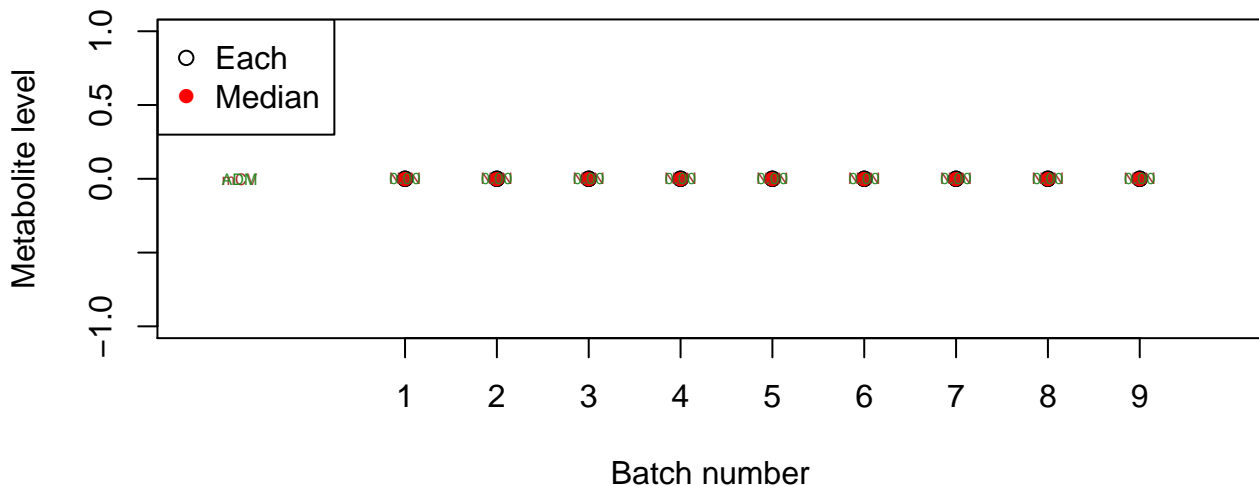

Non-batch adjusted level of DL-3-Phenyllactic acid

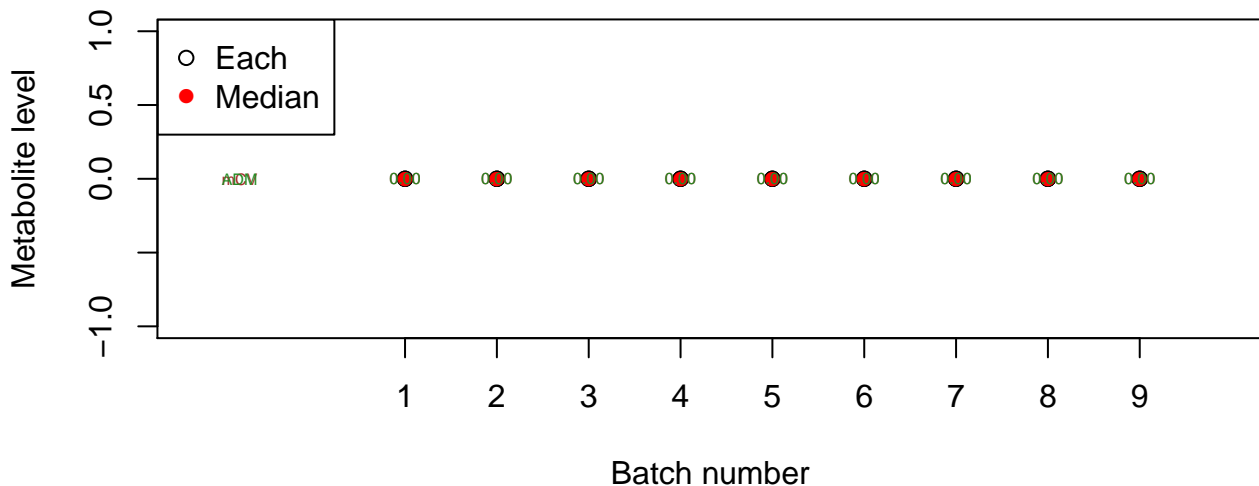

Batch adjusted level of DL-3-Phenyllactic acid

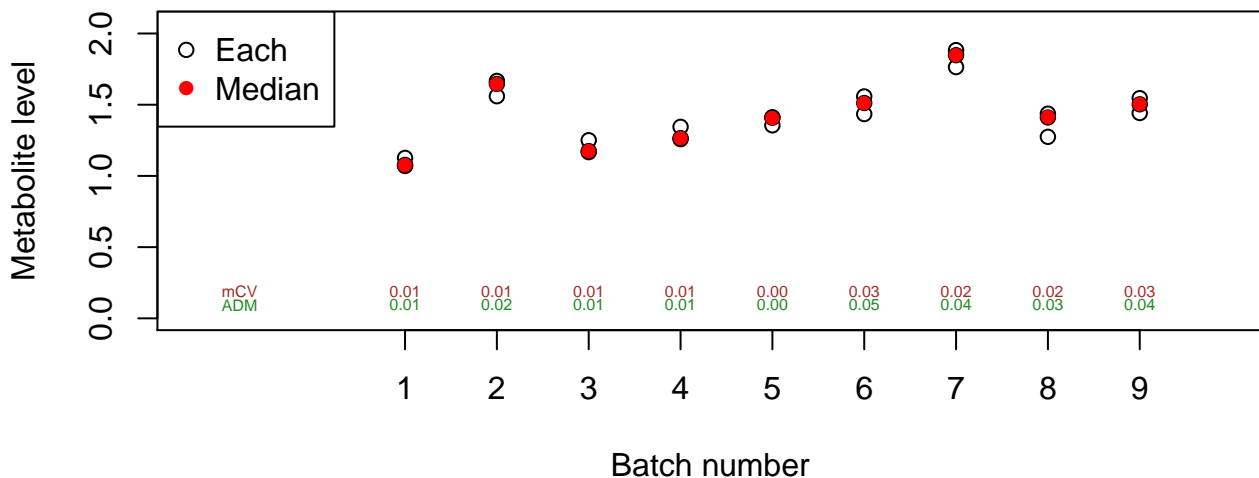

Non-batch adjusted level of Dodecanedioic Acid

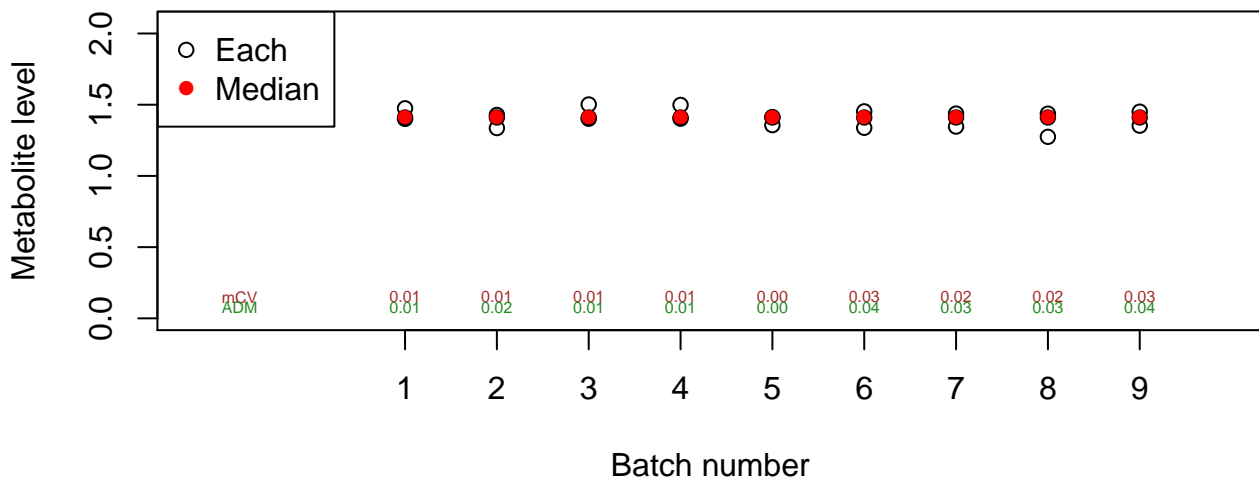

Batch adjusted level of Dodecanedioic Acid

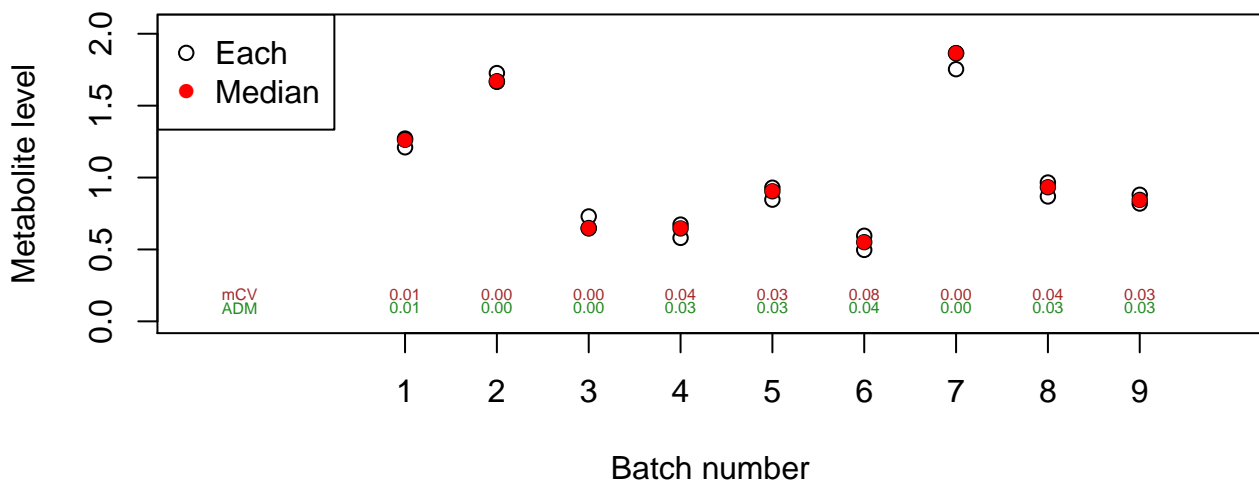

Non-batch adjusted level of Ethylmalonic Acid

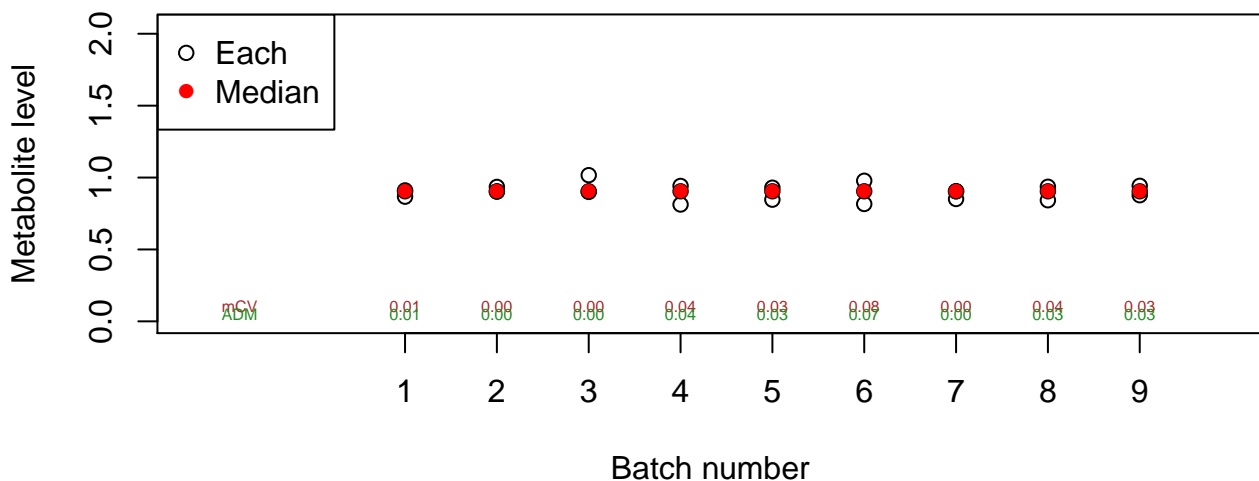

Batch adjusted level of Ethylmalonic Acid

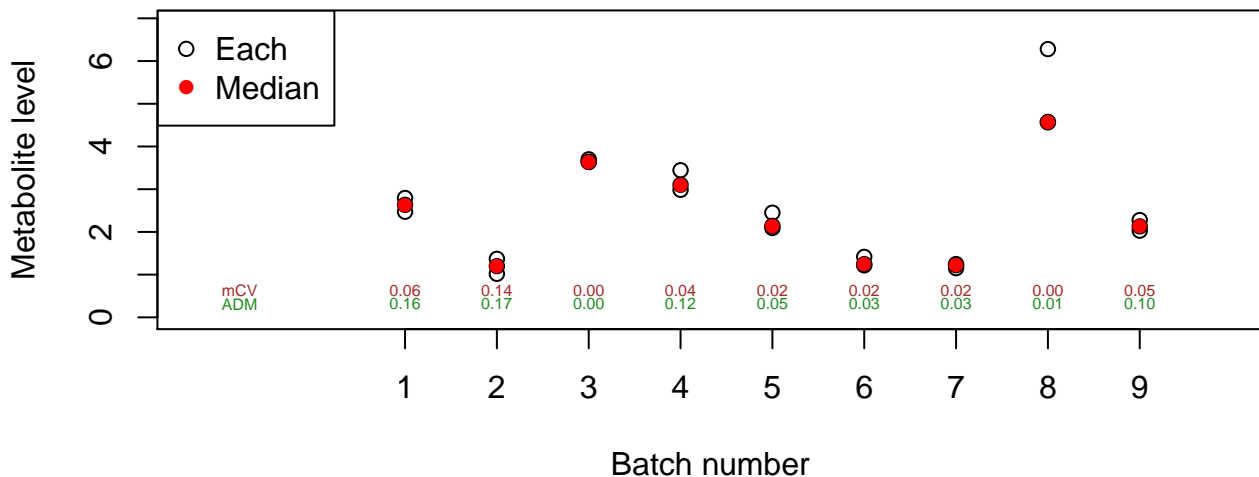

Non-batch adjusted level of Fumaric Acid

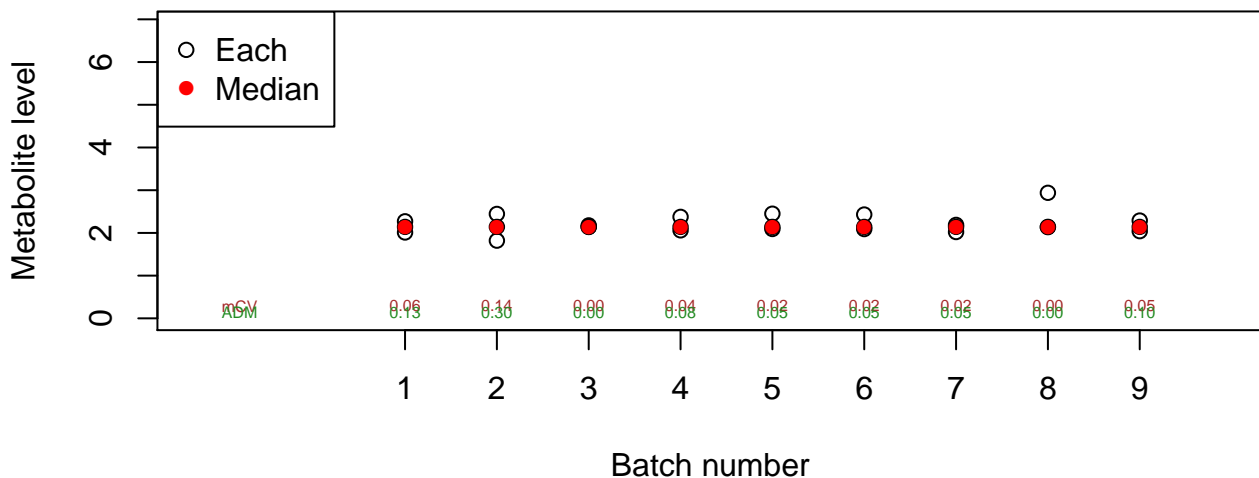

Batch adjusted level of Fumaric Acid

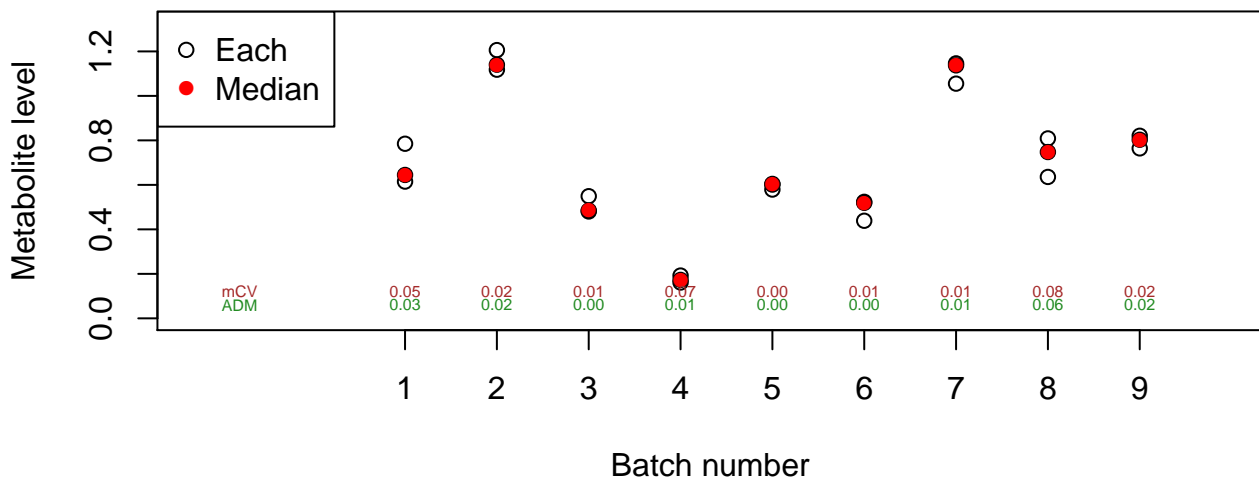

Non-batch adjusted level of Glutaconic acid

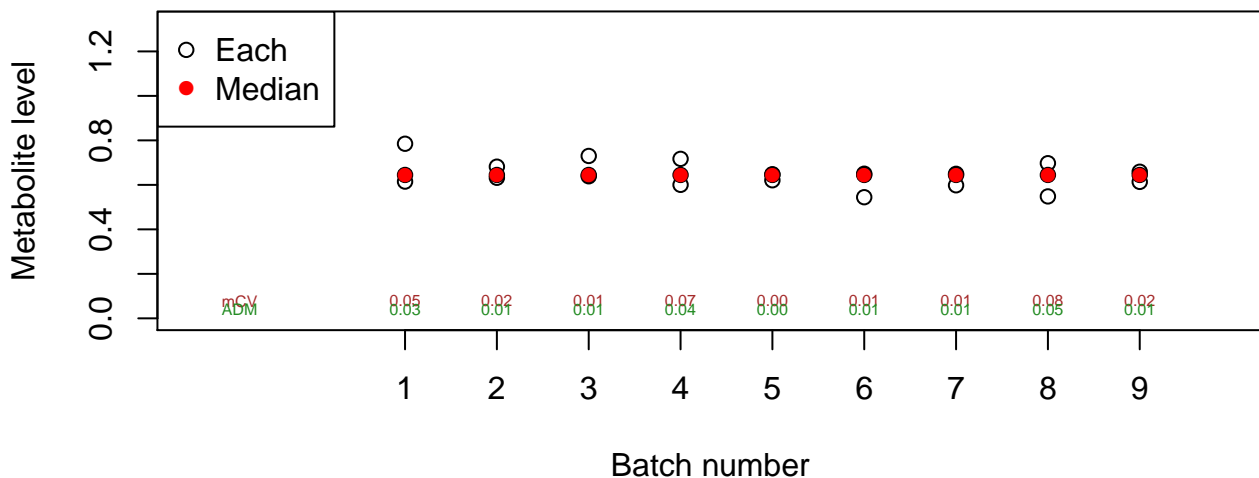

Batch adjusted level of Glutaconic acid

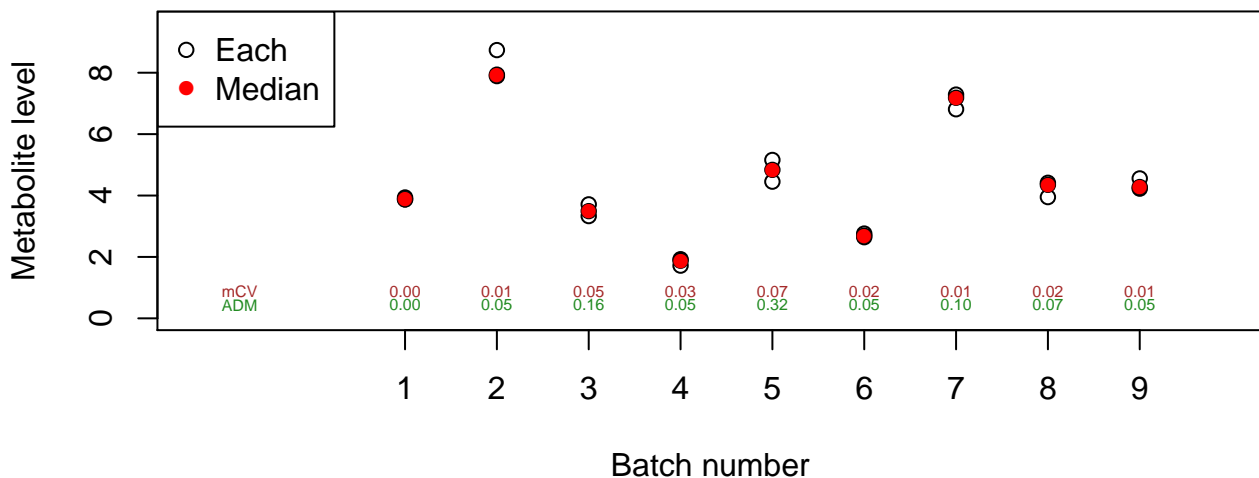

Non-batch adjusted level of Glutaric Acid

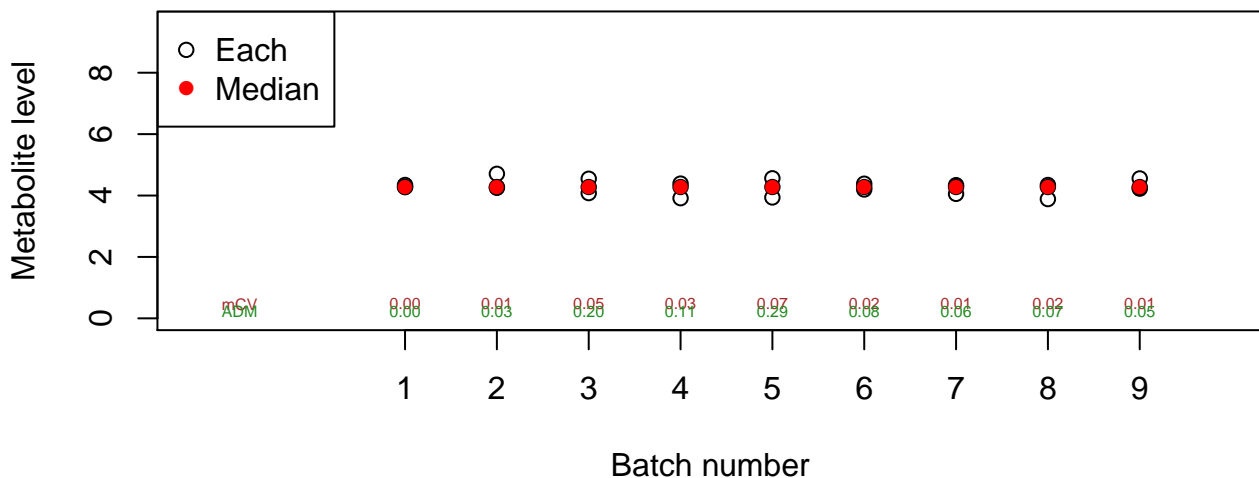

Batch adjusted level of Glutaric Acid

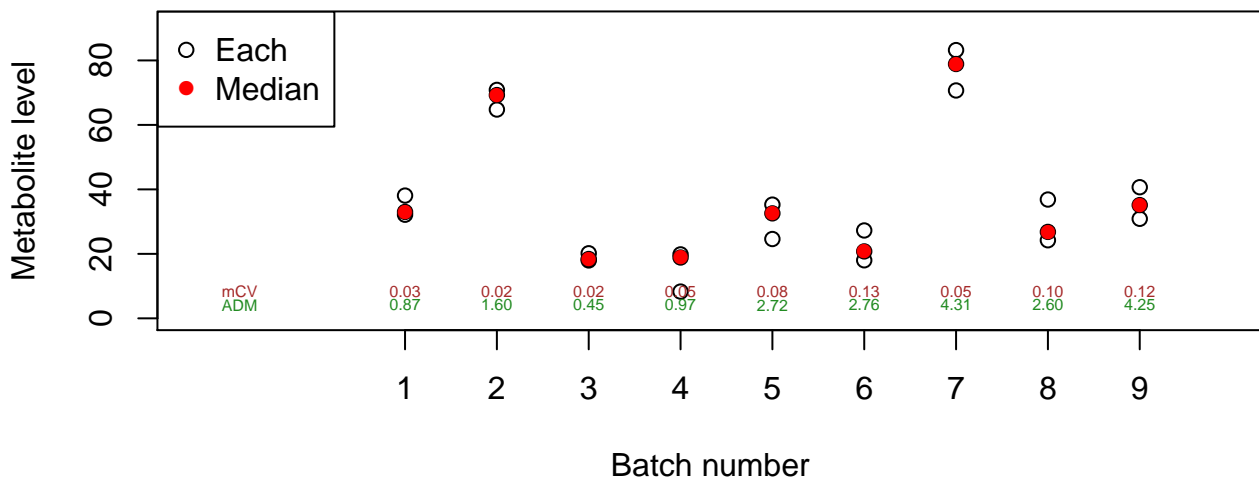

Non-batch adjusted level of Glyceric Acid

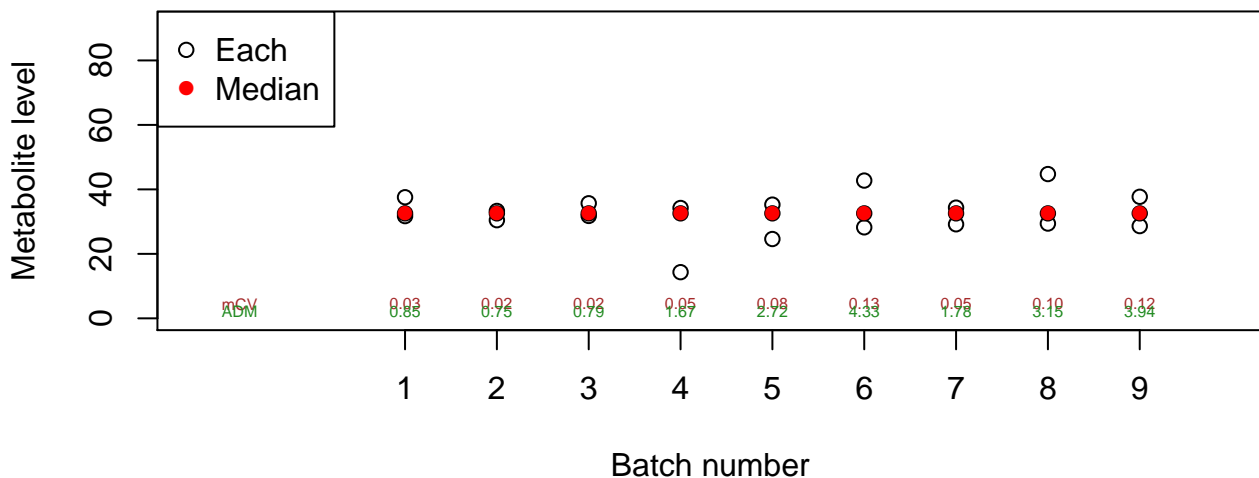

Batch adjusted level of Glyceric Acid

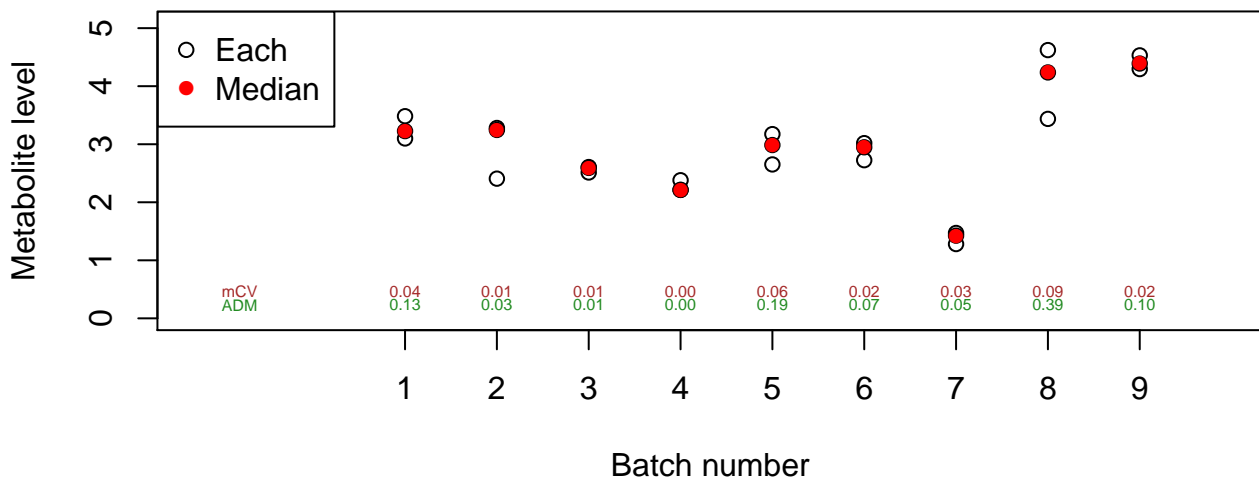

Non-batch adjusted level of Glycolic Acid

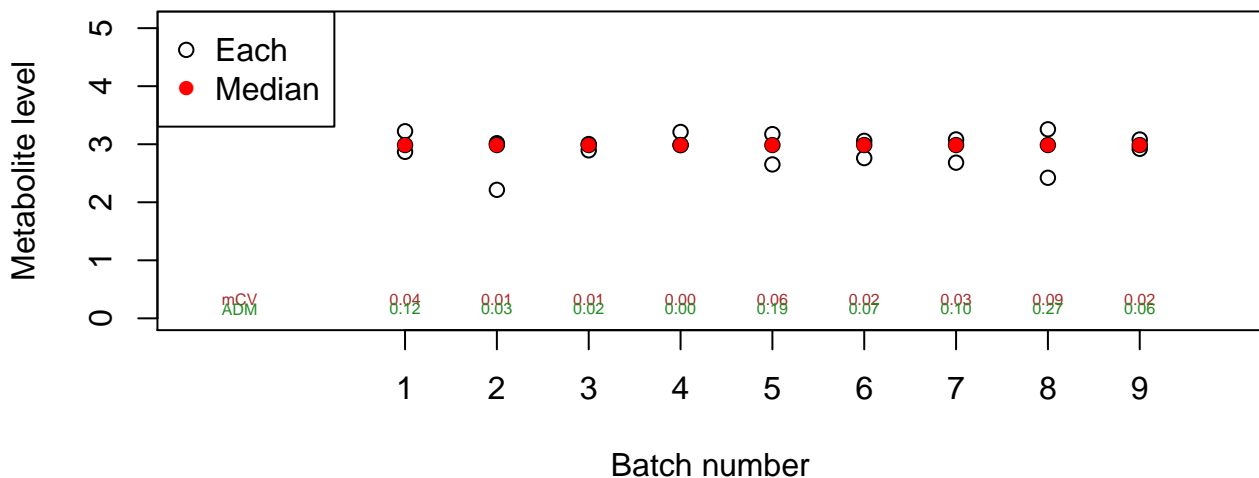

Batch adjusted level of Glycolic Acid

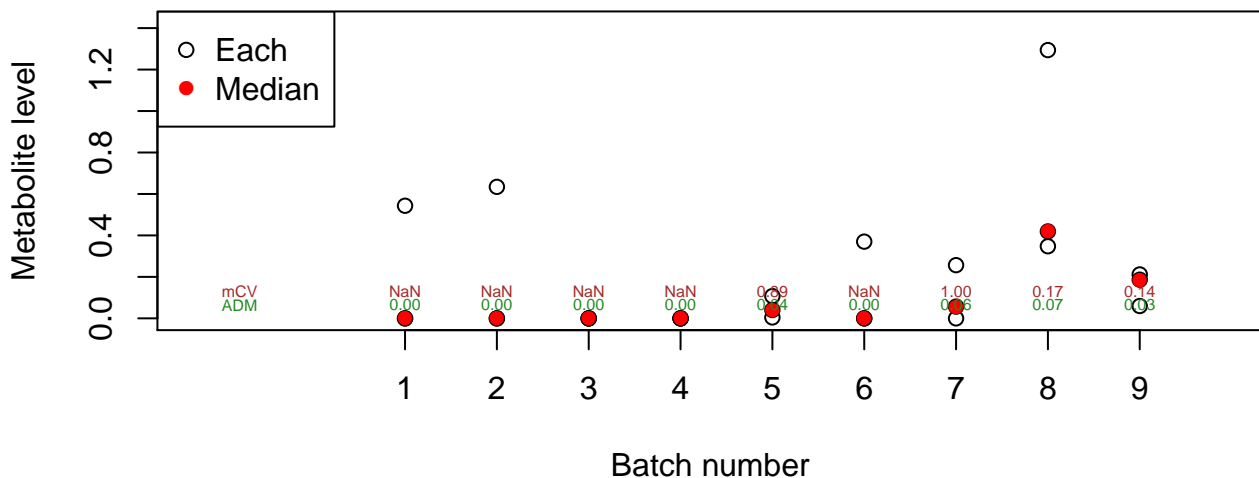

Non-batch adjusted level of Glyoxylic acid

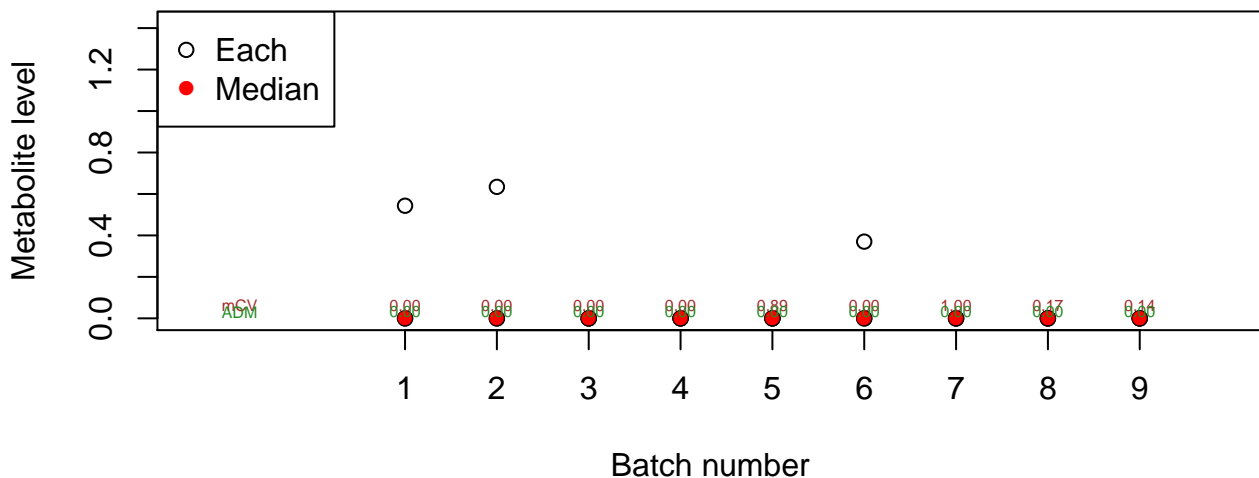

Batch adjusted level of Glyoxylic acid

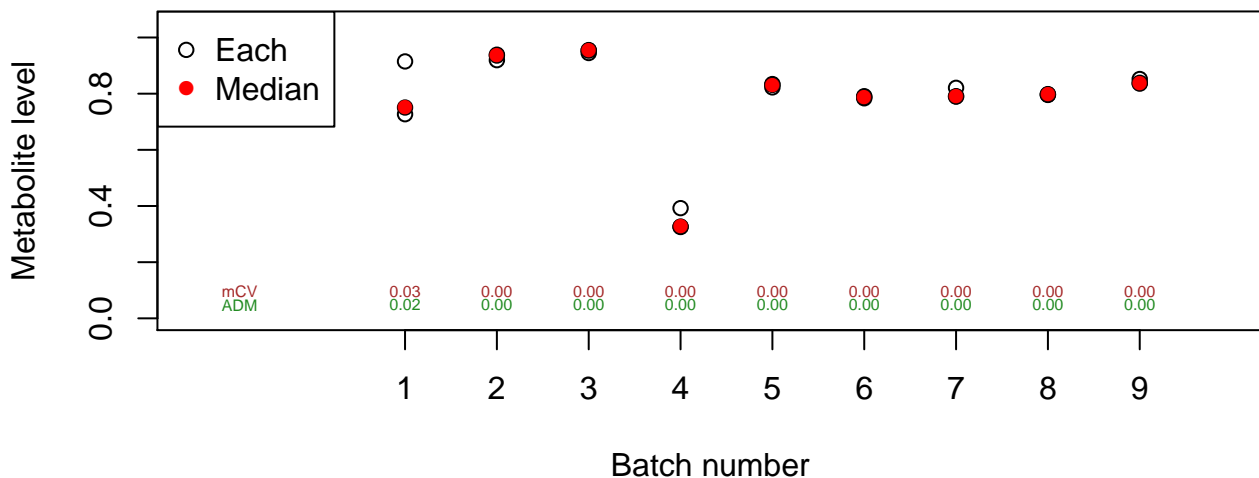

Non-batch adjusted level of Hexanoic acid

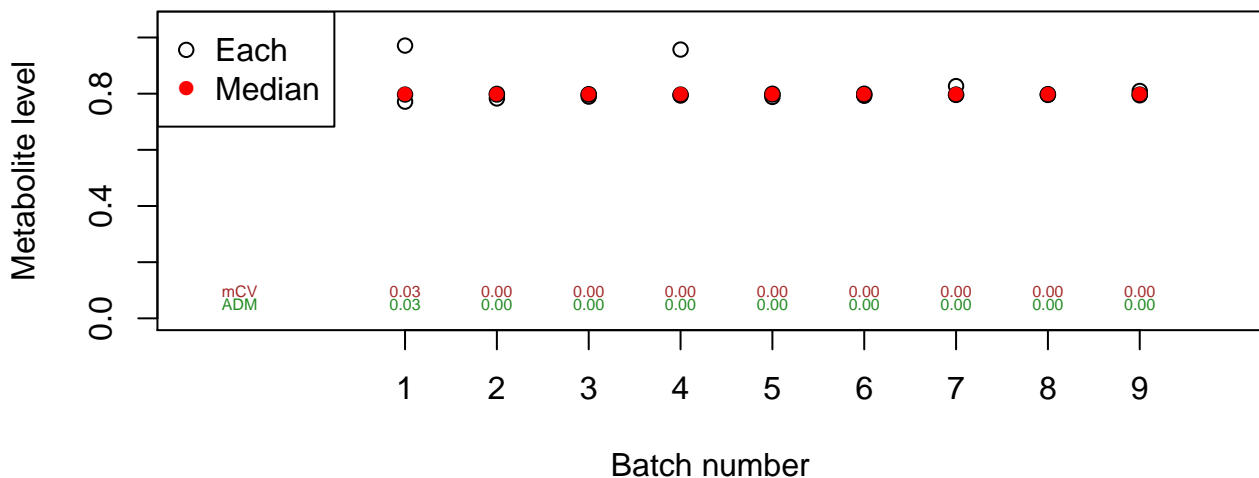

Batch adjusted level of Hexanoic acid

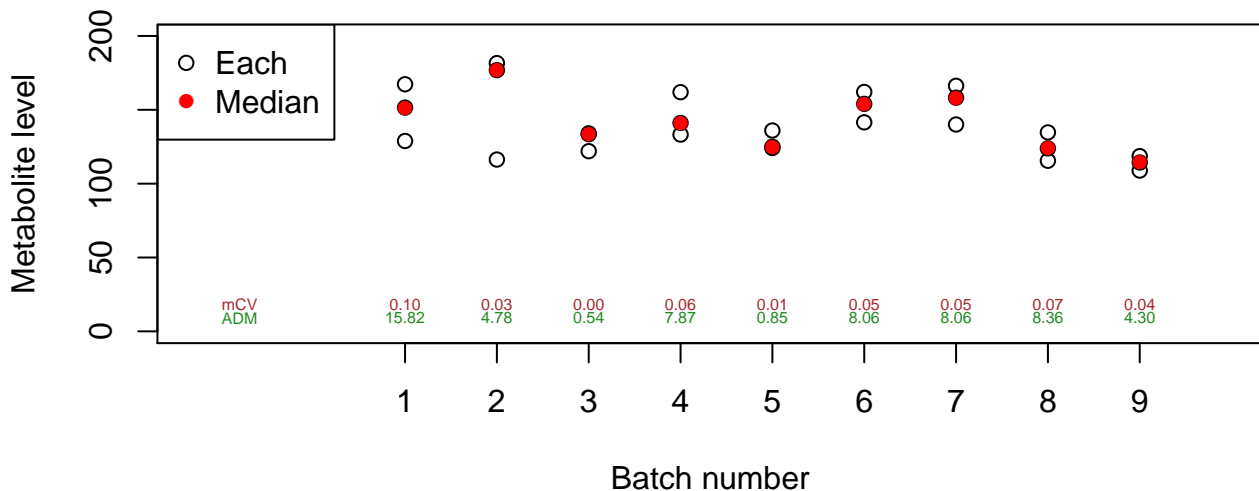

Non-batch adjusted level of Hexanoylglycine

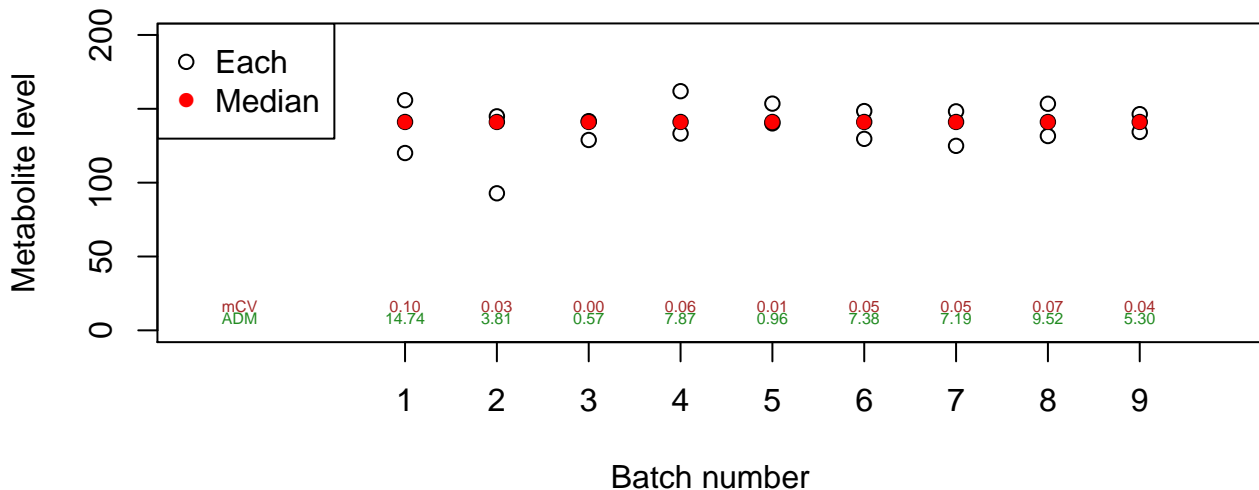

Batch adjusted level of Hexanoylglycine

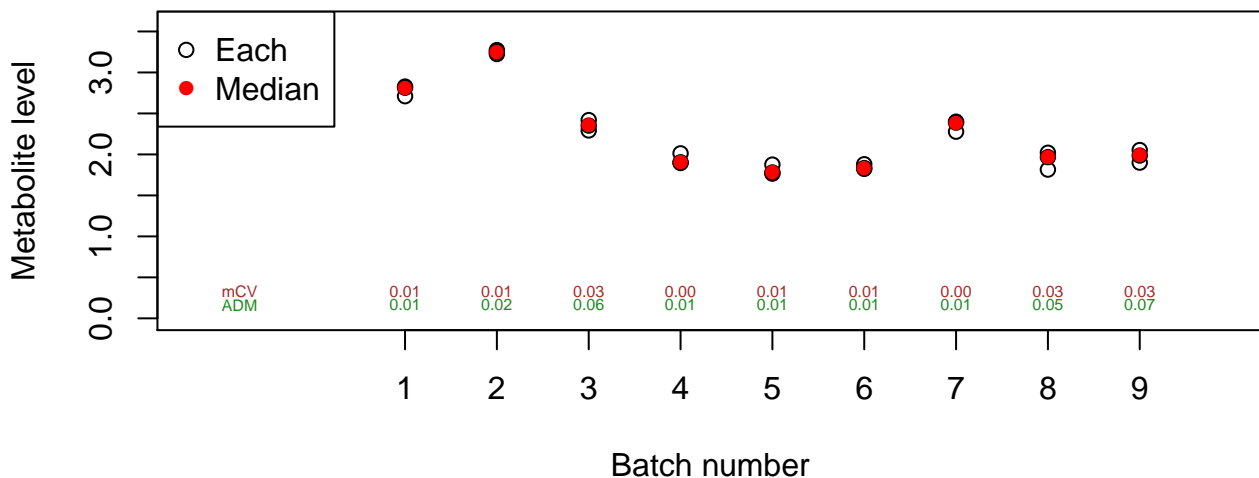

Non-batch adjusted level of Hippuric Acid

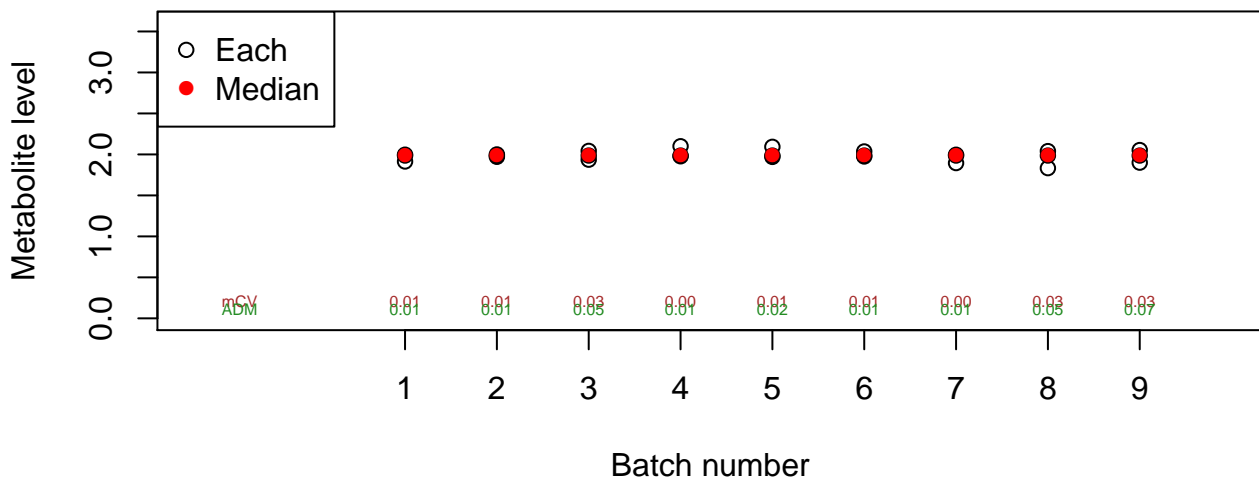

Batch adjusted level of Hippuric Acid

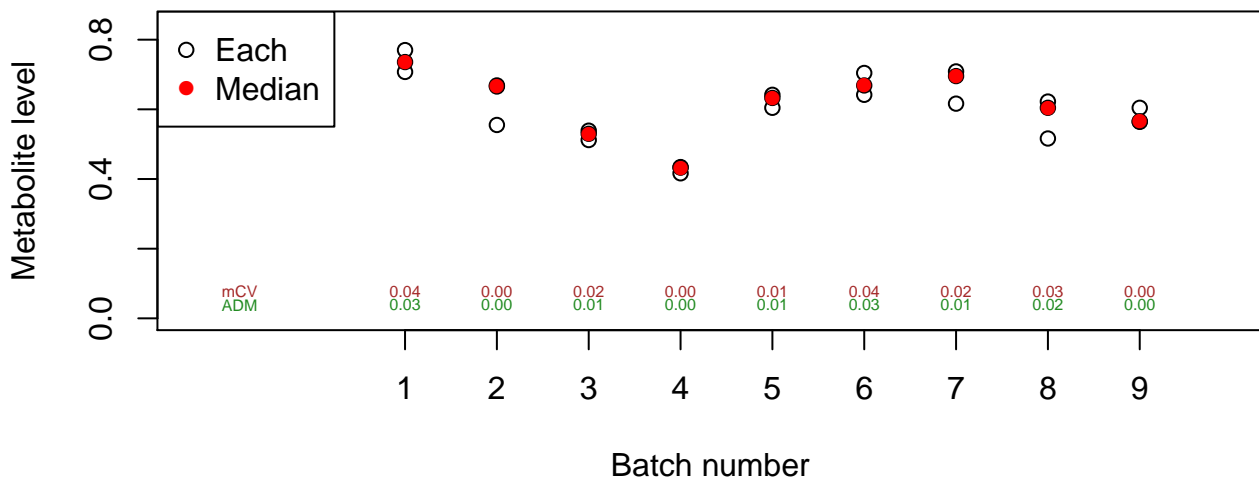

Non-batch adjusted level of Homovanillic Acid

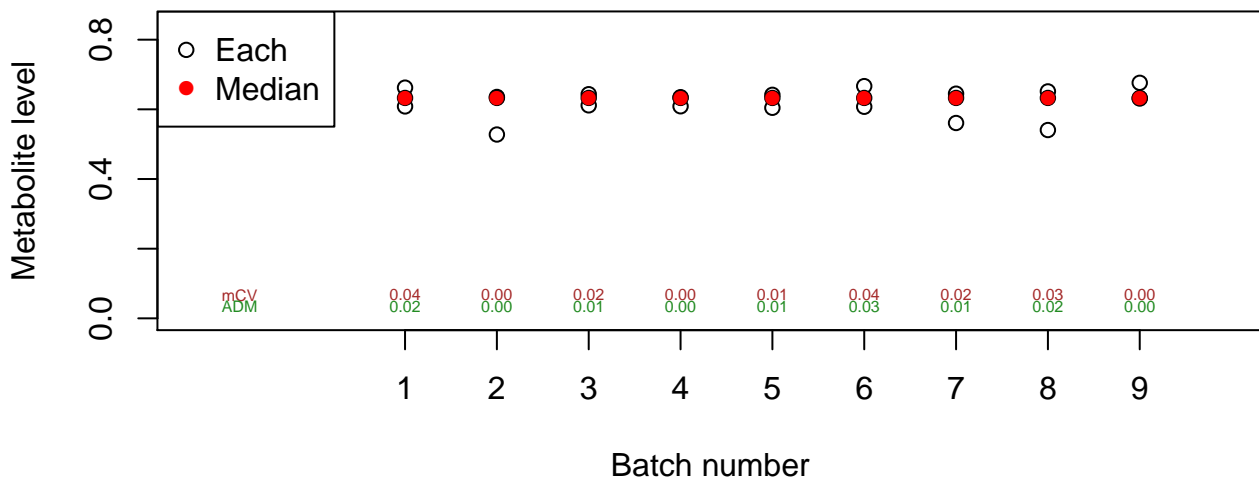

Batch adjusted level of Homovanillic Acid

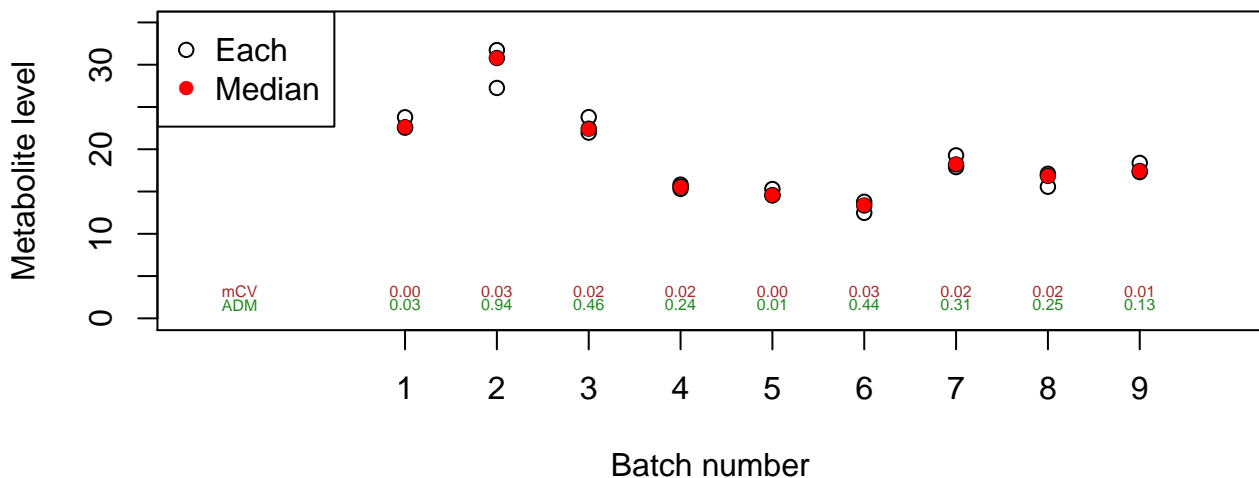

Non-batch adjusted level of Indolelactic acid

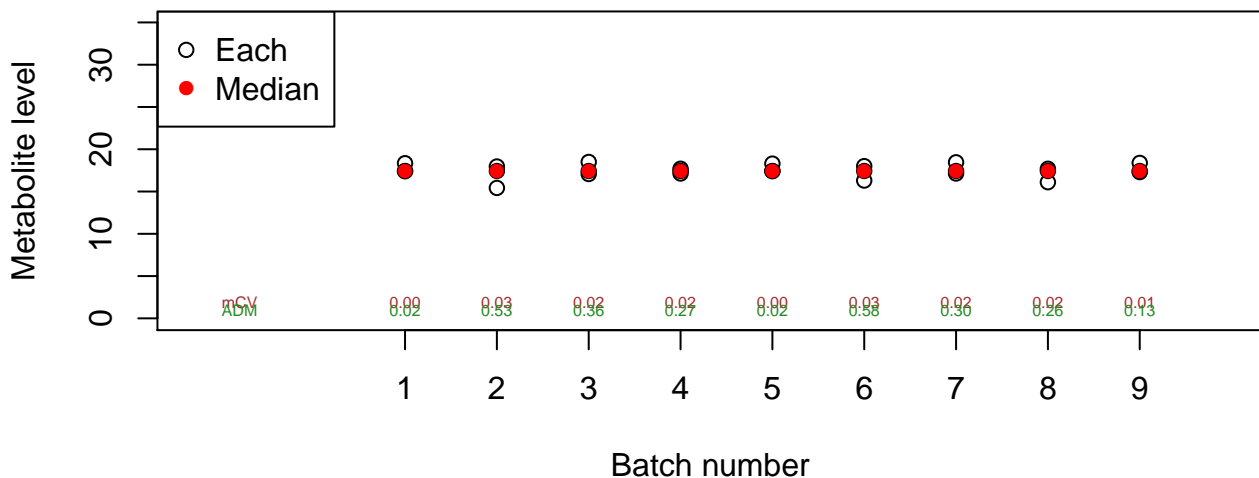

Batch adjusted level of Indolelactic acid

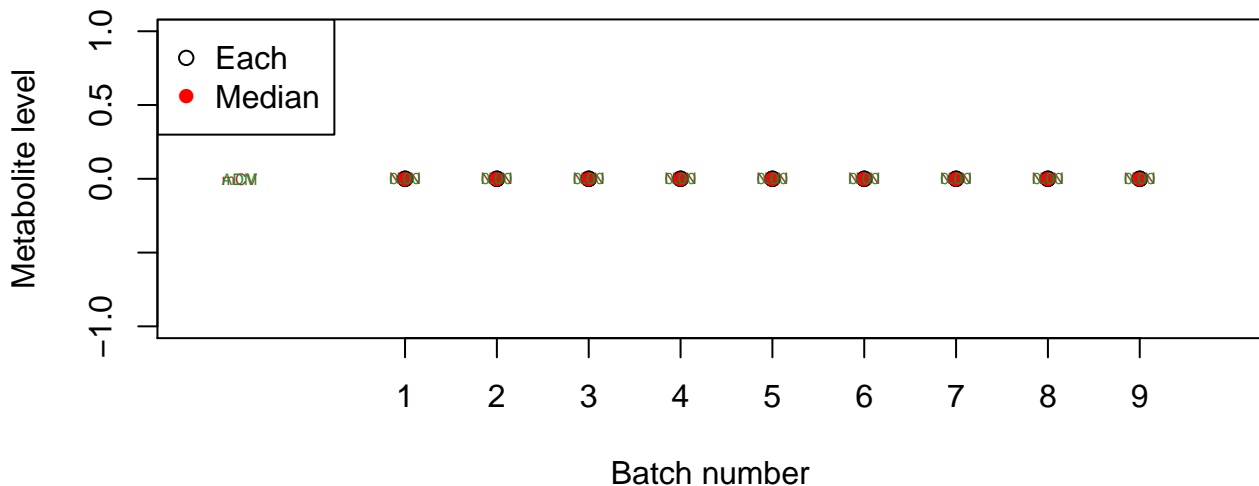

Non-batch adjusted level of Isocitric Acid

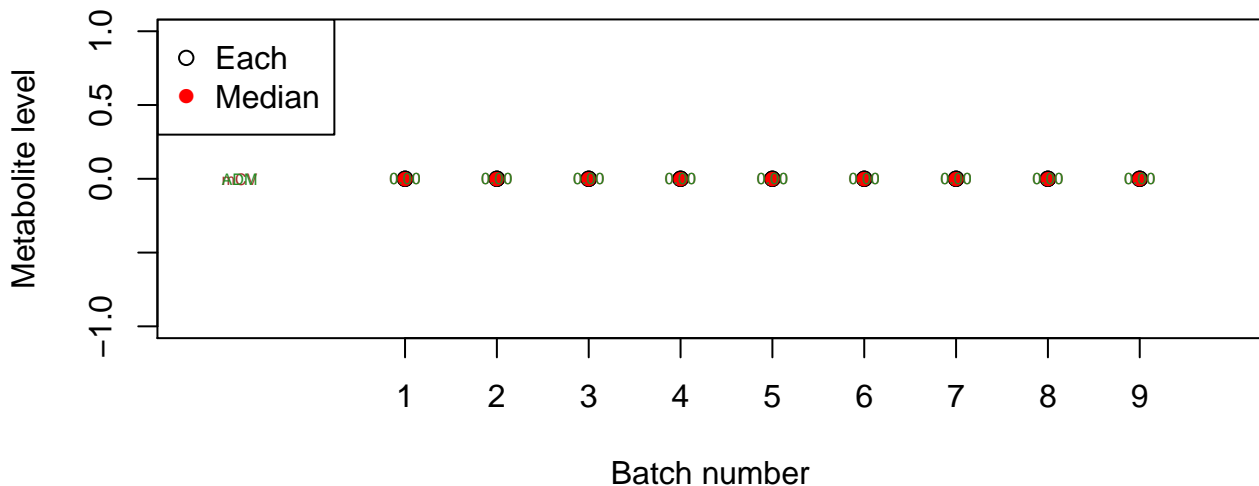

Batch adjusted level of Isocitric Acid

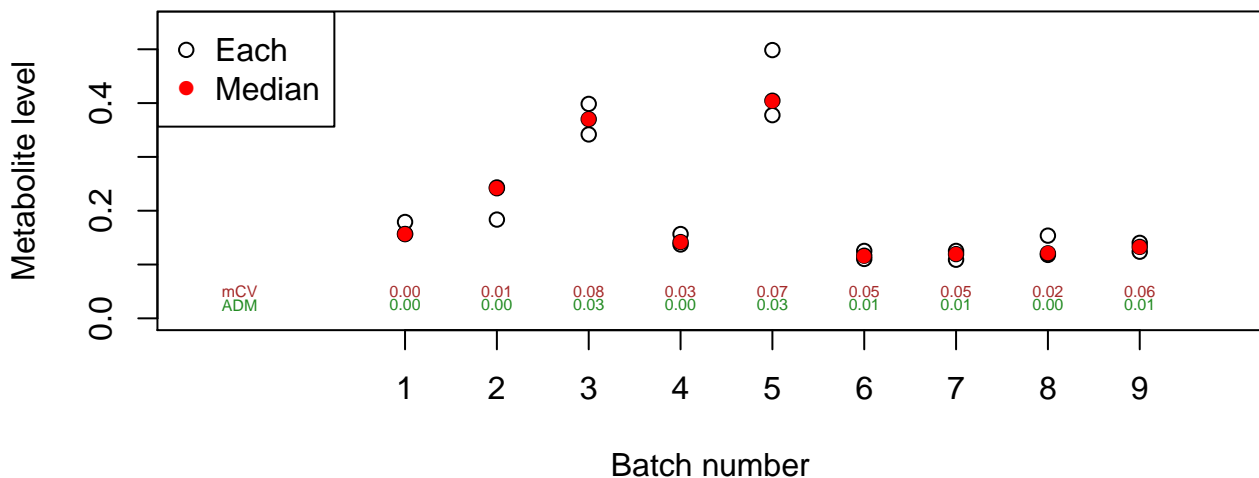

Non-batch adjusted level of Lauric Acid

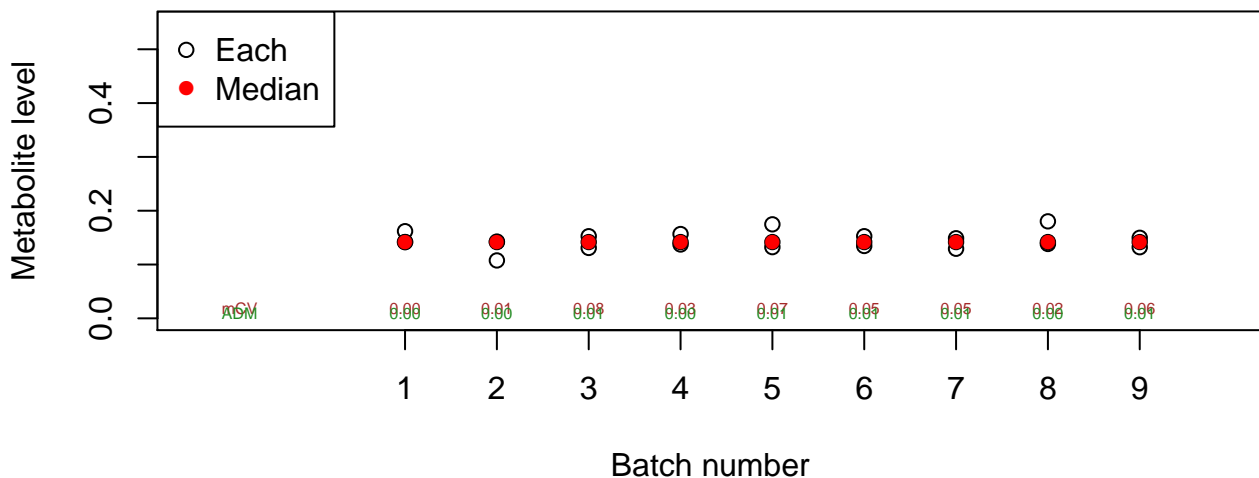

Batch adjusted level of Lauric Acid

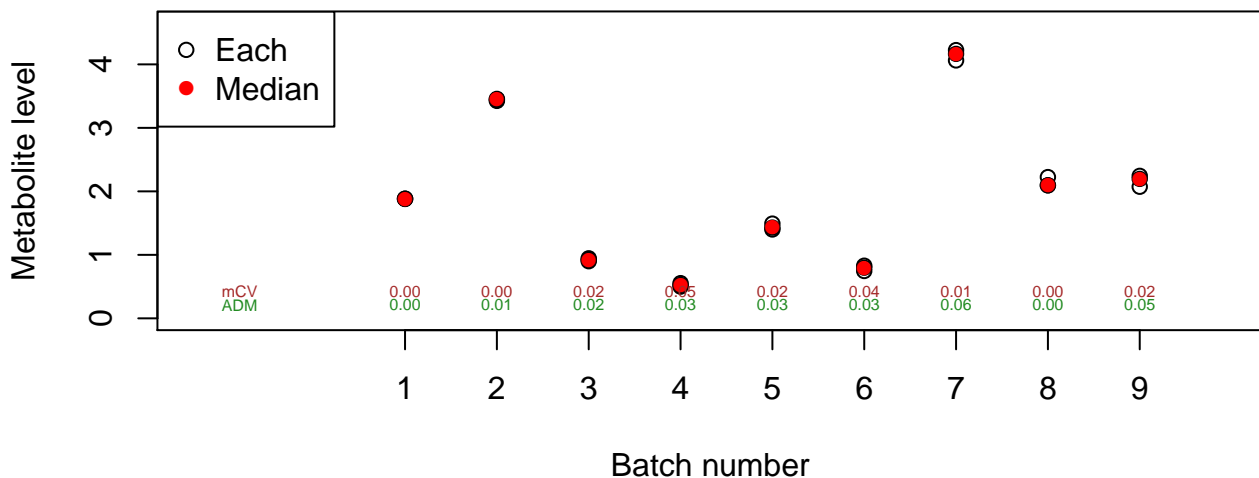

Non-batch adjusted level of Linoleic acid

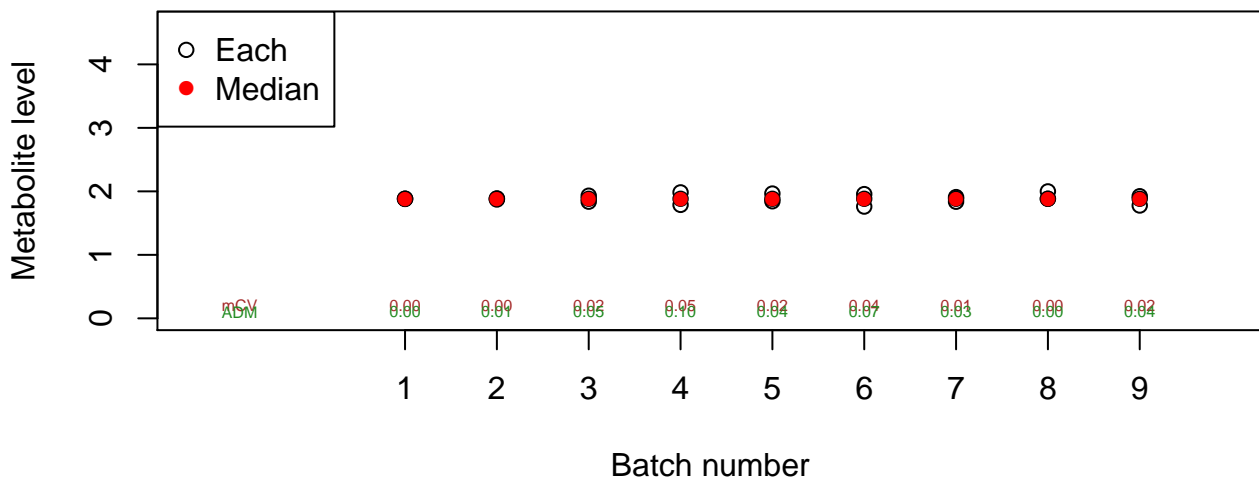

Batch adjusted level of Linoleic acid

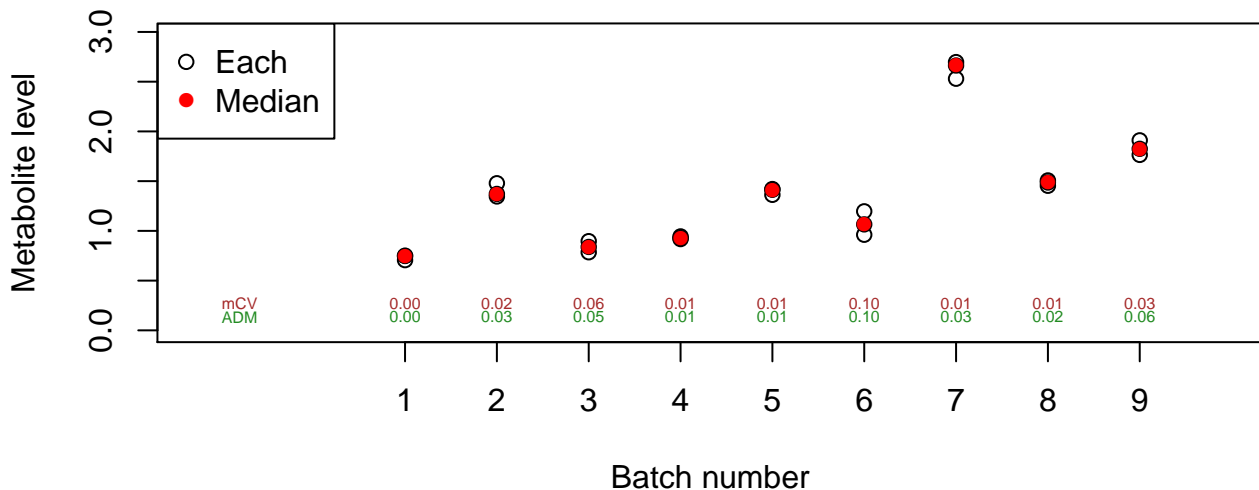

Non-batch adjusted level of Malic Acid

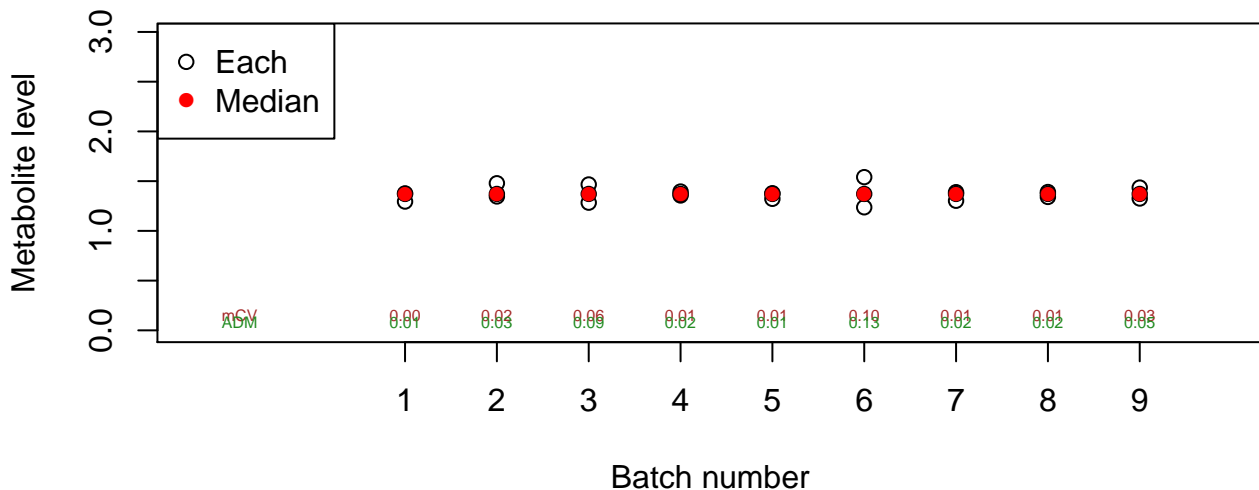

Batch adjusted level of Malic Acid

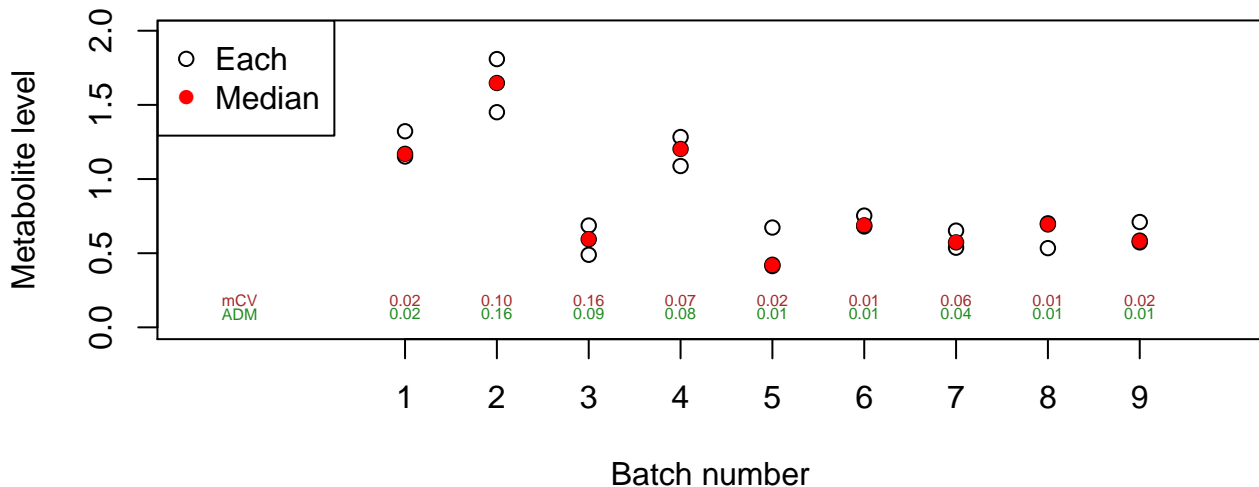

Non-batch adjusted level of Malonic acid

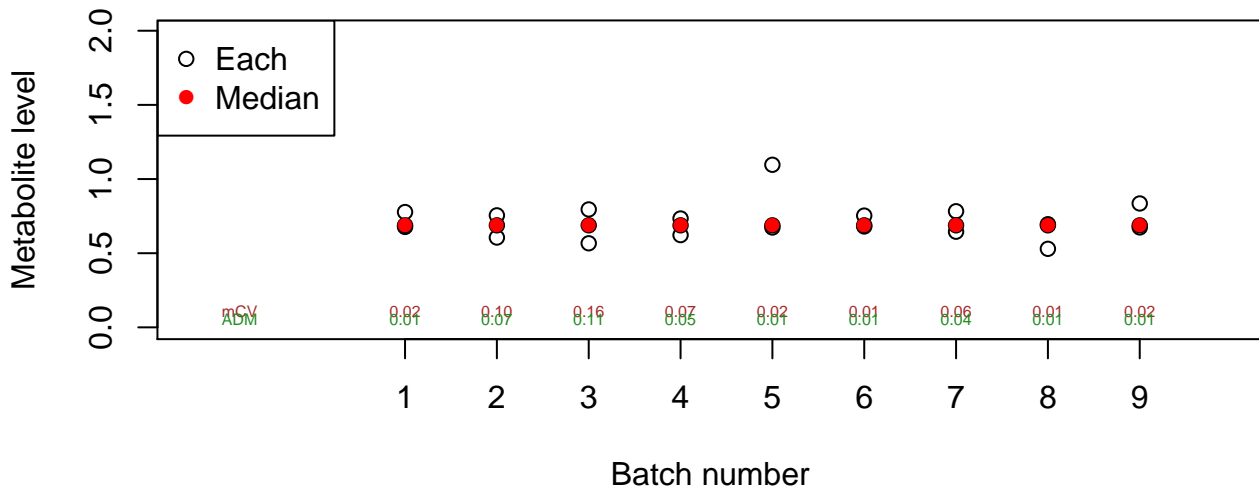

Batch adjusted level of Malonic acid

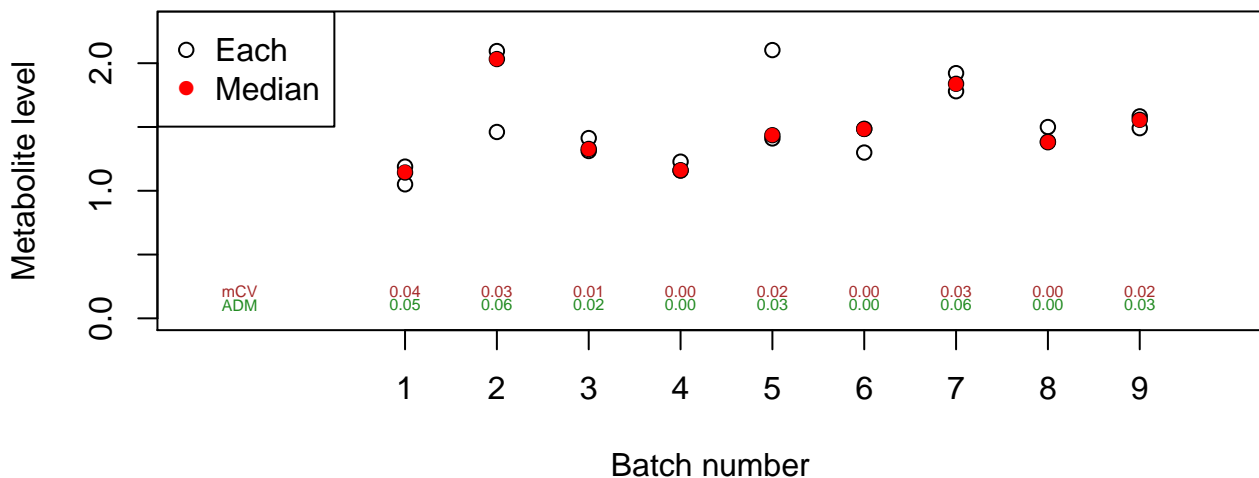

Non-batch adjusted level of Methylcitric Acid

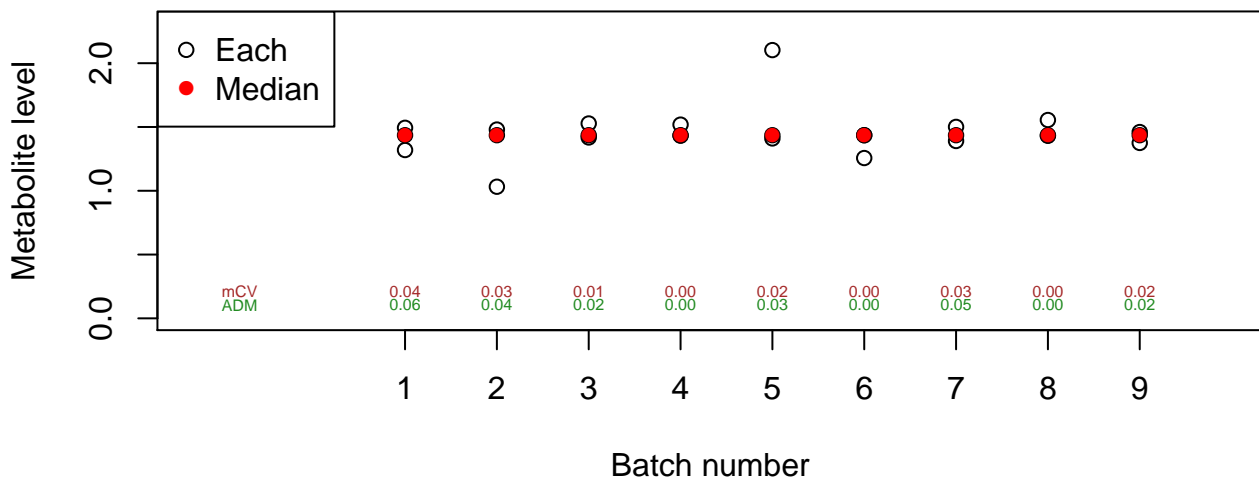

Batch adjusted level of Methylcitric Acid

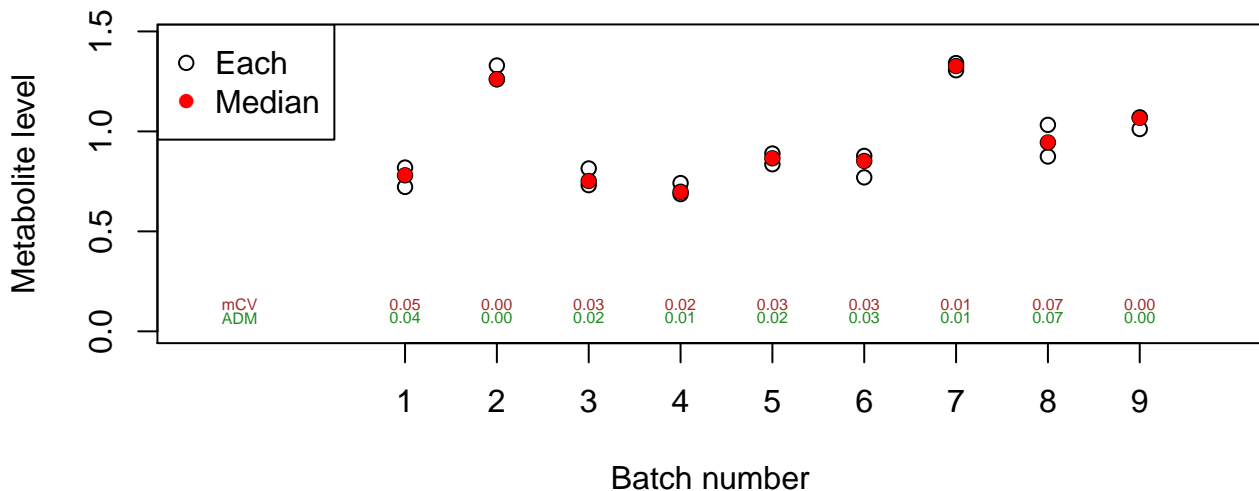

Non-batch adjusted level of Methylmalonic Acid

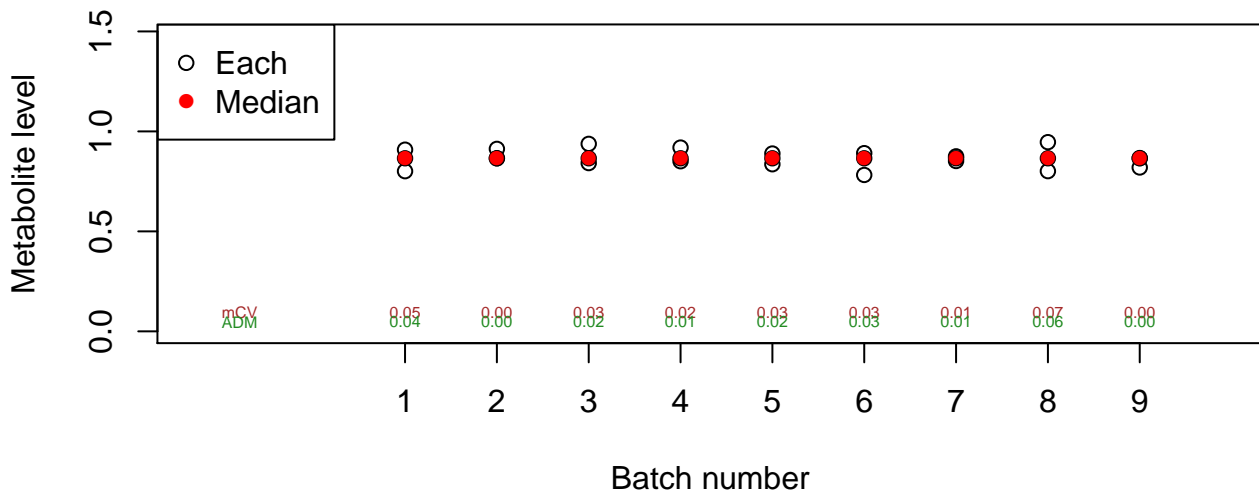

Batch adjusted level of Methylmalonic Acid

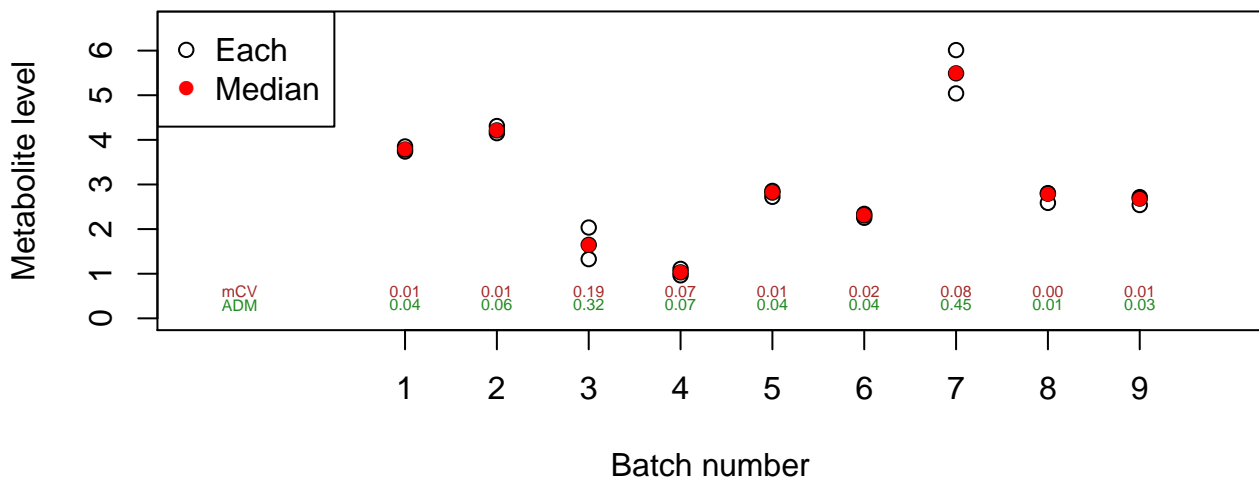

Non-batch adjusted level of Methylsuccinic Acid

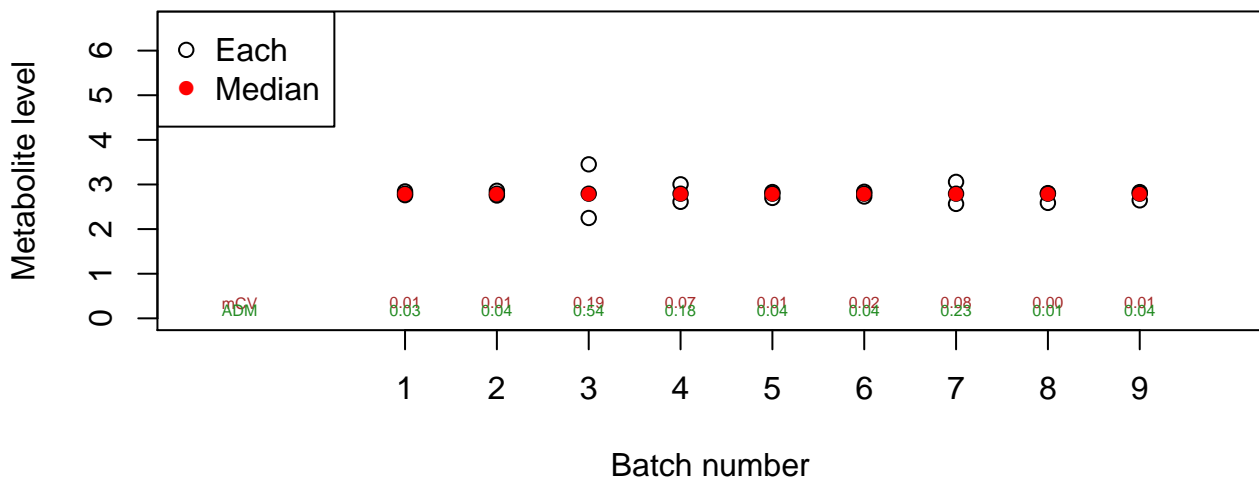

Batch adjusted level of Methylsuccinic Acid

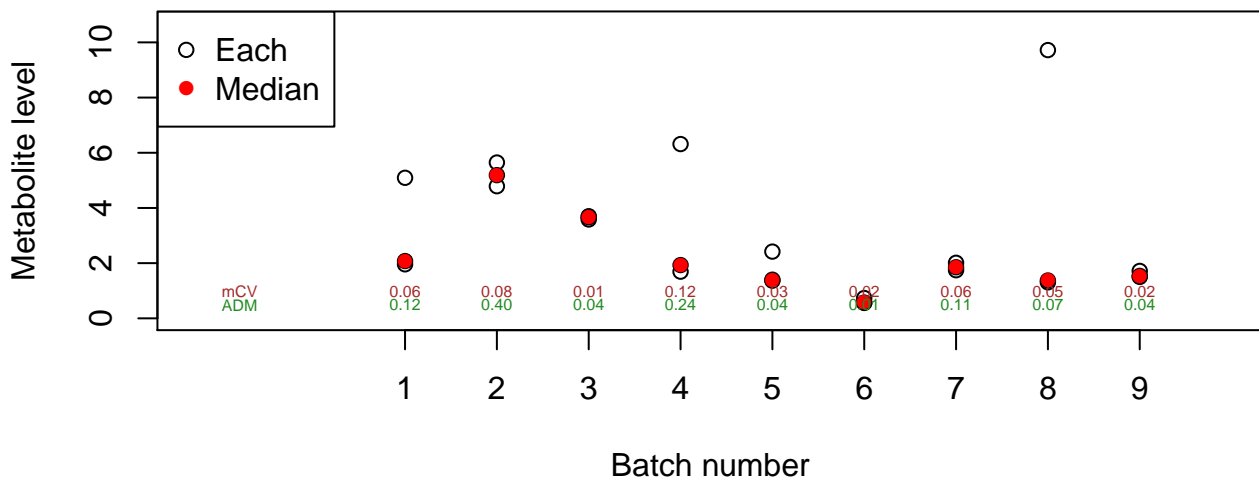

Non-batch adjusted level of Mevalonolactone

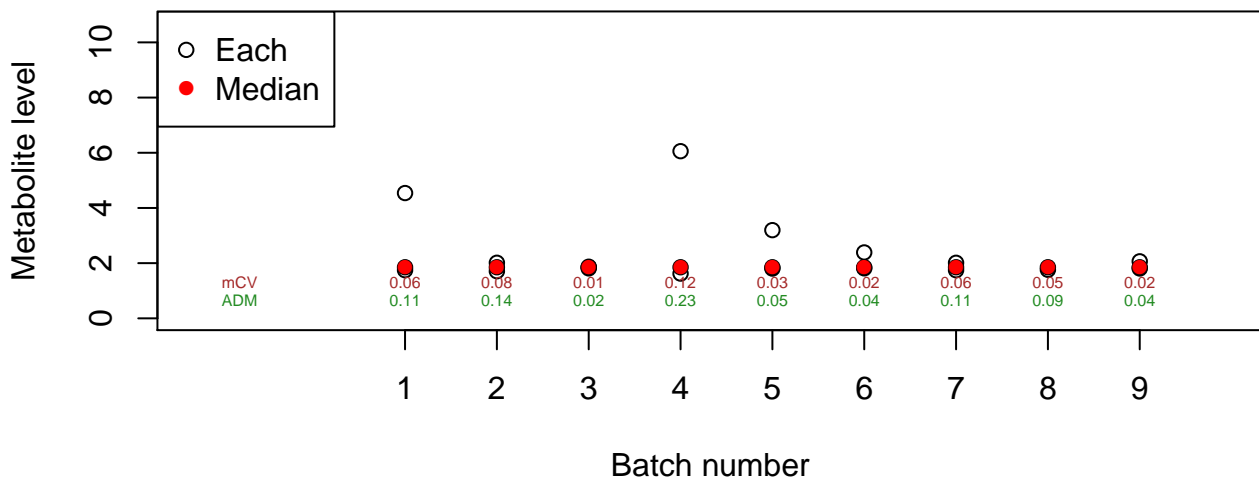

Batch adjusted level of Mevalonolactone

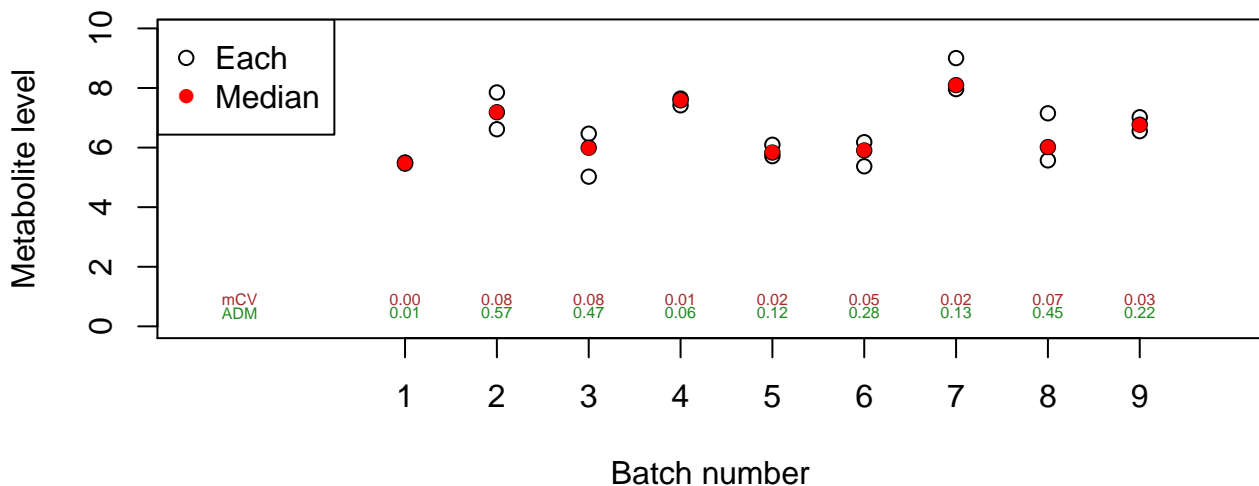

Non-batch adjusted level of Myristic Acid

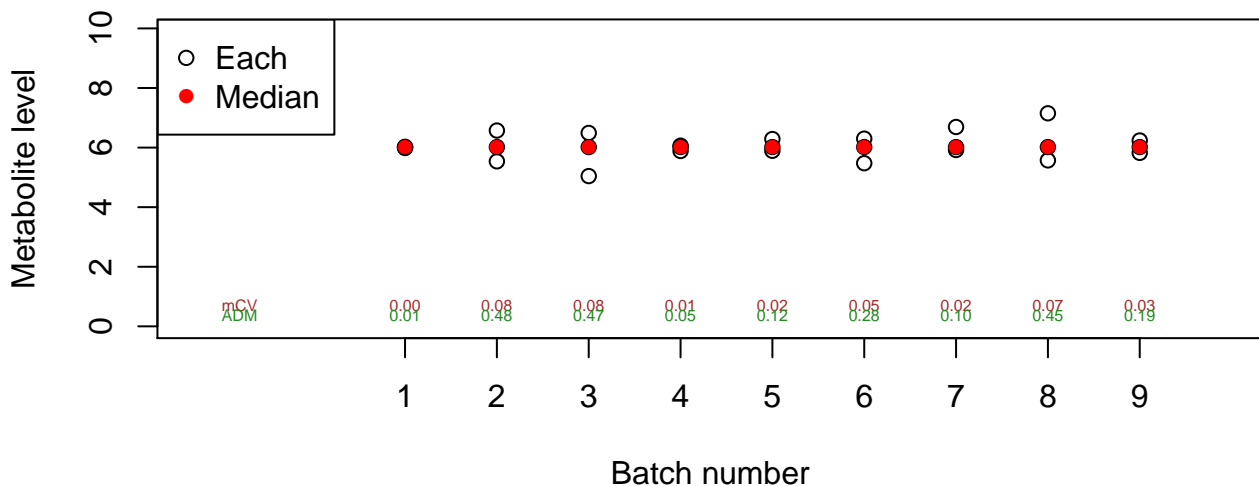

Batch adjusted level of Myristic Acid

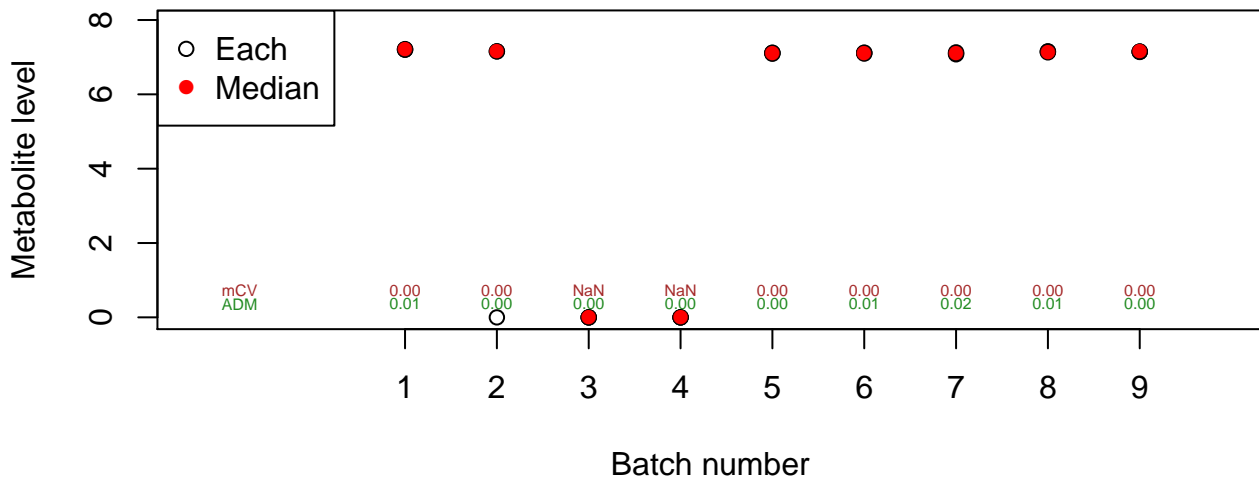

Non-batch adjusted level of N-Acetyl Aspartate

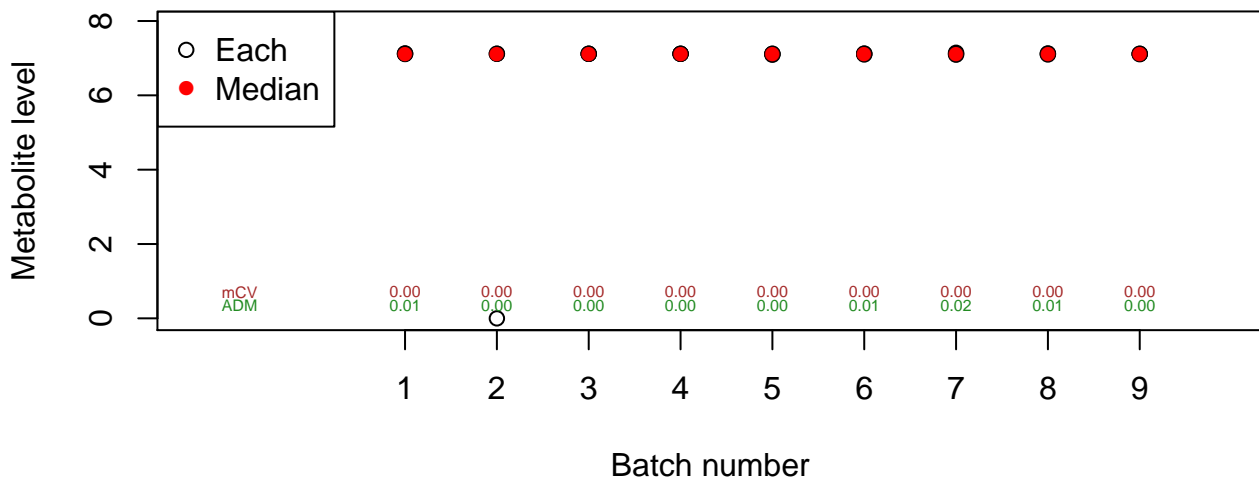

Batch adjusted level of N-Acetyl Aspartate

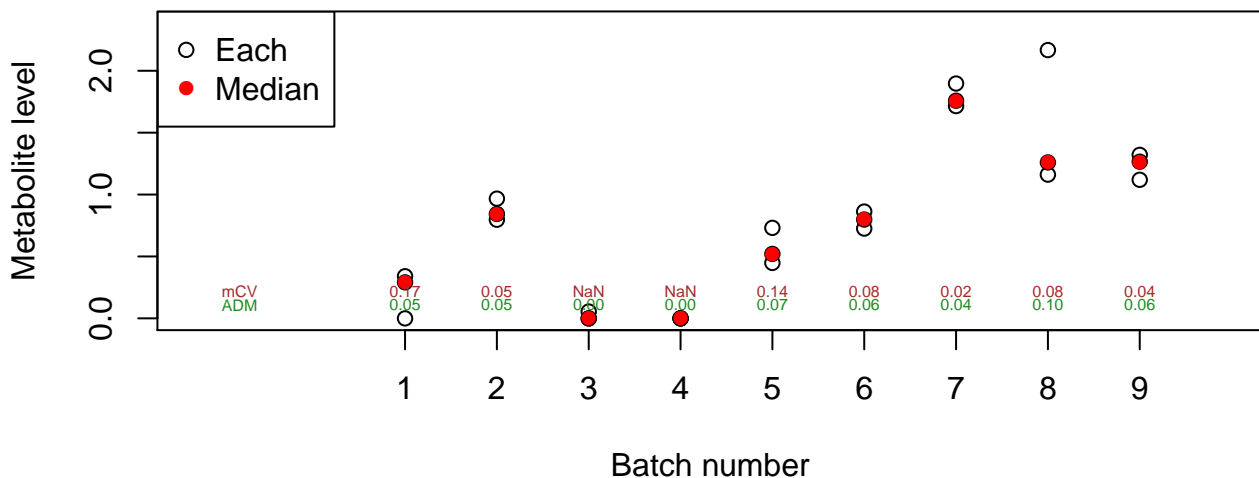

Non-batch adjusted level of N-Acetyl-L-Tyrosine

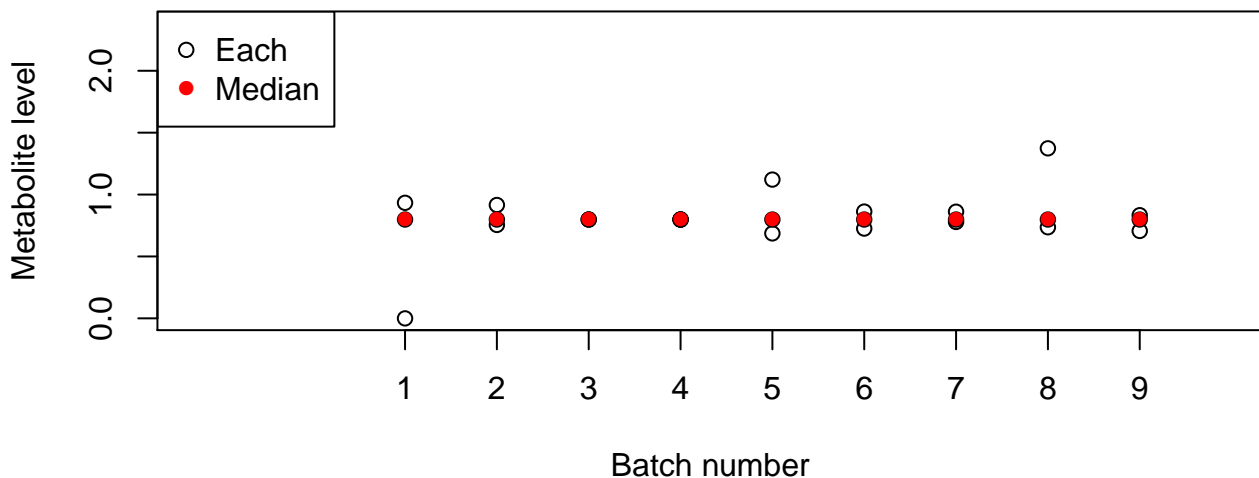

Batch adjusted level of N-Acetyl-L-Tyrosine

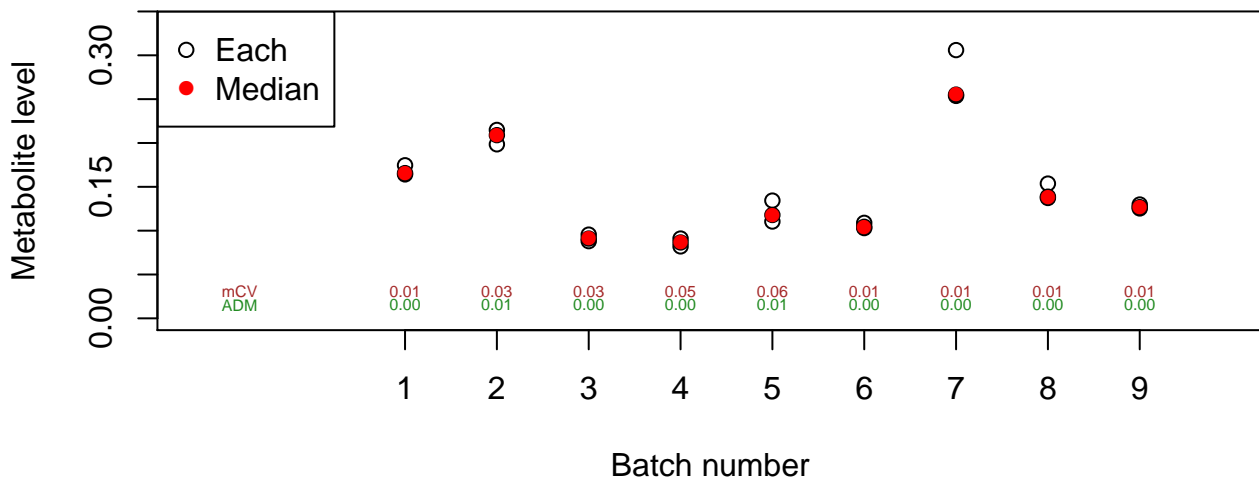

Non-batch adjusted level of Octanoic Acid

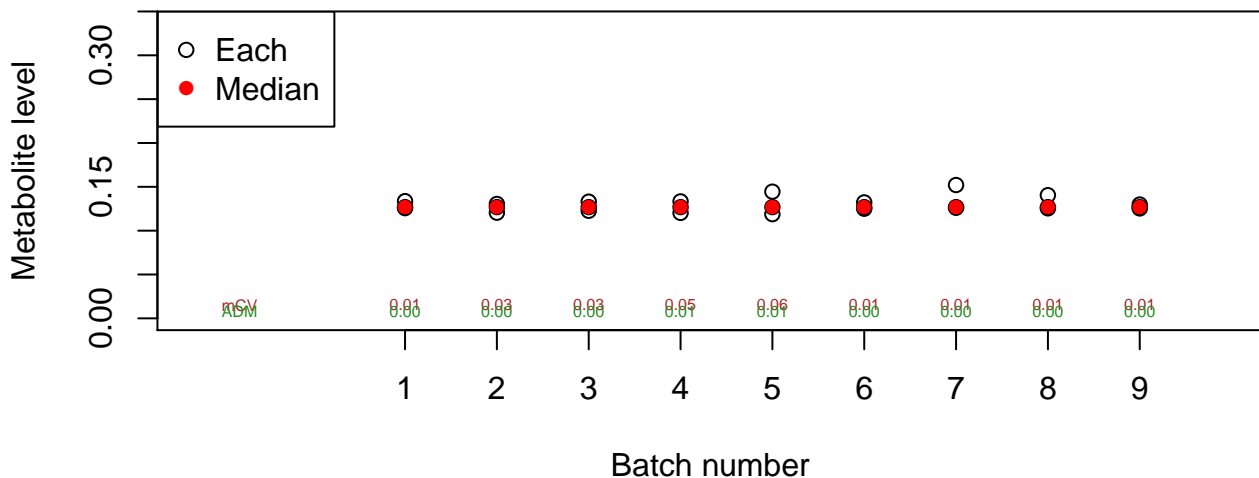

Batch adjusted level of Octanoic Acid

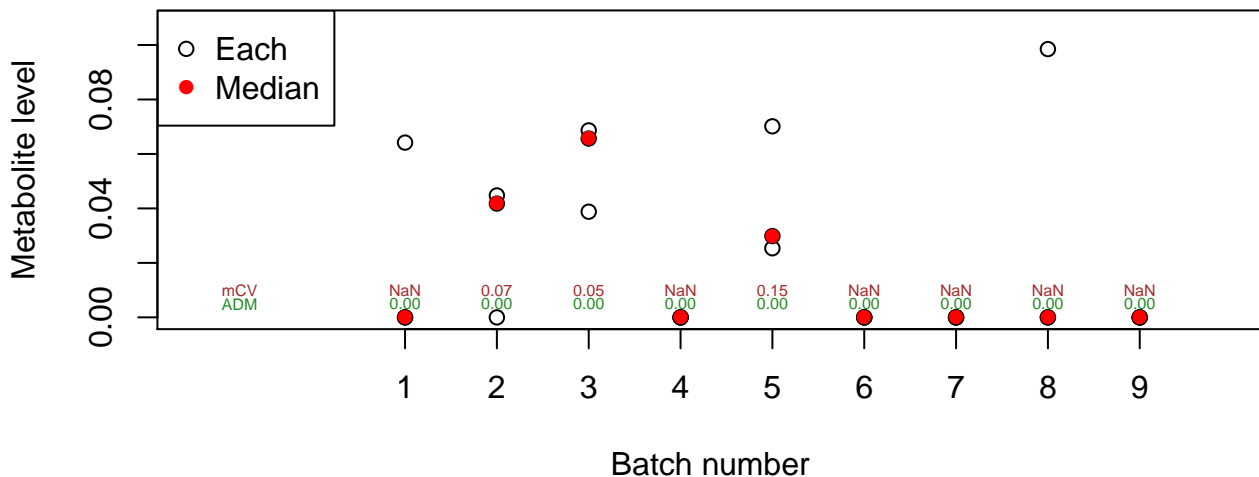

Non-batch adjusted level of Octenedioic Acid

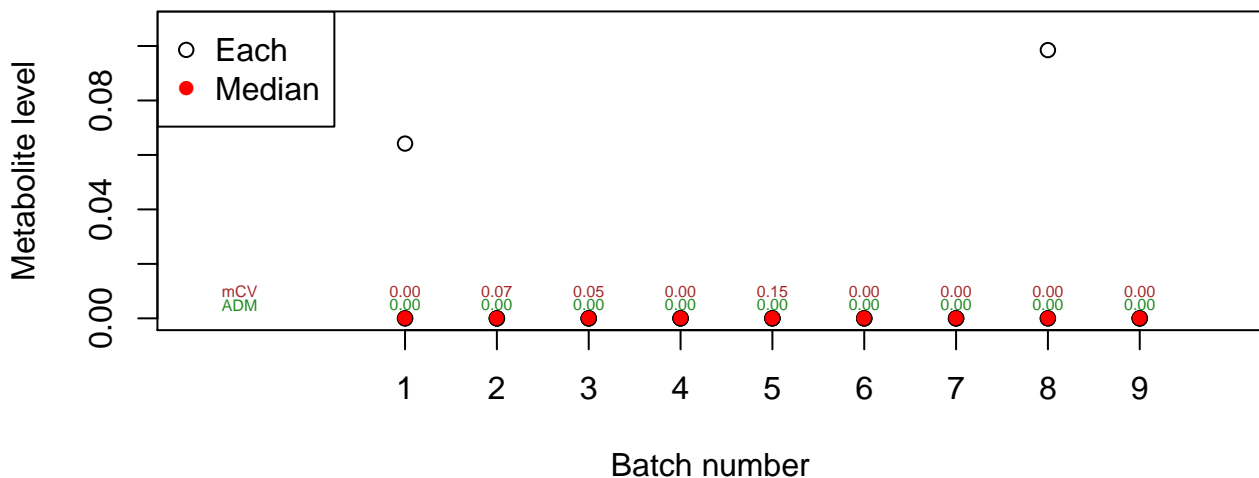

Batch adjusted level of Octenedioic Acid

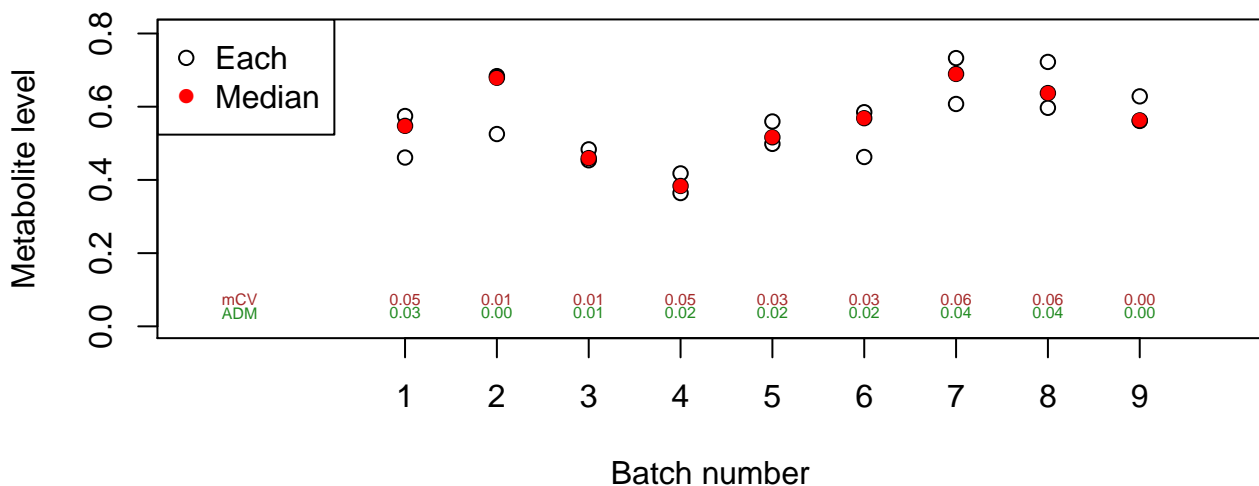

Non-batch adjusted level of Oleic Acid

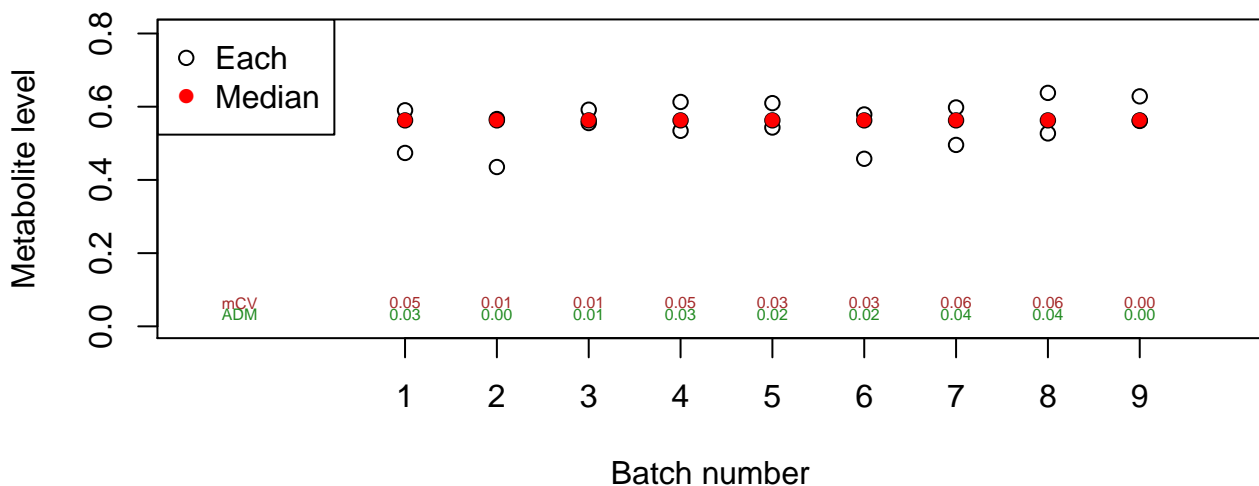

Batch adjusted level of Oleic Acid

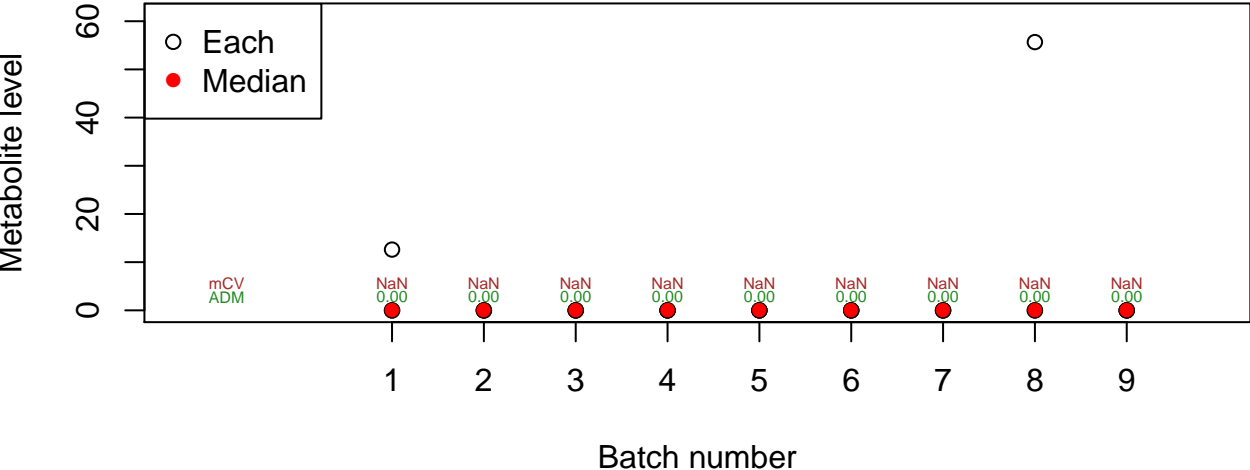

Non-batch adjusted level of Orotic Acid

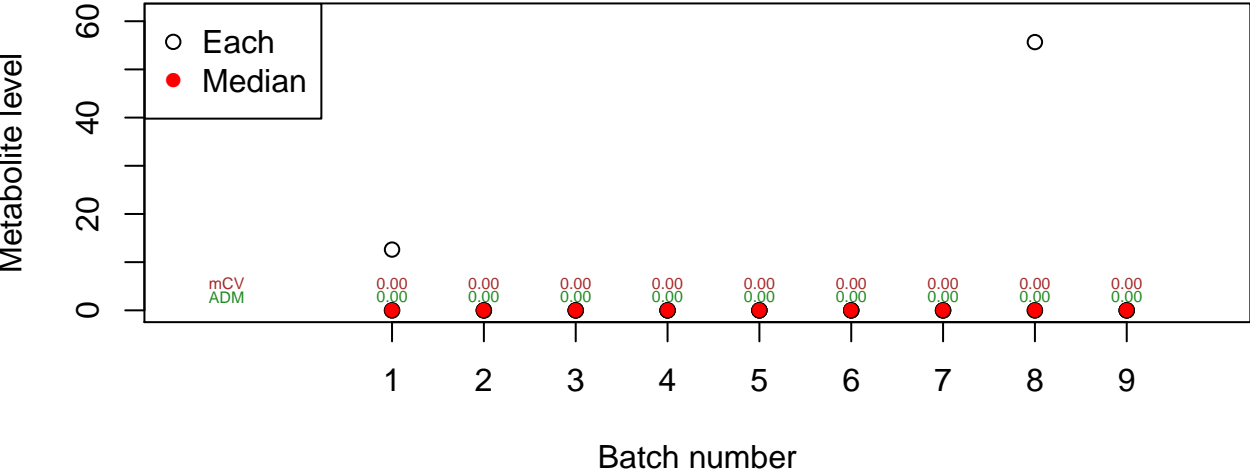

Batch adjusted level of Orotic Acid

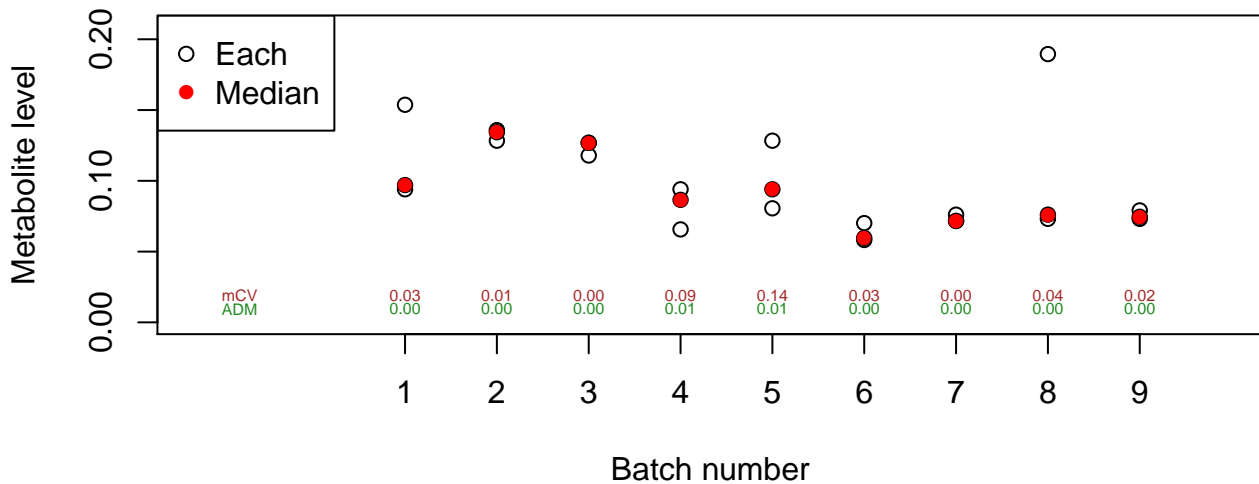

Non-batch adjusted level of Palmitic Acid

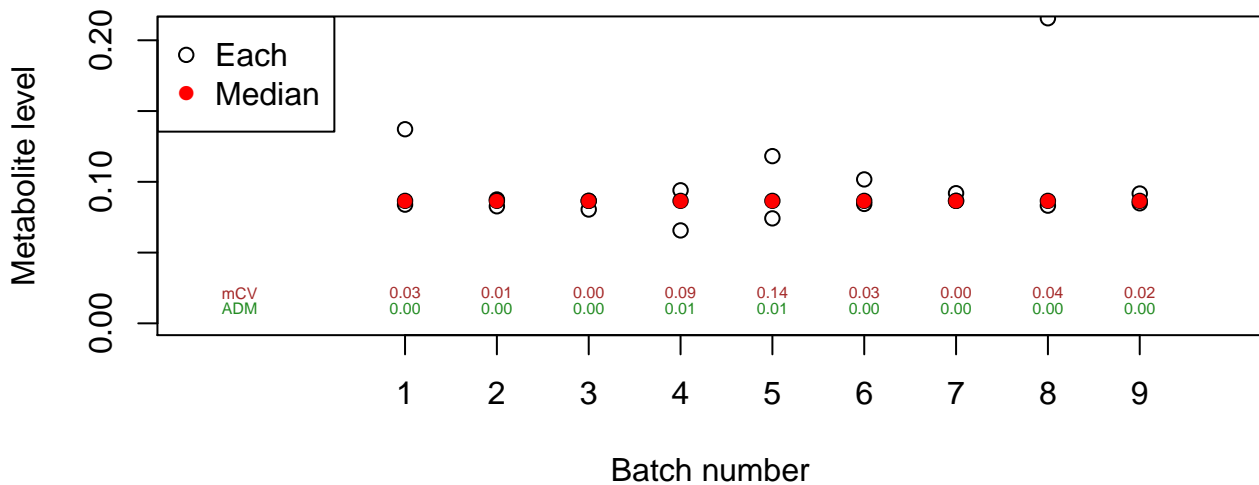

Batch adjusted level of Palmitic Acid

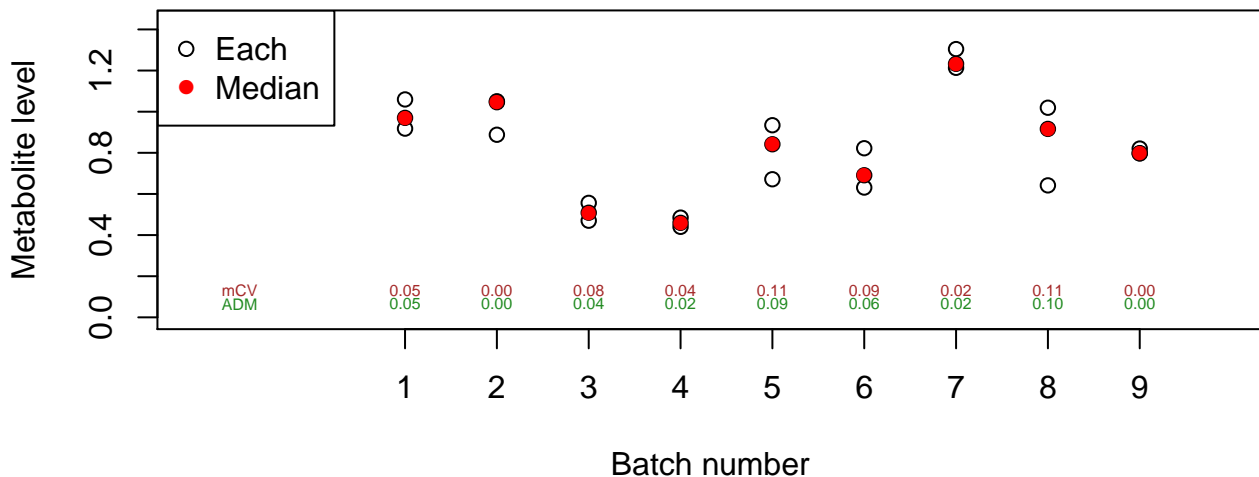

Non-batch adjusted level of Palmitoleic Acid

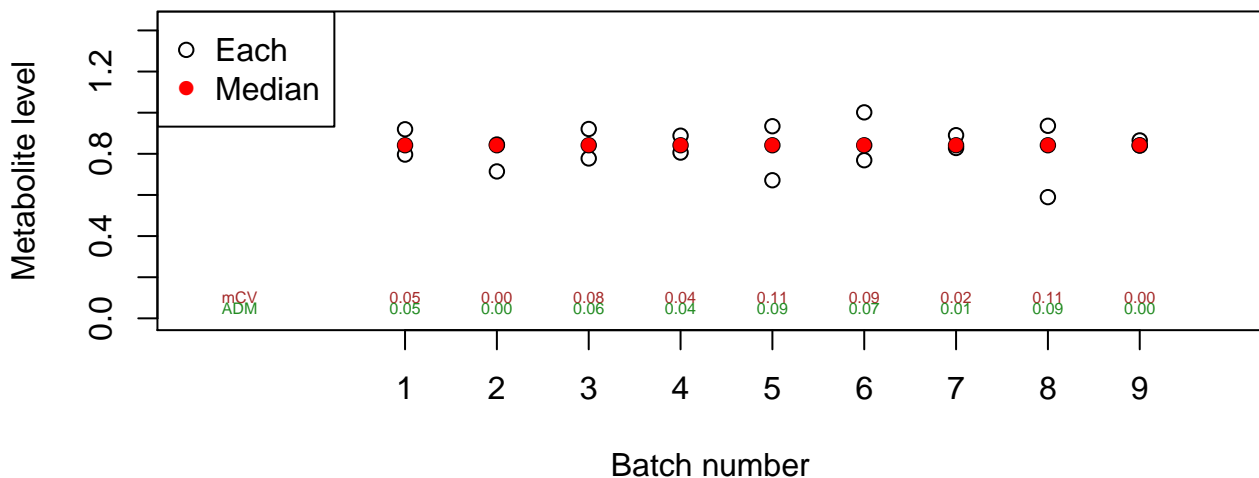

Batch adjusted level of Palmitoleic Acid

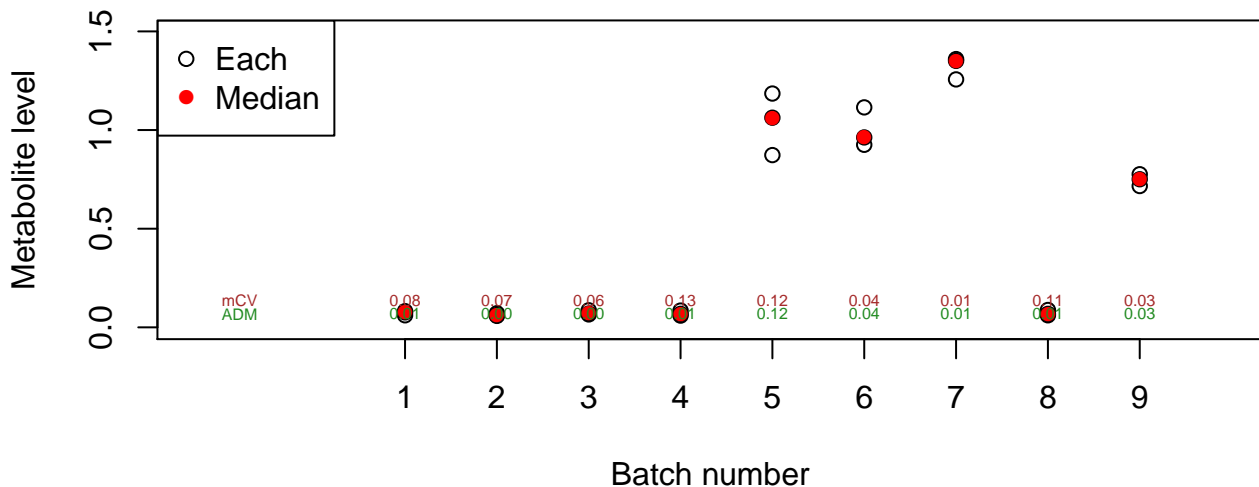

Non-batch adjusted level of PhenylAcetic

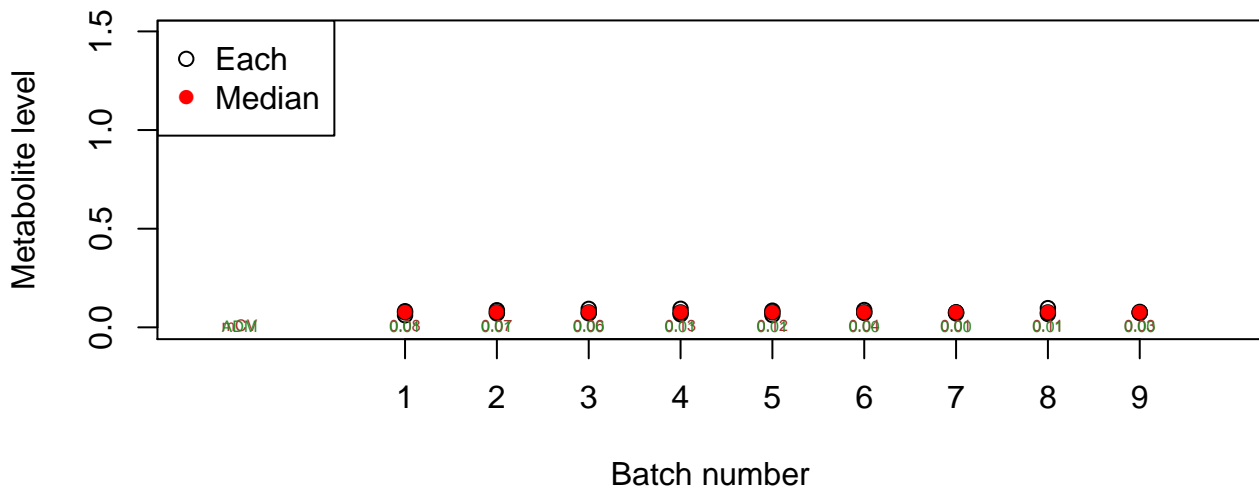

Batch adjusted level of PhenylAcetic

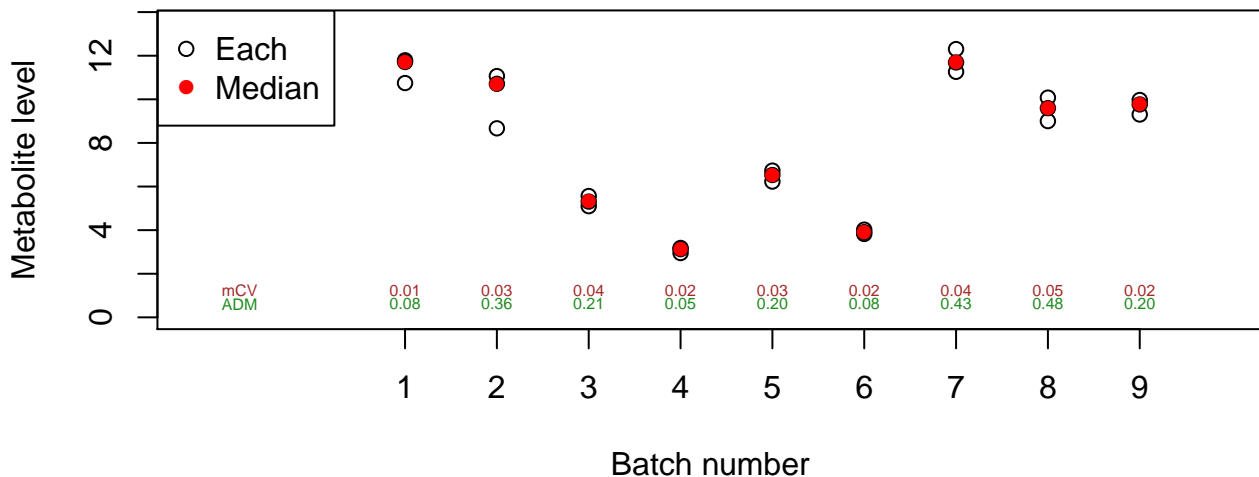

Non-batch adjusted level of Phenylpyruvic acid

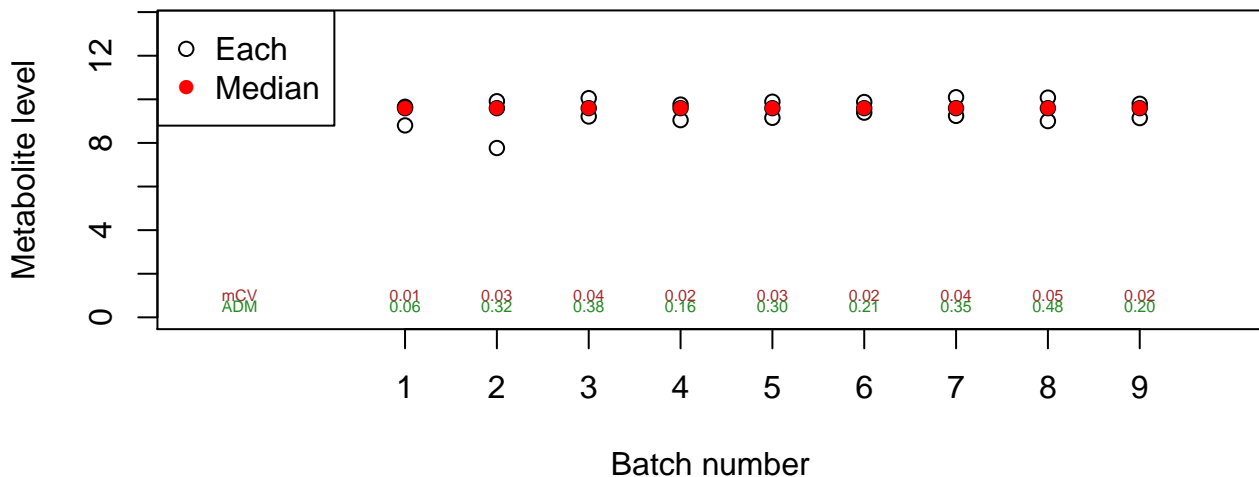

Batch adjusted level of Phenylpyruvic acid

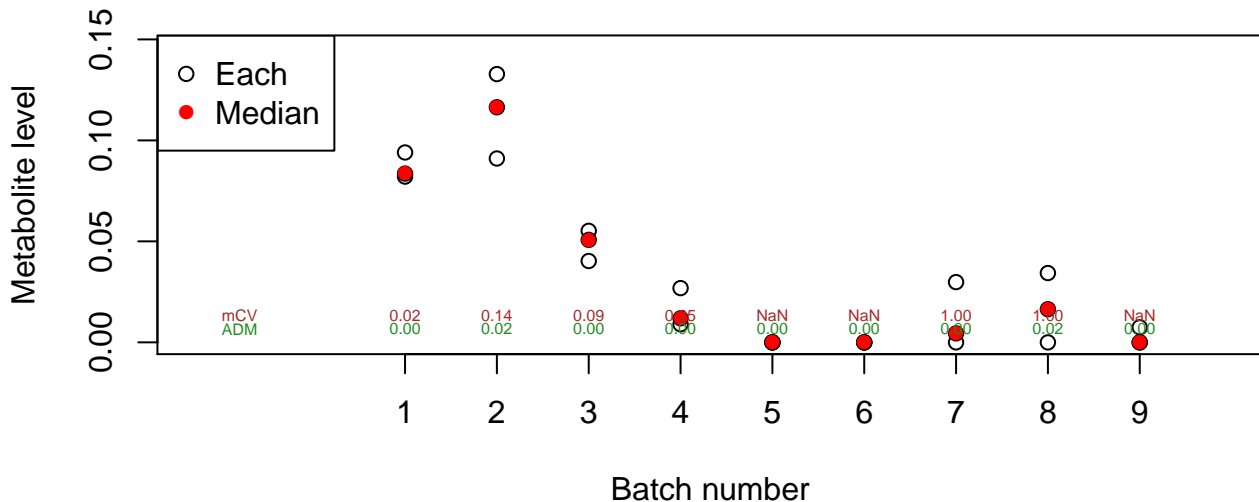

Non-batch adjusted level of Pyruvic acid

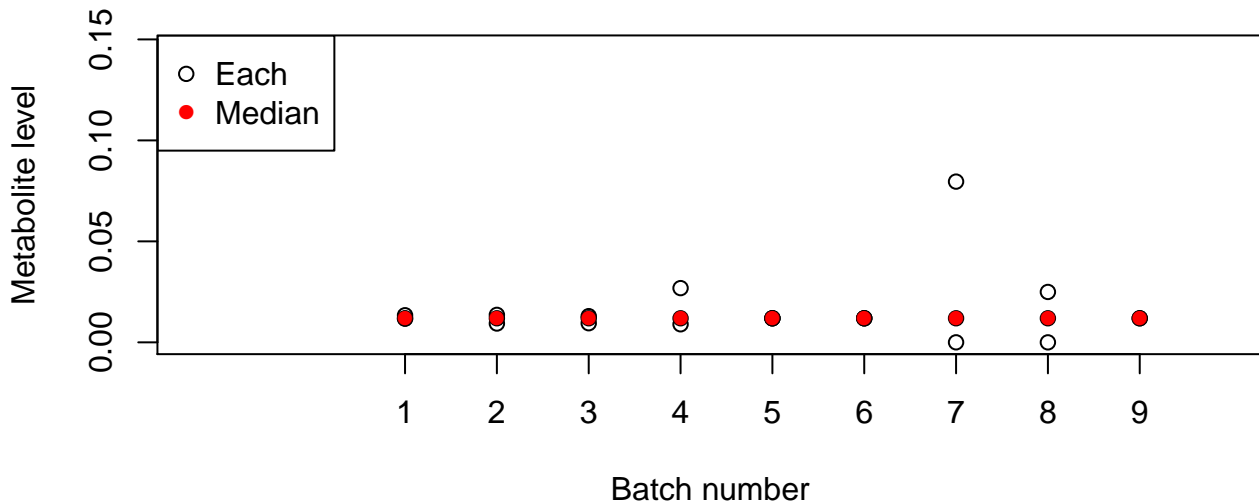

Batch adjusted level of Pyruvic acid

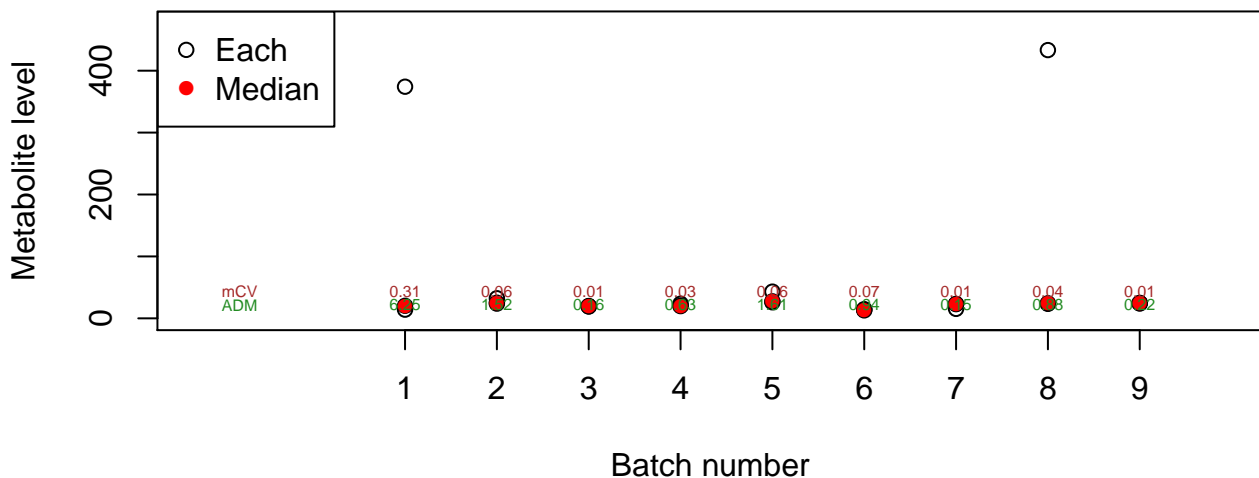

Non-batch adjusted level of Sebamic Acid

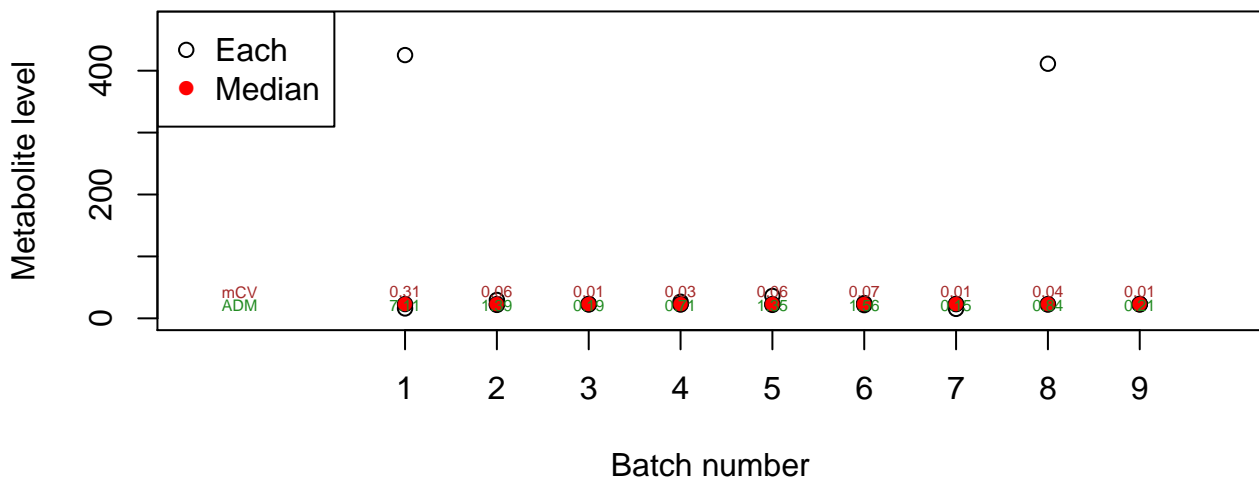

Batch adjusted level of Sebamic Acid

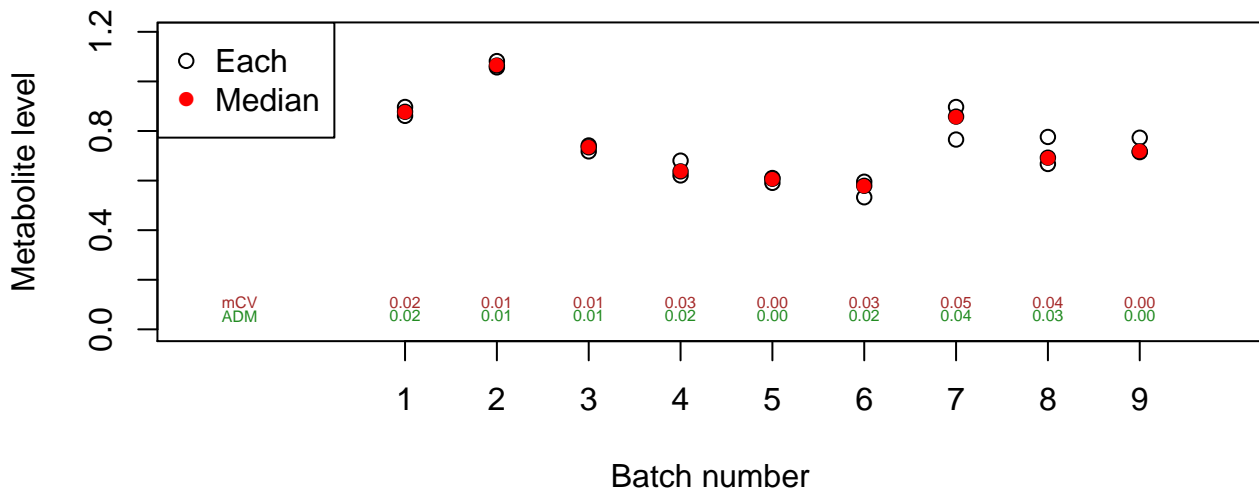

Non-batch adjusted level of Stearic Acid

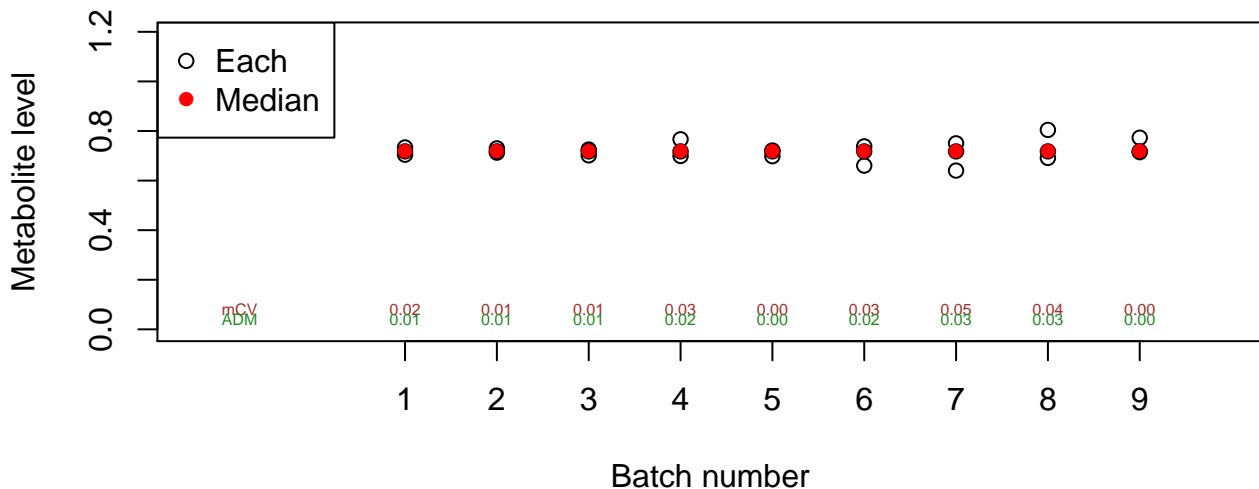

Batch adjusted level of Stearic Acid

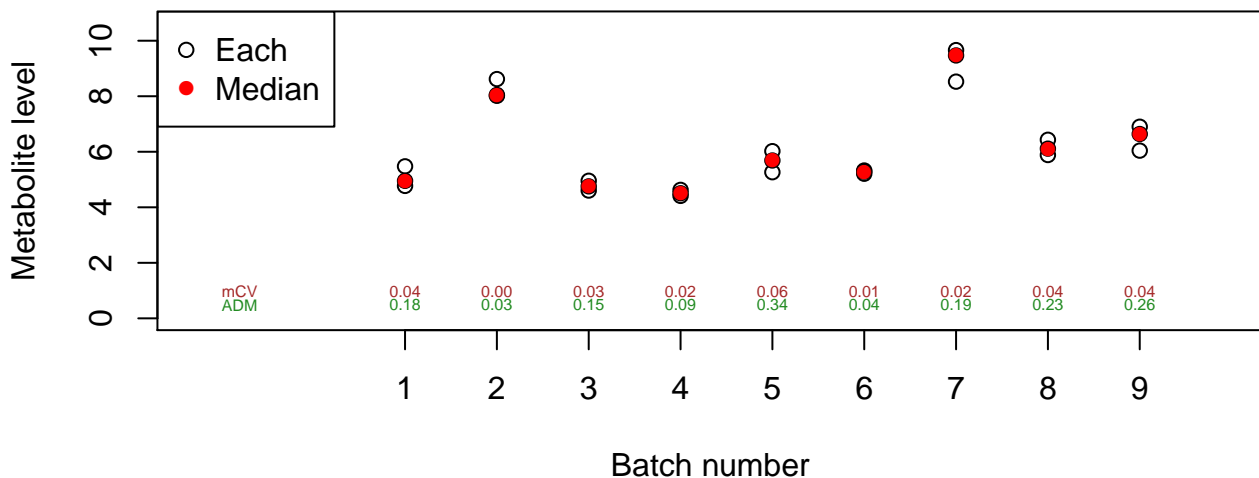

Non-batch adjusted level of Suberic Acid

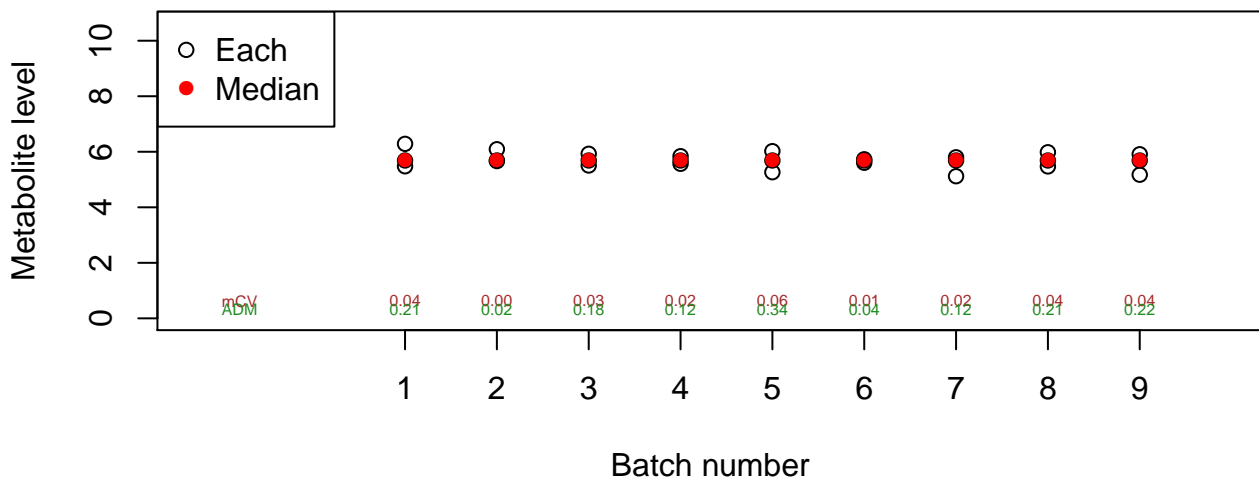

Batch adjusted level of Suberic Acid

Non-batch adjusted level of Succinic Acid

Batch adjusted level of Succinic Acid

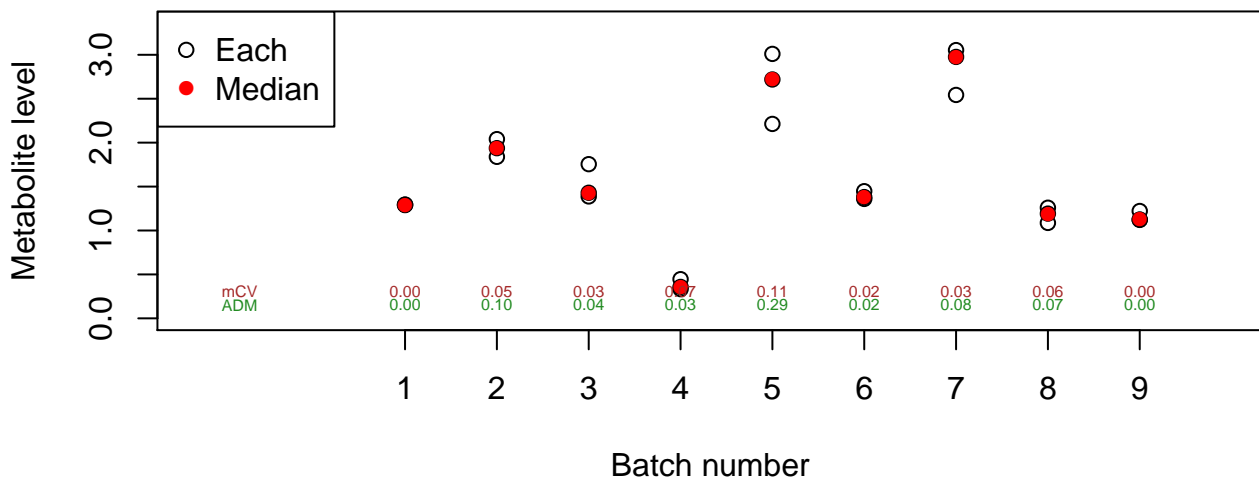

Non-batch adjusted level of SuccinylAcetone

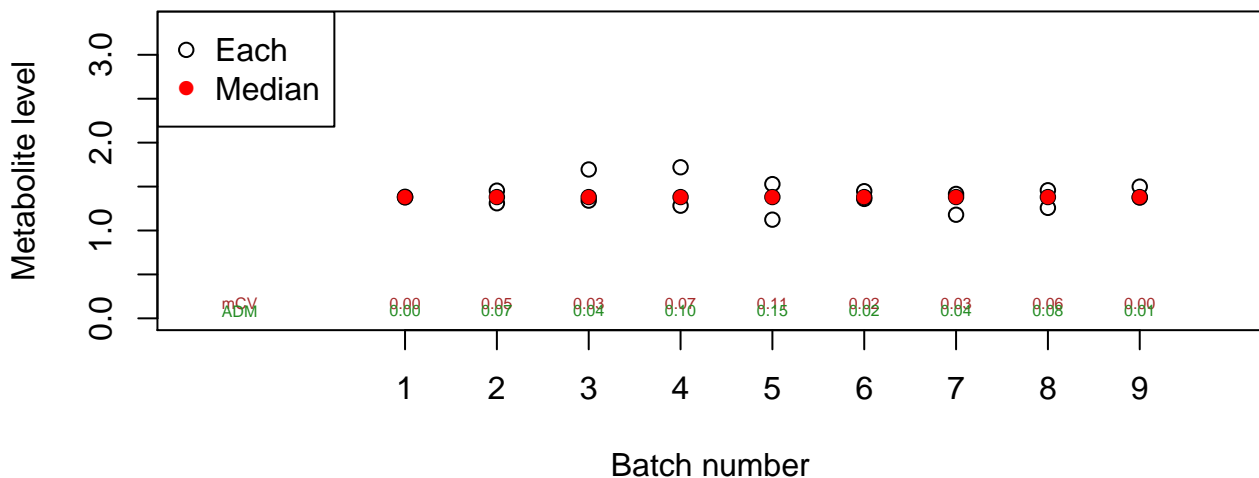

Batch adjusted level of SuccinylAcetone

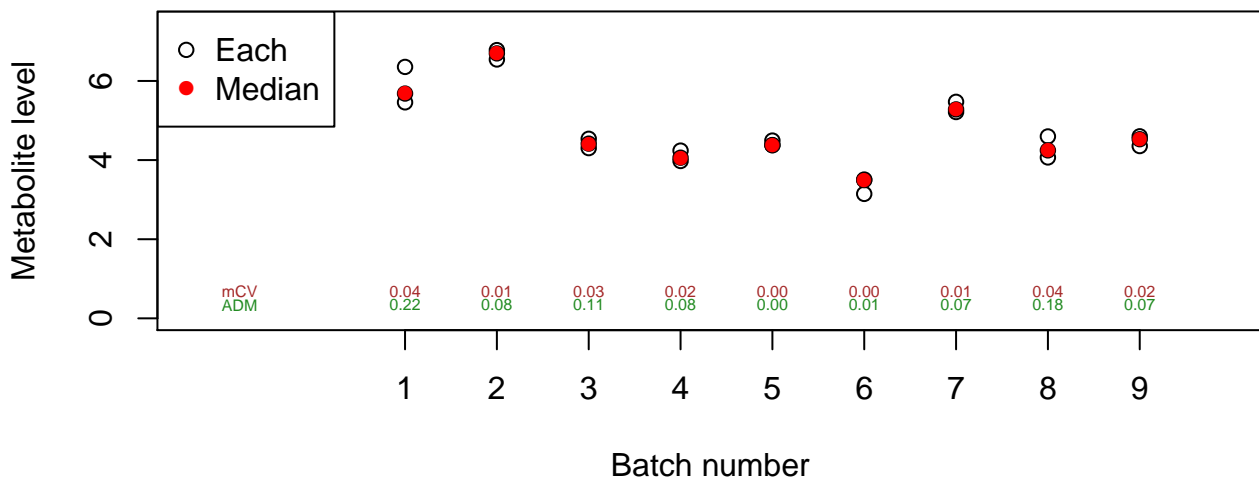

Non-batch adjusted level of Tiglyglycine

Batch adjusted level of Tiglyglycine

Non-batch adjusted level of Uracil

Batch adjusted level of Uracil
